

## The Mightiest Little Peasant Chapter 1270

In the mountain, a wisp of smoke floated towards the sun Sky Valley.

The smoke was very light, and it was difficult to detect in the mist of the mountains.

“Hahaha! My heaven deceiving technique is a rare and wondrous technique that can deceive the heavens and the sea. No formation can stop me, and I can shuttle through them as I please.”

“You brat, just wait for your death! All the treasures on you are mine!”

The smoke was the true Lord Chi Lian of the sacred fire sect.

He walked forward in a graceful manner. When he saw the valley in front of him, he couldn't help but feel excited.

A tribulation tool and countless treasures. He was going to be rich!

As for whether he could succeed, he was not worried at all.

In fact, he didn't put that kid in his eyes at all. So what if he had a tribulation weapon? as long as he didn't confront him directly, that tribulation weapon was just a decoration.

And that brat's cultivation base was only at the great circle of Dao seeking.

He was a Dao severing expert, how could he not deal with a Dao seeking peak stage?

How could this be possible?!

Moreover, he was best at sneak attacks. Which Dao pursuing expert in the world could block the sneak attack of a Dao severing Almighty?

No! Absolutely not!

“Oh! This seems a little embarrassing. In the past, even if I sneak attacked, I would only attack those of the same generation. But this time, it’s a young boy, and he’s only a Dao pursuing expert ...”

Daoist Chi Lian began to feel a little embarrassed when he arrived at the valley.

To think that he, a Dao severing expert, had actually come to ambush a Dao seeking kid. This was indeed not a glorious thing.

If this were to spread out, he would be ridiculed.

“Forget it, who cares? you can’t eat your face. Let’s kill that kid first!”

He muttered to himself and continued to float forward, entering the area covered by the formation.

However, the layers of magical formations did not react at all and allowed the smoke to drift in.

After a while, he passed through more than ten layers of arrays and finally entered the sun Sky Valley.

“Hmph! In the face of my heaven deceiving technique, there is no formation in the world that can block me, and no one can discover me!”

Daoist Chi Lian was getting more and more smug.

“Is this the sun Sky Valley? MMH! The scenery is not bad. I have to say, this kid has good taste, just like me!”

Daoist Chi Lian thought to himself as he surveyed the valley.

But then, he was stunned. His eyes fell on an old locust tree on the mountain.

“F \* ck! What an ugly tree!”

“This is a locust tree? F \* ck! How can you plant such a broken tree here? it’s too damaging to the scenery. ”

The more he looked at the old locust tree, the more he despised it.

“Forget it, it’s none of my business. Quickly find that brat and kill him!” He mumbled to himself again as he looked around for the boy.

He was in a special state and couldn’t release his soul sense. He could only see with his eyes, so he couldn’t find the target for a while.

“None of them ... They must be in one of those rooms. Let me look for them one by one!”

The smoke changed and became lighter, almost transparent. Then, he moved forward.

After advancing for a distance, he suddenly stopped. He felt a gaze on him from all around.

“Hahaha! How could this be? it must be an illusion!”

He thought to himself.

He turned around to look. As expected, there was nothing. That feeling had also disappeared.

“I knew it! How could anyone discover me!”

He was relieved and continued forward.

However, it didn’t take long for that feeling to return.

“F \* ck! Why are you here again?”

He was puzzled.

It could be said that it was an illusion just now, but it happened twice in a row, so it was unlikely to be an illusion.

However, when he turned around and took a closer look, there was nothing. The entire Valley was empty, not even a shadow could be seen.

And that feeling disappeared again.

“It’s a little strange!”

He muttered to himself and became a little vigilant.

He stood frozen on the spot and watched for a long time. When he saw that there was still no movement, he heaved a sigh of relief.

“It seems that I was too nervous, that’s why I kept hallucinating. Continue!”

He continued to move forward.

However, not long after, that feeling came back again. His whole body quivered, and he almost couldn’t hold it in and revealed his true form.

“Motherf \* cker, again! This time, I’m sure it’s from here. I’d like to see what the hell it is!”

He turned around and swept his gaze in that direction.

After looking around, he was stunned.

There was nothing!

No, it wasn’t like there was nothing. At least there were some flowers and grass. Oh, and there was also that ugly and old locust tree.

Wait a minute, it can’t be that broken tree, right?

He stared at the tree suspiciously.

“Hahaha! How is this possible? isn’t this just an ordinary broken tree?”

After staring at it for a while, he laughed to himself.

No matter how he looked at it, it was just an ordinary broken tree without any aura at all.

But at this moment, the old locust tree moved and shouted, “Little guy, I’ve been watching you for a long time!”

Daoist Chi Lian was dumbfounded.

He had just vowed that this was a broken tree, and in the end, this tree opened its mouth to speak, ruthlessly smacking his face.

It was really like seeing a ghost!

This was actually a demonic tree?

Also, how did this stupid demonic tree discover him?

He was extremely bewildered.

Then, he became angry again. This stupid demonic tree actually called him a little fellow? He was a Dao-severing Almighty being, but he was being looked down upon by a broken tree!

Since he had been discovered, he decided to go all out. He revealed his true form and shouted angrily, “You stupid tree, are you blind? I’ve already lived for thousands of years, and you call me a little guy?”

“A thousand years? Buzzzzzz! This is nothing, I’ve lived for tens of thousands of years! In my eyes, you’re indeed a little fellow!”

The old locust tree said.

“Hahaha! Tens of thousands of years? Aren’t you embarrassed? Even the oldest demon is less than ten thousand years old. You? He’s really blowing his own trumpet!” Daoist Chi Lian said in disdain.

Then, with a ruthless expression, he said, “I’m here to kill that brat. Now, I’ll burn your stupid tree first, and then I’ll go kill that brat.”

As he said that, there was a bang on his palm and a flame of anger rose.

“Is that so?”

The old locust tree was very calm.

However, in Daoist Chi Lian’s eyes, his calm tone was clearly a blatant mockery.

Motherf \* cker! I, your father, have severed my Dao, but I was ridiculed by a broken tree. I can’t bear it!

He gritted his teeth and was about to blast out the flame in his hand to burn the broken tree.

However, at this moment, the old locust tree moved. Its branches and leaves shook violently, and a brilliant light shone. A deep and terrifying aura suddenly burst out, like a raging wave, and rushed toward Daoist Chi Lian.

The old Daoist was dumbfounded. His eyes widened so much that his eyeballs were about to pop out.

His face was contorted in extreme shock.

“Heavens! This aura ... How is this possible?”

“This is too terrifying!”

Then, he started to shiver and his face turned pale.

At this moment, he almost fainted from fear.

This wasn't a broken tree. It was clearly a terrifying demonic tree. The aura it emitted made his mind tremble.

"How did this happen?"

He couldn't believe his eyes. There was a terrifying Dao severing level demonic tree hidden in this small valley?

This ... What kind of joke was this!
