

The Mightiest Little Peasant Chapter 1316

Old ghost plagues clutched his chest, feeling very hurt.

The words he had just said had given him a critical hit.

However, he couldn't refute it. The other party really dug one at a time, and it was always of the best quality. After digging for so long, it was normal to find it boring.

Damn it, this guy ... Is his ancestral grave smoking?!

He muttered to himself, extremely puzzled.

He had never seen such amazing luck in his life. Today was an eye-opener for him.

"Sect fellow Shi, are you always this lucky?" He could not help but ask.

"It's alright! It's alright!" Tang Hao said humbly.

In fact, he was also very puzzled now. He didn't know what his luck was. When he dug out a Supreme-grade fruit just now, he was really shocked.

One had to know that his mining luck in the past was not very good. Now that it had suddenly become so good, it really made him a little puzzled.

"It can't be related to Ji Wu, right?"

The more Tang Hao thought about it, the more he felt that it had something to do with Ji Wu.

Ji Wu was blessed by the heavens, and his luck was amazing. Did he get some luck after killing Ji Wu?

Thinking of this, he frowned.

The Dao of destiny was too vague and he was not too sure.

“It would be great if that was the case ...”

Tang Hao mumbled.

His luck was not bad before, but it was far worse than Ji Wu’s. If he could get a little more of Ji Wu’s luck, he would have made a fortune.

Therefore, he didn’t want to mine anymore. He wanted to see the surface and test his luck to see if he had indeed become stronger as he had expected.

Old ghost and the others looked at him, speechless.

Then, they looked at each other and quickly communicated with their minds.

“Old ghost, what should we do? Are you going to kill him now?”

Those few people were already somewhat impatient. Previously, according to their thoughts, they had to make this guy do the hard work and then be cannon fodder to make full use of him.

However, the situation was different now. This guy’s luck was off the charts. He had dug up so much top-grade star metal. If he didn’t make a move now and let him escape later, it would be too late for him to regret.

Old ghost Wen hesitated for a moment and said, “let’s wait a little longer. Don’t be anxious. This fellow can’t run away. Have you forgotten that he’s just a cripple? he doesn’t have much strength.”

“That’s true, then let’s wait!”

The group of people suppressed their anger.

“Sect fellow Shi, since we’re not digging anymore, what are we going to do?”

Old man pestilence said to Tang Hao.

“Let’s go up and walk around. We’ll pick some herbs and see if there are any treasures!” Tang Hao said.

“This ... Is good!”

The old man pondered for a while and nodded.

With that, he turned around and led the way up.

Soon, they returned to the ground and flew along the surface.

Tang Hao spread out his spiritual sense and began to search the surroundings.

“Guys, look! There’s a spiritual herb!”

“Eh? Why is there an egg here?”

Tang Hao made some discoveries from time to time. He found rare spirit herbs in the corners of the mountain range. He even found a nest in a swamp and a few snake eggs.

“This is a nine-leaf snake mushroom?”

“Heavens! Could this be the egg of a Dragon serpent?”

Old ghost and the others were left speechless.

The nine-leaf snake Ganoderma was an extremely famous medicinal herb on the spirit snake planet. There used to be a lot of it, but after so many years of harvesting, it was almost extinct. It had become a rare medicinal herb that was quite difficult to find, but this guy had found it the moment he came here.

There was also the Dragon serpent. It was one of the top ten snakes on the spirit snake planet. Its eggs were also extremely valuable. Each egg was worth thousands of gold.

In addition to these, there were many other rare things that made them speechless and shocked.

“Ai! Old ghost, why do I feel that something is wrong?”

“It is! This is strange!”

The group of people walked behind and discussed in low voices.

They sensed that something was wrong. It seemed to be a little strange.

How could this guy’s luck be so good to this extent? it was simply unbelievable.

“In my opinion, he’s just lucky! Who doesn’t have a few moments of good luck? think about it, this guy has a defective Dao fruit, which shows how bad his luck was in the past. Now, it’s nothing to have a few moments of good luck!”

After thinking for a long time, old ghost Wen consoled him.

“That’s true!”

The other three thought about it and nodded.

They did nothing but follow behind. After about an hour, old man plagues could not take it anymore. He gave the other three a look, then shouted at Tang Hao.

“Sect fellow Shi, let’s go this way. There’s a snake’s nest in front of us. There are many treasures inside. Let’s go and explore.”

“Oh!”

“Okay,” Tang Hao replied, then flew toward the direction of the sound.

The four of them looked at each other and followed him.

After flying for a while, a cave appeared on the mountain wall ahead.

“Right! It’s this one!”

The old man shouted. When Tang Hao went in, the four of them rushed forward and blocked the entrance.

They no longer hid. They tore off their kind masks and revealed their ruthless and ferocious faces.

“What are you guys ...?”

Tang Hao said, feigning surprise.

“Woof! Sect fellow Shi, you still don’t understand?” Old ghost pestilence sneered. “If you’re sensible, cooperate with me and I’ll give you a quick and painless death!”

“A robbery?”

“That’s right! It’s a robbery!” One of them shrieked, “don’t even think about escaping. This is a dead hole, and we’ve even set up an array here. As long as you come in, you won’t be able to escape.”

“Is that so?”

Tang Hao grinned.

He had sensed this magical formation from a distance. The reason why he had come in was to play with this group of people. He had already figured out their strength.

“Yo! This guy even laughed! Do you think we’re joking?”

“Hahaha!”

The four of them burst out laughing.

Tang Hao put his hands behind his back and smiled. "I think ... You should cooperate with me. That way, I'll give you a quick and painless death."

When the four of them heard this, they were stunned.

They thought they had heard wrong. This guy was blocked by them here, yet he still dared to talk big?

"You're just a cripple, yet you still dare to be so arrogant!"

"Go, quickly kill him and split his things!"

The four of them shouted and activated their Dao energy. The Dao rings behind them appeared and shone with a dazzling light.

"Disabled?"

Tang Hao's mouth twitched into a mocking smile. "Who said I'm disabled?" he said, enunciating each word.

As he spoke, his body trembled slightly, and with a boom, he exploded with an aura as deep as the abyss. Behind him, a huge ring of Dao appeared, shining with a shocking light.

"What ... What is this aura?"

"Heavens! What kind of Dao ring was this? How can it be so big?"

A few exclamations were heard.

When the four of them looked over, their bodies trembled, and they revealed a look of horror.

The aura of the person in front of them suddenly became extremely terrifying. He didn't look like a piece of trash who had a defective Dao fruit. And that Dao ring, they had never seen such a big Dao ring!
