

The Mightiest Little Peasant Chapter 1301

“This is a tribulation tool?”

The group of perfected cultivators exclaimed in shock.

Then, they revealed an extremely greedy expression, their eyes were burning, and their breathing became rapid.

A tribulation weapon!

Who could resist such temptation!

However, they quickly suppressed their greed.

They all knew that they had no share in this tribulation weapon. Even if they wanted to snatch it, they probably wouldn't be able to, so they might as well be tactful.

Moreover, such a tribulation weapon could only exert its greatest power in the hands of a monster like Ji Wu.

“Congratulations, Daoist Ji!”

They all cupped their hands at Ji Wu and congratulated him.

“Wu 'er, quickly! He was going to take this divine spear! With this spear, we'll be able to completely crush that little demon!” True Lord Mi Tian's face was red with excitement.

“That's great!”

“Hahaha! This time, that little devil is really dead!”

The perfected cultivators were also extremely excited.

Originally, they were strong enough to deal with that brat. Now that they had another tribulation weapon, they could easily crush him. Killing that brat was as easy as blowing off dust.

“The heavens are really helping me!”

Ji Wu was overjoyed and couldn't help but laugh.

His body moved and he pounced towards the bottom of the abyss.

Soon, from the bottom of the abyss, a Dragon's Roar exploded. Boundless light rushed out and illuminated the entire sky.

In the light, Ji Wu rushed out, holding the divine spear in his hand.

“Hahaha!”

Ji Wu laughed out loud, feeling extremely carefree.

“This spear is called the five-flame curse spear!” He said in a clear voice, “although it's a little broken, and only one flame is left of the five flames, it still has a world-shaking power. It won't lose to that divine bow!”

“I'm going to use this spear to kill that Tang brat with my own hands and wash away my past humiliation!”

With that, he gritted his teeth, and his eyes burned with hatred.

In his hand, the spear buzzed and trembled. Golden flames surged out and turned into a fire Dragon. It circled around Ji Wu, making him look even more majestic.

“Congratulations, Daoist Ji, for subduing the divine spear!”

The group of perfected cultivators congratulated him one after another. They were all a little surprised in their hearts. He was indeed a monster. In a short time, he had been recognized and subdued this divine spear.

If it were them, they would have to spend a lot of time and definitely not be so relaxed.

“Fellow Daoist Ji, with this spear and my longevity wood, it’s enough to kill that kid!”

The perfected Lord of the longevity sect took out a wooden branch and handed it over.

“Alright!”

Ji Wu took it and nodded at him.

He put away the longevity wood, looked around, and said in a deep voice, “This is a heaven-sent opportunity. We must trap that guy here and kill him completely to prevent any future trouble.”

“The four of you head to the exit and set up an interception. The rest of you will follow me to find that guy and kill him!”

As he spoke, he pointed out the four strongest true Lords.

“Good! This time, we’ll bury that kid here forever!”

The true Lords’ blood boiled, and their fighting spirit soared.

This was a spatial Rift, and there was only one exit. As long as the exit was blocked, that kid would be like a turtle in a jar. No matter how he tried to escape, he would not be able to escape from here.

At the same time, their confidence was greatly boosted.

Their strength had all skyrocketed. Ji Wu had even obtained a divine spear, so his strength had also skyrocketed. That kid, on the other hand, had seized the divine elixir. At most, he would only be able to kill one in the perfect realm. He was no match for them at all.

This time, that kid is dead!

“Let’s go!”

The four strongest true Lords flew up and swept toward the exit in the sky.

With the strength of the four of them, it was more than enough to hold off that kid for a moment.

“Let’s go as well. We have to find him as soon as possible!” Ji Wu shouted. He held the divine spear and rushed forward like a lightning bolt.

The group of true monarchs quickly followed.

The group of people released their soul consciousness and searched carefully, not letting go of any corner in the sky and on the ground.

They searched several continents in a row, but to no avail. On the fifth continent, they finally found traces of their opponent.

“Guys, look! That’s that kid’s split soul!”

In the distance, they saw a group of souls appear in front of them. They were sweeping around and searching for treasures.

“Hahaha! That kid must be nearby!”

“Quickly chase! Don’t let them get away!”

Everyone was overjoyed and chased after him.

After chasing for a moment, a figure rushed out in front of him and collected all the split souls. It was none other than that surnamed Tang.

“It’s indeed the great circle of one severing!”

Everyone looked carefully and all of them had the same expression.

“I’ve finally found you, you little brat! I’m telling you, you won’t be able to escape today!”

They started to clamor.

Tang Hao stood in the air with his hands behind his back. His expression was calm as he said coldly, “Just you guys?” As he spoke, his tone carried a bit of contempt.

“You ... You brat, you still dare to be so arrogant at this time!”

“Go! Kill him!”

The perfected cultivators shouted angrily and took out their treasures.

Weng Weng Weng!

One by one, the Supreme treasures trembled and exploded with a shocking brilliance.

Ji Wu didn’t move. He just stared at Tang Hao coldly and said, “Tang kid, I told you last time that we’ll fight to the death the next time we meet. We’ll put an end to our grudges.”

“Today, either you die ... Or I die!”

As soon as he finished speaking, he raised his hand. With a flash of light, the five-flame curse spear flew out.

Then, with a few clanging sounds, rays of light flew out and instantly assembled into a battle armor.

He was clad in battle armor and held a divine spear in his hand. An astonishing battle intent erupted from his body.

“A tribulation tool?”

Tang Hao furrowed his brows when he saw the gun.

This guy’s luck was really good! He muttered to himself.

This spear was much more powerful than the five-colored battle spear. The battle spear was directly condensed from the fragments of the origin core and had not been refined. At most, it was just a little harder, but its power was much weaker than a tribulation weapon.

Now that he had this spear, Ji Wu’s strength had increased greatly.

“It’s good that you know!” Ji Wu said coldly, “today, I will use your blood as an offering to this spear!”

“Swish!”

Tang Hao chuckled. His expression was one of disdain.

This scene made the perfected cultivators suspicious. According to their estimation, as long as Ji Wuyi showed his divine spear, the kid would run away with his slyness.

But now, not only did this kid not run away, he even had a look of contempt on his face, which was really abnormal.

Could it be that ... He still had a trump card that could fight against them?

But how was that possible!

With a heaven and earth origin core and a divine spear, Ji Wu’s strength alone was enough to suppress that kid, not to mention the others.

He must be bluffing!

The group of true Lords thought to themselves.

“I’ll fulfill your wish, Ji,” Tang Hao said loudly. “I’ll end our grudges today. No one is allowed to escape. Either you die, or I die!”

“Alright!”

Ji Wu shouted.

“Woof! This kid has some balls!”

The group of true Lords sneered.

In their eyes, this guy was either bluffing or stupid to fight Ji Wu to the death.

“It’s still not certain who will die and who will Live!”

Tang Hao laughed coldly. His aura exploded. He raised his hand again, and the divine bow flew out. He held it in his hand.

The two figures each exploded with a shocking aura and turned into two light pillars. They stood in the void, facing each other from a distance of 10000 feet.

Before the battle, the two auras had already clashed and collided fiercely.
