

## The Mightiest Little Peasant Chapter 1299

“Little doll! Don’t run!”

The group of true Lords roared and chased after him.

“Tsk! Who are you scolding! You bunch of old fogeys!” The baby turned around and scolded, “you want to eat me? No way!” As he said that, he even threw a disdainful look at her.

“Wayaya! This little wimp is too arrogant!”

“Catch him!”

The group of true Lords were furious.

They were Dao-slaying perfected Lords, yet they were ridiculed by a pill that had turned into a spirit.

They exerted all their strength, held their breath, and chased with all their might. However, the little doll was too fast and extremely slippery, so they couldn’t catch him at all.

That little wimp was also very cheap, constantly mocking them, especially arrogant, angering them half to death.

However, they were helpless.

Ji Wu was also chasing after the elixir essence, but he couldn’t catch up with the elixir essence even if he used all his strength.

“Hmph! Let’s see where you can run to!”

He snorted lightly, and a trace of anger appeared on his face. He stretched out his palm, and the five-colored battle spear flew out, throwing it out heavily.

The pill spirit immediately dodged with a coquettish movement.

“Hehe! You won’t be able to catch me!”

The pill spirit even turned around, made a face, and then quickly fled.

Ji Wu’s face twitched and turned ashen.

“Everyone, don’t worry. This place is only so big. Where can this brat escape to? no matter how he escapes, he won’t be able to escape from our palms!” True Lord Mi Tian said.

“That’s true!”

Hearing him say this, everyone was no longer anxious.

That’s right! No matter how big this place was, it was still dead. This little wimp could only escape to this continent. In the end, he would not be able to escape from their palms.

“Hmph! When I catch him, I’ll give him a few slaps!”

The perfected cultivators sneered.

“You want to catch me? You’re all dreaming!”

The pill spirit turned around and shouted at them before continuing to escape.

“Chase!”

The group of people quickly gave chase.

They didn’t panic and followed from a distance, preparing to exhaust the strength of the pill essence.

However, not long after, he saw many rays of light appear in the distance and they were rapidly approaching.

“What’s that?”

They were all a little puzzled and focused their eyes to look carefully.

It didn’t matter if they didn’t take a look, but the moment they did, they were all dumbfounded.

Isn’t this that stinky brat?

But why was he here?

They were a little stunned and couldn’t react at all.

Tang Hao saw the group of people from a distance. He stopped in his tracks.

F \* ck! He met one so quickly!

He cursed in his heart.

Even the pill spirit was stunned on the spot.

That group of old men actually had helpers. Oh my God! How could there be so many people, thousands or even tens of thousands!

At this moment, all three parties were stunned. They looked at each other, dumbfounded.

“Why is this kid here?”

“This is too strange!”

After a long time, the group of true Lords finally reacted and exclaimed in unison.

“Hmph! This guy is here!”

Ji Wu’s face darkened. He wasn’t too surprised, but he was used to it.

“Old man, you’re shameless. You actually have helpers!” The pill spirit cursed angrily, turned around, and tried to escape.

Tang Hao finally noticed the pill essence.

“This aura ... Is it a pill? Good fellow, so it’s a pill with a spirit!” He quickly recognized it, and his eyes lit up with a thieving light.

“Brat, don’t even think about it! That’s our stuff!”

Sensing this sneaky light, the group of true Supremes were furious.

This kid actually wanted to snatch their things!

“Bullshit! This is clearly mine!” “Die!” Tang Hao roared and pounced toward the pill spirit. At the same time, all his split souls moved and pounced at the same time.

“Mother of God!”

The pill spirit turned around and was shocked.

This earth-shattering aura was simply too frightening.

“Stop him!”

The perfected cultivators roared and pounced forward to stop Tang Hao.

“Tang kid, don’t even think about snatching my things!” Ji Wu roared and lunged at Tang Hao with his spear.

His face was ferocious, and his eyes were filled with killing intent.

He had already been robbed of too many things. This time, he could not let this guy succeed no matter what.

Tang Hao stopped and drew his red bow. He pulled the bowstring and released a Golden Arrow.

Then, a golden light flashed on his forehead, and a small Golden Boat flew out. It shook slightly and emitted a dazzling brilliance.

Whoosh!

The Golden Arrow was shot out with the power of reincarnation.

Compared to normal Golden Arrows, this Arrow's power had increased by several times.

Ji Wu's momentum rose, and he thrust his spear forward.

Bang!

The arrow and spear collided, exploding with boundless brilliance.

The arrow only stopped Ji Wu for a short moment, but it was enough for Tang Hao. With a thought, he commanded a group of split souls to pounce on the group of perfected cultivators.

He then pierced through the void and instantly appeared beside the pill spirit.

The pill spirit jumped in fright and turned to escape.

"Hmph! Where are you running to!"

Tang Hao reached out and clenched his fist, and the space around him rippled.

The moon scooping magical power was instantly activated.

“No!” The pill spirit screamed in fear when it realized that something was wrong. The next moment, it was teleported over and caught by Tang Hao.

“Not good!”

Seeing this, the perfected cultivators were shocked.

“Stop! Return my baby!”

Ji Wu screamed crazily. His expression became more and more ferocious, and his eyes turned red.

He grabbed his spear and threw it at Tang Hao.

Tang Hao’s body flickered and disappeared. When he reappeared, he was already ten thousand feet away. He took out the Golden cauldron and threw the pill essence in. After a little refining, the pill essence turned into a pill.

He grabbed the pill and threw it into his mouth, swallowing it.

“Thanks!”

He cupped his hands at Ji Wu and the other perfected cultivators and thanked them.

Then, he called back his split soul and turned to leave.

He had just swallowed the pill, and its medicinal effects were about to kick in. He had to find a place to refine it.

“Motherf \* cker! Don’t run! Spit out the pill!”

The group of true monarchs were so angry that their noses were crooked.

The treasure that was almost in his hands was snatched away by that little rascal just like that. He was really aggrieved and vexed.

Moreover, it was a divine pill that had turned into essence. Who knew how much strength that kid would gain after eating it? he would definitely become even more difficult to deal with.

“It’s like this again!”

Ji Wu was so angry that his body was trembling, and his face was so dark that it was terrifying.

“Chase! I can’t let him refine the pill!”

They chased after him, but after a while, they couldn’t even find the figure. They didn’t know where he had gone.

“Find it for me! We must find him!”

They scattered in all directions and began searching.

By this time, Tang Hao had already arrived at another piece of broken land. He looked around, found an underground cave, and entered it.

He set up a few layers of concealment arrays and sat down cross-legged again. He began to absorb and refine the elixir in his body.

The elixir had turned into a spirit, and it contained amazing spiritual Qi. All of it turned into primordial Dao. Part of it was absorbed by the reincarnation boat, and the other part flowed into the sea of the path.

The aura on his body rose sharply, all the way to the completion of slash one.
