

The Mightiest Little Peasant Chapter 1267

“Isn’t this Valley Master Tang? What is he doing here?”

Everyone was stunned.

Tang Ritian had long been a Supreme expert who had not appeared for a long time. Why would he suddenly appear here?

Moreover, the DI family master had provoked the Kunlun Sect master just now. What should he say?

“Greetings, Valley Master Tang!”

They bowed in unison and greeted him respectfully.

“Valley Master Tang! You really love to joke! You see, I was almost scared to death!” The DI family master laughed drily.

As he spoke, he patted his chest, his face full of lingering fear.

He was almost scared to death just now. That was Tang Ritian, a peerless master who could crush him to death with one finger.

However, on second thought, he was relieved. How could Valley Master Tang be the Kunlun Sect master? she must be joking with him.

“Hahaha! Valley Master Tang is really humorous!”

“Valley Master Tang, I see that your spirit is even better than before. You must have made great progress in your cultivation!”

The primitive mountain Lord and the others also laughed in a flattering way.

They all gathered around and began to flatter and flatter him.

“A joke? I don’t like to joke!” Tang Hao said coldly.

In an instant, the group of people’s faces froze.

“Valley Master Tang, you are ...”

The Lord of the primitive mountain was puzzled.

“I’m the Grandmaster of the Kunlun Sect that you’ve been talking about!” Tang Hao enunciated every word.

When they heard this, the group of people’s eyes widened, and they gasped.

They were all in disbelief. Valley Master Tang was actually the mysterious Kunlun Sect master?

What a joke!

However, Valley Master Tang had personally admitted it, so it could not be false!

The DI family master’s body twitched and he almost spat out blood.

F * ck! So you’re the sect master of Kun Lun? Why didn’t you say so earlier! Aren’t you scamming me!

When he thought about how he had just scolded a thousand-year-old monster, his heart trembled and he broke out in a cold sweat.

“Valley ... Valley Master Tang, it’s a misunderstanding! It’s all a misunderstanding!”

He trembled as he spoke, his smile even uglier than his crying face.

The primitive Mountain Master and the others were extremely depressed. After all the trouble, the so-called hidden force was actually Valley Master Tang’s force. How could they take revenge?

The treasures that were snatched away would naturally be lost!

But very quickly, they put on a smiling face, and their smiles became even more flattering.

“Hahaha! It’s all a misunderstanding! Valley Master Tang, why didn’t you say so earlier! If I had said it earlier, there wouldn’t have been so many misunderstandings, don’t you think so?”

“Men! Quickly remove the formation and invite those ... Honored guests out. Remember, you must be polite!”

They shouted a few times, and someone immediately ran over to remove the array.

“Aiyo! Valley Master Tang, this Kun Lun of yours ... Is truly amazing! Everyone in the sect is talented, not only are they as fierce as Tigers, but they are also especially quick-witted!”

“Valley Master Tang, Kun Lun will be the number one faction in the ninth continent in the future.”

They surrounded Tang Hao and continued to flatter him.

“Alright, this matter ends here!”

Tang Hao said, waving his hand.

“Yes, yes, yes!”

Everyone nodded and heaved a sigh of relief in their hearts.

“Let’s go!”

Tang Hao left with the Taoist masters.

“This Kun Lun ... Is amazing!”

“Yup! Kun Lun is definitely extraordinary to be able to cultivate such a monster. Moreover, those disciples aren’t ordinary people either. I think it won’t be long before a great sect is born in the ninth continent. ”

The primitive Mountain Master and the others stood still and couldn’t help but exclaim.

The crowd was also in an uproar. Everyone was shocked and excited.

“Valley Master Tang is actually the master of Kun Lun! That’s great! I want to enter Kun Lun and become Valley Master Tang’s disciple!”

“Quick, let’s go to the sun Sky Valley and take a look. Maybe we can really enter Kunlun!”

The young people were especially excited.

Tang Ritian was their idol, and they had dreamed of becoming his disciples.

Therefore, they rushed to the sun Sky Valley.

When the news spread, it shocked countless people.

“This Kun Lun is too powerful!”

It turned out that when Kun Lun was mentioned, everyone had to grit their teeth and curse. In their eyes, Kun Lun was a bunch of gangsters and pests.

But in the blink of an eye, their expressions changed and they began to praise and praise.

“Hahaha! MA Ritian’s chance is here! As long as I can enter Kun Lun, I can become an expert and reach the peak of my life. ”

“I, Lin Ritian, will definitely join Kun Lun and follow sect Master Tang.”

In various parts of the ninth continent, countless Suns and heavens were excited. They packed up their blankets and bags and set out for the sun Sky Valley.

Tang Hao had returned to the sun Sky Valley with the Taoist masters.

As soon as they arrived, the two old monsters, Ziyue and withered bamboo, followed.

“Qin Wang!”

The two of them bowed and said respectfully.

“The two of us were just about to make our move, but we didn’t expect you to appear.” Daoist Ziyue laughed bitterly.

“Thank you for your hard work!”

Tang Hao cupped his hands and smiled.

“Al! You’re too polite, Qin Wang!”

The two of them quickly returned the greeting. When they looked at Tang Hao again, their hearts trembled, and their eyes were filled with shock.

The aura on the Qin Emperor’s body was becoming more and more profound. He was clearly already at the consummate level.

And a few months ago, he had clearly just advanced to the late-stage.

This speed was too shocking! I’m afraid it won’t be long before I have to cut my Dao!

“The King of Qin’s cultivation base has made great progress again. This is worthy of congratulations!”

The two of them smiled and congratulated him.

Tang Hao went to see horizon after he entered Kunlun's field. He sorted out his gains and handed them to him.

He had gained a lot from this trip to the first continent. The Thunder clan's ruins, the immeasurable abyss, and Kunwu's treasures. In addition to the items from the Yushi clan's Treasury, there were countless treasures.

In addition, he had killed so many sect Masters and old monsters. The items they had added up were quite shocking.

Daoist priest Horizon's eyes were wide open as he watched Tang Hao bring out piles of treasures that were as big as small mountains.

"You little brat, where did you go to cheat people again! With so many treasures, I'm sure you've cheated many people!"

"Waa! What level of treasures were these? Why is it the same as your Broken Halberd? could it be a Supreme treasure as well?"

"Heavens! How could there be so many? you, you, you ... Did you Rob all those great sects and clans?"

He kept exclaiming in shock and was so excited that his entire body was trembling.

"Rare and strange!"

Tang Hao rolled his eyes at him.

In his eyes, a mere Supreme treasure was nothing. The Tribulation tool was the true treasure.

After learning more about his disciples' cultivation, Tang Hao left and returned to the main hall where he lived.

He planned to stay here for a while and return to Earth to take a look. Then, he would come back to cultivate and comprehend the time reincarnation Dao in order to condense a Dao fruit as soon as possible and break through to the Dao severance realm.

He had killed so many sect Masters in Kunwu this time, and those guardians were probably going to come out. Although he had half a tribulation artifact, he still wouldn't be a match for so many Dao-severing cultivators.

Moreover, Ji Wu was still alive, which was also a big variable.

Only by breaking through to the Dao severance realm as soon as possible would he be free of worries.
