

The Mightiest Little Peasant Chapter 1261

On the mountain, all the old monsters' eyes were red.

Their eyes were all on the Supreme treasures. As for the other treasures, they didn't even care about them.

"That halberd is mine. Whoever dares to snatch it from me, don't blame me for fighting with my life!"

The martial immortal shouted and was the first to move.

He stomped his feet and shot out, charging toward the torrent. His target was a battle halberd. It was completely black and resplendent with divine brilliance, emitting a shocking killing intent.

"That seal is mine!"

The flame immortal raised his hand and pointed to one of the Golden Seals.

His figure moved, and he also rushed up.

"That mirror is mine ..." He said.

"The sacred fire sect has taken a fancy to that gourd. Who would dare to snatch it?"

The others couldn't help but rush out.

There were only a dozen or so Supreme treasures, and there were too many old monsters here. It could be said that there were too many monks and too little gruel. Every Supreme treasure was targeted by many old monsters.

"Ji brat, you've already found one just now. As long as you take that Supreme battle armor, your strength will increase again and you'll completely crush that brat!"

Beimen Yi pointed at one of the armors.

Ji Wu was also excited. As long as he had this Supreme armor, he wouldn't be afraid of the void super power. With the Supreme treasure he had just found, it would be enough to defeat Qin.

“Wu ‘er, go! We’ll help you!”

Sect master Tongtian and the others shouted and rushed up.

Jiang tianwu, under the protection of the Jiang family’s master and the others, charged towards one of the battle Spears.

“I originally had an unparalleled armor. As long as I have a handy weapon, I can rival that guy!” His eyes were burning, and his heart was extremely excited.

“Damned insect, get lost!”

The descendants of the untainted land also joined in the fight.

The Golden-winged ROC, the six-eared macaque, the nine-headed Vulture ... All of the huge beasts soared into the sky and grabbed at the treasures.

Their targets were mostly halberds, spears, and other similar weapons.

Before they had even gotten their hands on the treasure, a fierce battle had already broken out. Rumbles, shouts, and shouts shook the sky. The situation was in complete chaos.

Tang Hao also moved. He stomped his feet and shot into the sky.

“The King of Qin has made his move!”

“That Qin brat is here!”

His movement immediately attracted the attention of countless people. The fierce battle that filled the sky stopped for a moment, and countless eyes turned to look at Tang Hao.

They were all a little nervous and apprehensive.

Qin Wang was too powerful and had a void divine power that could appear and disappear unpredictably. Once the treasure that they had their eyes on was targeted by him, they would be in trouble.

Even Ji Wu and true Lord Yu Ling were a little nervous.

But then, they were shocked. Qin Wang's target was different from everyone else's. It was not the dazzling Supreme treasure, but a bow!

When they looked again, they were even more dumbfounded!

It was actually a Broken Bow!

It was dim and had an obscure aura. Its appearance was very simple and crude, and one could tell at a glance that it was broken.

"What kind of treasure is this?"

Everyone was bewildered.

At that moment, countless spiritual senses extended out and swept toward the bow.

In their opinion, a person like the King of Qin would not be so foolish as to snatch a piece of junk at the first opportunity. This bow must have something extraordinary about it.

However, he didn't find anything after using his soul consciousness.

"There's no aura at all. This is a useless treasure!"

"It doesn't even have a soul, how can it be good! This Qin Wang is most likely wrong!"

The crowd discussed in low voices, their faces revealing a bit of ridicule.

“This King of Qin ... Doesn’t have good taste!”

“Hahaha! Isn’t he an idiot?”

Many people even laughed out loud.

“This kid ... Is too stupid! Instead of a Supreme treasure, you’re going for this trash treasure!” True Monarch Yu Ling laughed in his heart.

The crowd laughed and relaxed. They continued to fight for the Supreme treasures, and the battle became more and more intense.

“Aahh!”

From time to time, there would be screams. Many old monsters had their bodies shattered, and their Dao pillars swept up their divine souls and fled in panic.

No one came to snatch the bow from Tang Hao. He rushed over and took the bow.

“Eh? Why isn’t there any reaction?”

Tang Hao furrowed his brows. The bow did not react at all.

“That’s right! This is the bow!”

Tang Hao thought about it again. It was exactly the same as the one in his memory.

This was the bow in Supreme Chao Qing’s hand, and he had shattered the giant God’s finger with a single arrow. The might of that arrow could be said to be world-shaking.

“Right, arrows! Where’s the arrow?”

He clearly remembered that there were still ten bronze arrows.

He raised his eyes and looked around.

“No? How can there be no one?”

Tang Hao was confused. What should he do if he did not have any arrows?

The arrow and the bow were clearly a set. Without an arrow, it meant that it was incomplete. Even if it could be activated, it would not be able to exert its full power.

“F * ck! This is too much of a scam!”

Tang Hao could not help but curse.

“Hahaha! This Qin Wang, is he stupid?! You treated a piece of trash as a treasure, and now you’re dumbfounded!”

Hearing the scolding, many people laughed, gloating over his misfortune.

The sect Masters laughed even more heartily when they saw Tang Hao’s defeat.

“Please, give me some reaction!”

Tang Hao fiddled with the bow.

However, there was no reaction from the bow.

“Hahaha! Kid, don’t waste your energy. That’s just a piece of junk. Do you still think it’s some peerless treasure? You’re thinking too much!”

Seeing him like this, the old monsters laughed even louder.

“Stinky brat, hand over your life!”

Suddenly, an earth-shattering roar exploded.

True Lord Yu Ling snatched a golden ancient sword and quickly refined it. He then activated the sword and attacked Tang Hao.

His face was ferocious and his eyes were filled with killing intent.

“Qin, let’s fight again!”

Ji Wu had also successfully seized the armor. With a few clangs, the armor was put on his body, and a shocking aura burst out.

Then, a golden spear flew out of his palm.

The spear was surrounded by golden flames. Judging from its aura, it was also a Supreme treasure.

With the two Supreme treasures on him, his aura soared and his divine might overflowed into the sky. His three eyes shot out golden divine light, as if an ancient God of War had descended.

“Ji brat, go, kill him!”

The saint’s soul flew over and attached itself to his body, causing his aura to rise again.

“Hahaha! Kid, I’m here too! Have a taste of my divine halberd’s power!”

The martial immortal shouted as he put on his battle armor and charged forward with his new halberd.

“Hurry up! Take this opportunity to kill him!”

Seeing this, the sect Masters were all anxious. They activated their treasures and attacked.

More than 30 Supreme treasures were activated at the same time, and beams of light shot into the sky. The divine power almost collapsed the void.

“Heavens!”

Countless old monsters clicked their tongues, revealing an expression of extreme shock.

There were so many people at the cult Master level and so many Supreme treasures. This lineup was too frightening.

And their target was the same person, the King of Qin!

“We’re finished! This Qin Wang is finished!”

“The void here is broken. Even if he has the divine power of the void, he can’t travel freely. I’m afraid he can’t escape!”

Everyone shouted.

“Hahaha! This little devil is finally going to die!”

Many people laughed out loud, revealing looks of joy.

However, at this moment, The Bronze Bow in Tang Hao’s hand finally reacted. It trembled slightly.
