

The Mightiest Little Peasant Chapter 1286

“Brat, you’re quite bold! Not only did he dare to start a sect, he even dared to send an invitation to provoke us! Do you really think that you can stop so many of us with your strength?”

In the camp of the sacred fire sect, true Lord Chi Lian shouted.

His face was cold, and his body was filled with killing intent.

Tang Hao glanced at him and said mockingly, “I wonder who was the one who was so scared that he fled!”

“You ...”

True Lord Chi Lian’s face turned red and he glared at Fang Yuan.

“Brat, what nonsense are you talking about? who’s running away? Today, you and that old demonic tree will both die, especially that old demonic tree. See if I don’t burn it down!”

He gritted his teeth and his eyes were filled with hatred.

The last time, he was so scared that he ran away. It was really humiliating!

The other true Lords’ expressions weren’t too good either. Last time, they had also run away.

“Old man Chi Lian, why are you talking nonsense with this brat? why don’t you just attack and raze this Mountain Gate to the ground!”

“Stinky brat, that old demonic tree won’t be able to save you today!”

They all shouted.

“This kid really overestimates himself. Does he really think that he and that old demonic tree can stop us?”

They even sneered.

Last time, they had miscalculated. They had not expected that in this small Broken Valley, there was actually a great God hidden, and that kid had also miraculously advanced to half-step Dao severance.

However, it was different this time. With so many Dao severing cultivators joining forces, and all the elites of the various great sects and titled aristocratic families, it would be a piece of cake to crush this kid and that old demonic tree.

As for that Kun Lun, they didn't care about it at all. How powerful could a mere new force be? with a wave of their hands, Kun Lun would be reduced to ashes.

"Is that so?"

Tang Hao placed his hands behind his back and chuckled.

"Hmph! Brat, no matter what tricks you have up your sleeve, you can't stop us today! Do it!"

True Lord Chi Lian shouted and took the lead.

He flicked his hand, and a red copper furnace flew out. The furnace was carved with Nine Dragons, and inside it, Dao fire surged and glowed with five colors. It was several kinds of Dao fire entangled together.

This was not the Supreme treasure of the sacred fire sect. That treasure had been snatched away and was currently with Tang Hao.

Tang Hao didn't touch the Supreme treasures, and they didn't recall them either. Both sides had their concerns.

The copper furnace trembled and suddenly expanded, emitting a monstrous red light.

Then, he turned the furnace again and pointed it forward.

“Go!”

In the camp of the Yin Yang sect, the two elements perfected Lord also shouted. With a flick of his sleeve, a round plate flew out with the figures of the yin and yang.

The round plate spun and split open, turning into two rays of light, one black and one white.

Then, the rest of the perfected cultivators took action one after another. Treasures of all shapes and sizes soared into the sky. Half of them were Supreme true treasures, while the other half were senior true treasures.

However, even though it was only a senior true treasure, its aura was still quite extraordinary. It was the best among senior true treasures, and in terms of power, it was only a little weaker than a Supreme true treasure.

“Hurry up! Let’s attack together and kill this demon! Take revenge for the previous Cult Master!”

All the camps burst out with shouts.

“Kill!”

What followed was an earth-shattering battle cry.

In the sacred fire sect, flames gushed out from the Feng clan’s camp.

In the Yin Yang sect, countless Yin Yang Thunderbolts flew out ...

Countless spiritual lights shot up into the sky and poured down like raindrops, covering the sky and the sun. The momentum was extremely shocking.

“Hiss!”

In the square, everyone sucked in a breath of cold air. They were all shocked by this scene.

There were more than 20 Dao severing experts and countless Dao seeking perfection experts, not to mention late-stage and mid-stage Dao seeking old monsters. There were probably tens of thousands of them.

What a terrifying power this was!

Although Qin Wang was powerful, how could he block it?

On the entire Qi Yuan planet, there was not a single person or force that could withstand such a terrifying wave of attack.

“What is the King of Qin doing? Why isn’t he retreating?”

“He’s crazy!”

Seeing the figure standing still in the air, many people cried out in surprise and revealed worried expressions.

In their opinion, taking this wave of attacks head-on was simply an act of courting death.

“Run! Hurry up! This sect-opening ceremony definitely couldn’t be held, it was going to be smashed! Even the King of Qin might not be able to survive!”

Many people got up and fled in all directions.

Tang Hao raised his hand in the air.

Boom! Boom! Boom!

The surrounding mountains trembled and light shot into the sky, forming a majestic pillar of light that shot into the heavens.

On the mountain wall, golden patterns flashed, forming profound seal formations.

Then, one figure after another appeared on the peak of the mountain, each of them with an imposing aura.

On the first mountain peak was a locust tree. Its leaves rustled as they swayed, emitting a terrifying aura.

On the second mountain peak was a beautiful woman. She wore battle armor and held a golden spear in her hand.

On the third mountain peak, there was an old Daoist carrying a hoe on his left and an ancient mirror on his right.

.....

As soon as they appeared, endless frost, flames, and lightning gushed out of the mountain peaks under their feet to meet the wave of spiritual light.

“This is ...?”

Everyone was stunned, and then greatly shocked.

These mountains were actually engraved with array patterns and turned into treasures, forming a huge array. The aura of the figures on it made them even more shocked.

In particular, the aura of the old locust tree was even more terrifying than those Dao-severing perfected Lords!

This was completely unbelievable to them.

Where did this Qin Wang find such a terrifying expert?

When he looked at the others, they were even more dumbfounded. They were all at the great circle of Dao seeking and were holding Supreme treasures in their hands.

“Ten ultimate arrays! This is the ten ultimate arrays!”

Soon, someone recognized the formation and exclaimed in shock.

“Ten ultimate arrays? How could this be possible? That’s a strange formation from ancient times. As far as I know, there’s only one set on planet Qi Yuan! It’s in the hands of the sixth continent’s monster race!”

“Although that set is also an imitation, the formation is extremely complicated, and no one has been able to understand it until now. Could it be that the King of Qin comprehended it and created this ten terminal formation?”

The crowd was in an uproar.

“Ten ultimate arrays?”

The group of Dao-slaying perfected Lords ‘expressions changed slightly.

The ten terminal formation was extremely famous and was a very powerful formation. If it was real, it would take some effort to break this formation.

“Look, the old demonic tree is there!”

Very quickly, their attention was drawn to the old demonic tree. All of them gritted their teeth, revealing embarrassed and angry expressions.

“Tear down this mountain and burn this old demonic tree!”

“Once we get rid of the old demonic tree, that brat will be at our mercy!”

They changed their direction and charged toward the old locust tree, while the rest of them attacked the other nine peaks.
