

The Mightiest Little Peasant Chapter 1277

“Ah, Yingluo!”

Ji Wu roared at the sky and almost went crazy.

His physical body had been destroyed, and even his treasures had been taken away!

It's this Qin guy again! It was this guy every time!

“I'm going to kill you!”

He roared and his face twisted, revealing an extremely ferocious expression.

He wielded his five-colored battle spear and madly attacked.

Tang Hao's figure flickered and disappeared. The next moment, he reappeared a thousand meters away. He pulled the bowstring and fired an arrow.

Bang!

The arrow and spear collided, creating a deafening sound.

With the point of collision as the center, circles of ripples spread out madly.

Hualala!

The mountain wall also began to shake, and crushed stones fell down.

“Go to hell!”

Ji Wu roared, grabbed the spear, and threw it at him.

Whoosh!

The spear turned into a stream of light, so fast that even Tang Hao couldn't react in time.

He didn't have the time to travel through the void and could only hastily block it.

Bang!

He was forced back, and the qi and blood in his body surged.

The Supreme armor was activated, and a Dragon's Roar rang out. Flood Dragons flew out and circled around.

"That was close!"

Tang Hao was shocked. The five-colored battle spear was unusually sharp. Moreover, Ji Wu had become more powerful after he obtained the origin core. If he hadn't upgraded the battle armor, he would have been severely injured.

"This is ... The unparalleled armor?"

Ji Wu was shocked and blurted out, "where did you get the Supreme armor?"

He felt that it was somewhat inconceivable. Back in Kunwu, this guy clearly didn't have any unparalleled battle armors, and only two of them appeared at that time. This guy didn't even get them.

Jiang tianwu still had one more, but he did not lose it when he escaped last time.

Then where did this guy get this armor from?

Moreover, the aura of this battle armor was quite shocking, far beyond the other three he had seen.

"I refined it myself!"

Tang Hao grinned.

“Hmph! Just you?”

Ji Wu sneered and said disdainfully.

The next moment, he called back his spear and attacked again.

Tang Hao pulled the bowstring and fired another arrow.

Peng Peng Peng!

The arrows and Spears kept colliding, and the Air Force swept out madly, shaking the void and shattering the mountains.

The two of them were evenly matched.

“I’m not in my best condition right now. Otherwise, I would have killed you long ago!” Ji Wu said unwillingly.

This fellow had appeared too quickly, and his strength had also exceeded his expectations. Thus, he had not had enough time to refine his origin core. At this moment, he had not yet reached his peak condition.

“So what if I’m in my best condition? I’ll Still Kill him with one arrow!”

Tang Hao said coldly.

Ji Wu was furious, and he attacked more and more crazily.

After a moment of intense battle, his body suddenly swayed and his Qi movement slowed down for a moment.

Tang Hao sharply noticed this flaw. He quickly drew his bow and fired an arrow.

“Not good! This embryo’s consciousness hasn’t been completely refined yet, it’s resisting me!” Ji Wu exclaimed.

Then, he was sent flying by the arrow and spat out a mouthful of golden blood.

This was a heaven and earth spiritual embryo born from an ancient divine stone after absorbing the essence of the sun and moon. Naturally, it was not an ordinary body of flesh and blood. Even its blood was golden and contained an astonishing amount of spiritual energy.

“Ji brat! Hurry up and run!”

Not far away, North Gate one shouted.

Ji Wu steadied his body and rushed toward him, trying to take him in and then retreat.

“You want to leave? It won’t be that easy!”

A cold shout suddenly exploded.

Next to bei menyi, the void suddenly rippled. With a few whooshes, a few treasures flew out. They hummed and trembled, and a strange force was swept away.

These were All Soul suppressing treasures!

Beimen Yi’s body stiffened, and he could not move.

He could only open his eyes wide and watch as the void rippled and an arrow light shot out toward him.

He was filled with fear and disbelief.

He was once a mighty half-immortal who could command the wind and the clouds, but now he couldn't do anything to a young boy. He had been defeated by this boy again and again.

Now, he was even more about to lose his life.

Thinking back to the past, he had once looked down on this kid and thought that he could easily crush him to death. But now, he realized that he was too wrong.

“Don't be scared!”

Ji Wu screamed and his eyes turned blood red.

However, he couldn't stop it. He could only watch as the arrow killed Dao hun.

“Old man, you're finally dead!”

Tang Hao snorted coldly as he emerged from the ripples.

Without this old man, Ji Wu wouldn't have been able to escape and become stronger time and time again. It would be much easier to deal with Ji Wu after killing this old man.

“Surnamed Qin, I'll remember this! The next time we meet, it's either you die or I die. We'll end this!”

Ji Wu said with hatred.

“Good! I'll be waiting!” Tang Hao said coldly.

Ji Wu glared at him, turned around, and disappeared.

“This guy ... Is too difficult to handle! He's blessed by the heavens, and even without the saint's soul, he'll still have fortuitous encounters and will be difficult to kill. ”

Tang Hao mumbled to himself. His brows furrowed.

So far, the most troublesome opponent he had ever encountered was Ji Wu.

He stood in place and pondered for a long time before he came back to his senses. He searched the place and left after he found nothing.

After traveling through the void a few times and leaving far away, he took out the ring and checked it.

As expected of Ji Wu, there were mountains of treasures inside. After rummaging around, one thing caught his attention. It was an ancient bronze tablet with the word "death" engraved on one side and "life and death" on the other.

The auras they gave off were completely opposite.

On one side, it was lifeless, but on the other, it was full of vitality.

"This is ... The Dao of life and death!" He exclaimed.

Tang Hao carefully sensed his surroundings and was overjoyed.

The life and death Dao was similar to the life and death Dao. However, it was a higher level Dao. It was on the same level as the time reincarnation Dao.

"That's great! After I sever the reincarnation Dao, I will cultivate the Dao of life and death! It's to replace the path of life and death!"

"A type of Dao fire, a strange technique to refine true fire, and so many treasures. I even killed that old man from North Gate. This is a good deal!"

He thought about it. Although he didn't kill Ji Wu this time, he had made a big profit.

"Go! Let's go back!"

Tang Hao once again teleported back to the ninth continent.

After returning to the valley, not long after he sat down, he saw a few figures hurriedly walk out of the stone gate on the side, their expressions unfriendly.

The leader was Daoist Purple Moon.

Taoist master Qian Ji and the others followed behind him.

“What’s wrong?”

Tang Hao asked, slightly surprised.

The group of people was startled. They only noticed Tang Hao now.

“Qin Wang, you’re back!” Daoist Ziyue immediately bowed and said respectfully.

His attitude became more and more humble, but he knew that this King of Qin had already comprehended the Dao not long ago, bore the Dao fruit, and reached the half-step to the realm of Dao severance.

Very soon, Qi Yuan planet would give birth to a Dao-severing expert who was not even thirty years old.

If he had been a little reluctant to submit before, he was now very willing. He was even more convinced of the King of Qin and even worshipped him.

“It’s nothing much, I just ran into a little trouble!” Taoist master Qian Ji said.

“Oh? Tell me about it, I’m very free right now anyway!”

Tang Hao stood up and smiled.
