

The Mightiest Little Peasant Chapter 1269

One pill, one reincarnation.

Nine pills meant nine reincarnations.

In every life, he experienced a different life. In his first life, he was a blacksmith, in his second Life, he was a scholar, and in his third life, he was an ordinary office worker ...

In his seventh life, he was an assassin.

In his eighth life, he was a noble.

In his ninth life, he returned to being an ordinary person who had been farming for his entire life ...

The more he comprehended, the more the leaves on the Dao platform grew in his body. They grew more and more luxuriant, and the Dao fruit also grew and became bigger.

It was originally the size of a soybean, but now it was the size of a longan.

This Dao fruit was green in color and round in shape. It was emitting a faint clear light and was covered in mysterious and complicated Dao patterns.

Its surface was covered with a strong reincarnation aura.

As the Dao fruit bore fruit, a faint ring of light appeared behind Tang Hao's back. It was mystical and exuded the Qi of reincarnation.

This was the Dao ring!

The symbol of the realm of Dao severance!

It was only in its embryonic form, and the brilliance was very faint. As the Dao fruit grew, this Dao ring would also grow and become more obvious.

After the ninth reincarnation, Tang Hao did not open his eyes. Instead, he sat there and meditated for a long time.

When he opened his eyes, his temperament had changed a little. He had become somewhat weathered and old. He did not look like a young man at all, but more like an old man with one foot in the grave.

Experiencing nine reincarnations was equivalent to living nine lifetimes. It was too long, and Tang Hao's state of mind was naturally affected.

After a long time, he shook his head and tried his best to get out of this state.

After checking the Dao platform, he revealed a look of joy.

"Bearing a Dao fruit is the first step, which is also the most important step. It's equivalent to half a step to cutting off Dao!"

"Next, I just have to continue to comprehend and completely understand the time reincarnation Dao. When the Dao fruit ripens, I can cut it down and try to break through to the true Dao severing realm."

He smiled in joy.

At this moment, on the mountain to the side, the old locust tree shook its branches and leaves and said, "Congratulations!"

"Senior!" Tang Hao was surprised. He quickly stood up and greeted him.

"This is the reincarnation doctrine! It's quite rare ... This is a very difficult great Dao to comprehend. Very few can comprehend it, and even fewer dare to sever their Dao with it."

The old locust tree continued.

There was a hint of heartfelt admiration in his tone.

“Senior is too kind!” Tang Hao said humbly.

The old locust tree chuckled and then fell silent.

Over the next few days, Tang Hao continued to study it. The Dao fruit grew bit by bit, and there were more and more Dao patterns on it. It was getting closer to maturity.

Somewhere in the ninth continent, the void suddenly rippled and a crack appeared.

The opening was straight, as if someone had cut it with a knife, splitting the void apart.

The next moment, a figure stepped out.

It was a tall and thin old man in a gray robe. He had a pair of mystical yin-yang eyes and a Dao ring on his back.

As soon as he stepped out, he looked around. His yin-yang eyes shone with an inch-long divine light, which was extremely terrifying.

“We’ve arrived at the ninth continent!”

He turned around and said to the other side of the ripple.

As soon as he finished speaking, a flame suddenly gushed out of the ripples.

The flames changed and shrank, condensing into a figure. It was a cold and stern-looking old man wearing a red treasure robe, on which flames of anger surged.

His eyes were also red in color, and the flames of anger in them churned, turning into red Dragons.

Behind it, there was also a Dao ring.

“It’s been a long time since I’ve been to the ninth continent. I’m afraid it’s been more than a thousand years!” He looked around and muttered.

After him, two more people stepped out.

All of them had deep auras and Dao rings behind them.

They were four Dao-severing perfected Lords!

They stood tall in the void with divine light in their eyes. The Dao rings on their backs were resplendent, making them look like gods.

The four Dao-cutting auras spread out, causing the void to freeze.

“Then what is the sun Sky Valley ... In which direction?”

The four of them looked around, and the red-robed old man asked.

“It’s in the southern region. We’re in the Eastern Region now, so it should be in that direction.” The grey-robed old man raised his hand and pointed in a direction.

“Sun Sky Valley? Buzzzzzz! This name is really special!”

A white-robed old man sneered.

He narrowed his eyes and a murderous intent appeared in them. He said coldly, “That brat dared to kill the people of our heavenly note sect. He’s simply courting death!”

“He killed the sect leader of the sacred fire sect. I will make him pay with his blood!”

The red-robed old man’s face was also filled with killing intent as he said ferociously.

“He should be killed,” the grey-robed elder said. “Not only is he audacious, but he also offended our sect. His talent is monstrous and he has been crowned King since ancient times. He has refined his life Dao pillar and reached the perfected Dao seeking stage in his twenties. He has killed more than a dozen sect Masters ...”

“This kid’s scariness has completely exceeded my imagination! To be honest, when I first heard about it, I really thought it was a joke.”

“This kid must die. Otherwise, we won’t be able to do anything to him when he severs his Dao!”

As he said that, he revealed a look of intense fear.

The other three’s expressions also changed slightly.

They were the same. At first, they didn’t believe that there would be such a monstrous kid.

But then, a hint of greed appeared in their eyes.

That kid had many treasures on him, and he even had a tribulation weapon, which made them, Dao-severing perfected Lords, drool.

“Hurry up! Let’s go quickly, the other groups are also here. If we’re one step late, it won’t be good if they get there first.”

“Yes, yes, yes! Hurry up!”

Their figures moved and they hurried towards the southern region.

“I didn’t expect this kid to be from the ninth continent. A broken place like the ninth continent can actually produce such a figure!”

“I have sensed it. The mirror of the Yin Yang sect is right in front of us. That kid must be in the sun Sky Valley.”

As they hurried on, they talked.

With the speed of the [Dao crusher], it only took them a short while to reach the southern region, close to the sun Sky Valley.

“It’s just in front, what should we do? Should we kill him directly, or ...?”

The elder of the heavenly note sect asked.

“I’m afraid it’s not appropriate to rush over directly. I heard that the kid is as cunning as a Fox and very vigilant. If we rush over like this, it’ll be easy to beat the grass and alert the snake. If he escapes, it’ll be very difficult to catch him.”

“There should be many formations in the sky Valley that day, and it will take some effort. Besides, that kid has a tribulation weapon in his hand, and his combat power is comparable to us Dao-severing perfected Lords.”

The other old men shook their heads.

“Why don’t you let me go!” Suddenly, the red-robed elder said, “you all know that I have a technique of concealment. No array can stop me, and that kid can’t possibly discover me!”

“I can sneak in without anyone noticing, find that brat, and kill him. What do you guys think?”

The other three people looked at each other and nodded.

“Old man Chi Lian, I know about your heaven-deceiving technique. It’s indeed amazing. You can go in and take a look, and wait for an opportunity to act.” The grey-robed elder said.

“Hahaha! Don’t worry! I’ll definitely kill that brat and bring back the treasure. Even if that brat has a tribulation tool, so what? he can’t escape from my palm.”

True Lord Chi Lian laughed out loud and said heroically.

He patted his chest, full of confidence.

“Everyone, I’m leaving! Just wait for my good news!”

He waved his hand and set off valiantly.
