

The Mightiest Little Peasant Chapter 1302

Between heaven and earth, two beams of light shot out.

In the middle, there was a violent wind that swept in all directions.

It was the Qi-Jin of the two people clashing and killing each other.

At the side, the perfected cultivators gasped in shock.

It was hard to believe that the two people who could burst out with such an imposing aura were actually two young people who were not even thirty years old.

They had almost forgotten what their cultivation level was at this age, but it was absolutely impossible for them to have such a terrifying cultivation.

They were only two young people, but in terms of cultivation, they had already surpassed them, which made them sigh.

One of them was blessed by the heavens and had shocking luck, which was hard to come by in 10000 years. The other, although not so amazing, was no less monstrous. He also cultivated the life Dao and could be said to be a heaven-defying person.

One was blessed by the heavens while the other was against the heavens. These two people were really born to be enemies.

“That kid surnamed Tang is indeed a character. He used to suppress Ji Wu, but this time, he is no match for Ji Wu!”

The true Lord of the Yao family said.

Hearing this, the rest of the perfected cultivators nodded.

There was no suspense in this battle at all. Ji Wu was so terrifying that they couldn't imagine what other means that kid surnamed Tang had to resist him.

Bang Bang!

The clash of Qi-Jin in the arena became more and more intense, and a series of explosions erupted.

Wherever the Qi spread, the ground exploded inch by inch, raising a cloud of dust.

“Come on, Tang kid! Let’s end this grudge!”

Ji Wu shouted and suddenly moved.

He clutched his divine spear and turned into a stream of light, shooting out.

There was nothing fancy about it, just a simple thrust.

However, this spear burst out with a shocking aura. On the body of the spear, there was a raging flame that emitted a terrifying pressure. At the tip of the spear, there was a power of annihilation.

Wherever the spear radiance reached, the void trembled, and black rays appeared. However, they could not withstand such a terrifying power and shattered.

Before the attack arrived, a fierce astral wind came pressing down.

Tang Hao’s jet-black hair danced wildly in the wind.

He held his red bow, his eyes were bright like two blazing Suns, illuminating the void.

The next moment, he pulled the bowstring and a Golden Arrow was formed.

As soon as the Golden Arrow was shot out, the wind and clouds suddenly changed. All the momentum of the entire world was concentrated on this arrow.

Whoosh!

The Golden Arrow shot out to meet the attack.

In the next moment, the two beams of golden light collided with a bang, causing an earth-shaking explosion.

With the point of collision as the center, circles of golden ripples spread out madly, annihilating everything in their path.

After being hit by the arrow, Ji Wu's body trembled and he paused for a moment. Then, he regained his momentum and rushed forward again.

Tang Hao drew his bow again and fired another arrow.

Bang!

Ji Wu's body shook again. He roared and continued to attack with unstoppable momentum!

Tang Hao furrowed his brows and backed away.

Peng Peng Peng!

After each exchange, he kept retreating, while Ji Wu advanced layer by layer with an imposing aura.

"It seems like we don't need to do anything!"

The group of perfected cultivators laughed, their expressions very relaxed.

The current situation was very clear. That kid couldn't stop Ji Wu at all. Although he still had the light of reincarnation, Ji Wu had the longevity wood, so he could easily break the light of reincarnation.

Other than the light of reincarnation, what other trump cards did that kid have to stop Ji Wu?

He was definitely going to lose this battle!

Bang!

Another arrow!

Ji Wu thrust his spear forward, tearing apart the arrow light and arriving in front of Tang Hao.

Clang!

The body of the bow and the tip of the spear collided with each other, and an explosive sound of gold and iron colliding rang out.

Tang Hao grunted. He was pushed back by the impact.

“Tang kid, this spear is to avenge senior North Gate!” Ji Wu shouted.

Then, another spear came.

“This spear is to avenge the disciples and elders of our sect who have died in your hands!”

Clang!

Tang Hao blocked the attack with his bow and retreated again.

“And this shot, it’s for myself!”

Ji Wu shouted angrily, gathered all his strength, and stabbed at him.

Clang!

This time, Tang Hao's body shook violently and he was sent flying hundreds of meters away before he managed to stabilize himself. Even the defense of the Supreme armor was activated, and countless flood Dragon Souls poured out to share his power.

In an instant, nearly half of the flood dragon's soul exploded.

"I won!"

Ji Wu shouted. He felt satisfied and proud.

In the past, he had been defeated by this fellow time and time again. He had suffered a lot and lost face. Now, he had finally counterattacked and successfully avenged himself.

"Tsk!"

"Ji, it's too early for you to be happy!" Tang Hao grinned.

Ji Wu was stunned for a moment before he burst into laughter. "You still don't want to accept the truth, do you? that's true!" You've never been defeated before, and now that you've failed, you're naturally unwilling to accept it. "

Tang Hao could not help but roll his eyes! He wasn't done yet! What are you so proud of!"

"Fine!" Ji Wu was annoyed and angrily rebuked. If you have any tricks up your sleeve, just use them!"

"This brat can only put up a last-ditch struggle!"

"Hey! What else can he do? he's just bluffing and getting ready to run!"

The perfected cultivators around them burst into laughter, their faces full of mockery.

"Ji, you're right. It's been so long, it's time to end our grudges! But the one who will die today will not be me! And you guys, you won't be able to escape today!"

Tang Hao turned around and glanced coldly at the perfected cultivators.

“Hmph! Brat, you’re already at death’s door, yet you still dare to be so arrogant!”

“Go! Let’s exterminate this brat together!”

The perfected cultivators were furious. They activated their treasures again, ready to attack.

But at that moment, Tang Hao gently raised his hand and pointed upward.

In an instant, an earth-shattering roar came from behind him.

The roar was like thunder, shaking the void.

It seemed like a human, but it wasn’t. The voice was a little horrifying.

“What is this?”

The group of true Lords trembled and froze.

Then, they looked ahead and widened their eyes, revealing a look of horror.

In that direction, a huge figure leaped up, swept over his head, and descended from the sky.

This figure was too big, like a mountain peak, and it was pressing down on them. It exuded an unparalleled might that made their hearts tremble.

“What ... What ... Is this?”

Their faces paled, and their voices trembled.

This figure exuded a terrifying pressure.

“Quickly Dodge!”

Seeing that the huge object was about to smash down on their heads, they screamed and fled in all directions.

BOOM!

Just as he escaped, the figure descended from the sky, causing the earth to shake and crack.

“F * ck your mother!”

The Yao family’s true Lord was sent flying by the force, rolling a few times on the ground and falling in an extremely sorry state.

He was extremely embarrassed and angry. After cursing madly, he jumped up, wanting to take revenge. However, when he looked up, he was instantly stunned as if he was struck by lightning.
