

The Mightiest Little Peasant Chapter 1317

“One ... One ... Great circle of ... One?”

Old ghost Wen said in a trembling voice, his face full of disbelief.

This guy was actually at the great circle of beheading one? And that ring, how could it be like this?

He had never heard of such a huge and dazzling Dao ring.

What’s wrong with this guy?

He was completely stunned.

“Something’s wrong! Something’s not right!” Then, his expression changed drastically, and a bad feeling rose in his heart.

This guy’s calm performance, his terrifying aura, his amazing luck, and his huge Dao ring all indicated that this person was extraordinary.

It was an act! It was all an act!

Suddenly, he came to a realization.

This guy wasn’t a fool at all. They were clearly the ones who were fooled from the start.

The other three’s expressions also changed. They were not stupid. At this time, they all understood that the guy in front of them was not what people said, a cripple from Qiyuan.

This person was clearly an expert who had hidden himself well. Moreover, he was very scheming and cunning.

“Fellow Daoist, it’s a misunderstanding! It’s all a misunderstanding!”

Old ghost Wen's expression changed immediately as he cupped his hands and smiled.

"Misunderstanding?"

Tang Hao laughed coldly.

Old ghost Wen frowned and his face turned cold. He said impolitely, "Fellow Daoist, we are in the wrong, but don't push your luck. Four against one, we might not be afraid of you."

"Is that so?"

Tang Hao chuckled. He did not waste any more time. His body flickered and he disappeared. When he reappeared, he was in front of the man on the far left. He raised his fist and punched him.

The man was shocked at first, then he sneered. He wanted to deal with him with such a simple punch?

His body glowed and a light screen opened.

But immediately after, his expression changed. It suddenly twisted, revealing an expression of extreme fear.

With a bang, his protective light screen exploded.

The punch went straight for his chest.

'How ... How is this possible?'

His mind went blank.

In the next moment, there was another bang as the fist landed solidly on his chest. In an instant, his chest caved in, and his flesh exploded inch by inch. His entire body exploded.

A ray of light flew out from the blood light and tried to escape.

However, before he could leave the cave, there was a flash of golden light. With an “ah” sound, his divine soul and Dao platform were completely cut off.

In an instant, the cave became quiet.

It was so quiet that it was a little scary!

The other three people were frozen there, not moving, and their faces were frozen with fear.

He was killed in one punch!

Oh my God!

Was this guy a monster?!

They trembled in fear.

“Let’s go!”

Old ghost let out a cry and turned around to escape.

He knew that he had kicked an iron plate today, and it was especially hard.

“Hmph!”

A soft snort exploded.

Then, there was a sound of the air being torn apart. The golden light flew over and struck his body. His entire body trembled and he spat out a mouthful of blood.

Then, the golden light came again. After a few more strikes, it completely broke through his defense.

“Don’t be scared!”

Old ghost Wen screamed in horror, his soul almost leaving his body.

Whoosh!

The golden light slashed over and killed him completely.

“Heavens!”

The remaining two people were scared half to death. They got up and fled frantically.

“Stay here!”

“Die!” Tang Hao shouted. He wielded his golden sword and slashed at one of the men. Then, he drew his red bow and shot an arrow.

Bang!

The one who was hit by the Golden Arrow exploded and his soul was destroyed. The other one’s defense was also broken by the golden sword and he was killed.

Whoosh!

With a flash of golden light, the golden sword flew back.

He raised his hand and rolled up his sleeve. The storage tools such as rings and the things they were wearing flew into his hands.

Even after killing four people in a row, his expression was still calm.

The strength of these four guys was average. In the realm of one severing, they could only be regarded as ordinary characters. He didn’t take them seriously at all.

He opened the storage tool and looked through it one by one.

“It’s alright!”

These people were good at setting people up, and they all had some wealth. Each of them had nearly one thousand stellar crystals, especially that old ghost, who had more than two thousand.

Tang Hao put the items away, then swung his sword and blasted the cave open.

He continued to explore and made many discoveries.

“It seems that my luck has indeed become stronger!”

Along the way, this feeling was very strong.

He had never been so lucky before, and this change was definitely related to Ji Wu.

“This luck ... It’s really amazing!”

Tang Hao shook his head and chuckled.

“I don’t know if it’s permanent or just temporary. Just in case, it’s better to use it more now.”

Tang Hao flew over and continued his exploration.

The spirit snake planet was huge. It was not smaller than the high sun planet and was several times larger than the Qi Yuan planet. Compared to earth, it was countless times bigger.

In this vast space, there were countless ferocious beasts. Most of them were snakes. It was said that there were as many as three to four hundred types of snakes on this planet. This was also the origin of the name spirit snake planet.

He explored around and occasionally gained something. He met many people along the way, but he avoided them to avoid trouble.

Two days later, he flew out of the spirit snake planet and returned to planet Gaoyang.

When they landed on the floating city's Northern square, they caused a huge commotion.

"Al! Look, isn't this a joke from that Qi Yuan? How is he still alive?"

"It's really strange!"

Everyone was puzzled.

They had all heard that old geezer plagues and the others had brought this fellow to planet spirit snake. How could he have come back alive?

Could it be that ... Old ghost and the others had changed?

How could this be possible?

"Old ghost Wen and the others didn't come back. Could it be that ... They made a mistake and this fellow escaped?"

Everyone was secretly guessing.

"Fellow Daoist, why did you come back alone? where are old ghost Wen and the others?"

Someone asked directly.

Tang Hao sighed softly, his expression pained. It's hard to explain in a few words!"

Everyone was stunned."What's so difficult to explain?"

“Fellow Daoist Wen and the others are really good people. In order to save me, they took the initiative to stay behind to cover the retreat. They’re still on planet spirit snake, and I don’t know if they’re Dead or Alive!” Tang Hao said.

When everyone heard this, they were stunned.

A good person?

This guy must be joking! To think that a fellow like old ghost could be called a good person. This was simply the biggest joke in the world!

“This matter is a little strange! How can old man plagues and the others be good people!”

“I think he probably found some treasure and kicked this guy away!”

Everyone pondered for a while and ‘understood’.

“This guy is also stupid. He didn’t even know that he was kicked out and still thinks that they are good people!”

When they looked at Tang Hao again, they could not help but shake their heads and laugh.

“Al! Fellow Daoist, since old ghost plagues and the others are no longer here, why don’t you join us?” Someone had taken a fancy to Tang Hao. He was such a fool. Who else could they fool but him?

“Alright!” Tang Hao immediately agreed and grinned.
