

The Mightiest Little Peasant Chapter 1323

“So it’s young master long! Sorry for the disrespect! I’ve been disrespectful!”

Tang Hao cupped his hands and smiled.

“Good that you know! Then hurry up and hand over the item!” The Dao-Slayer shouted.

“Actually ... It’s a misunderstanding!” Tang Hao said. What millions of assets, ancient cave abodes, they’re all just lies made up by those jealous people!”

The young man’s face darkened.

“You have guts!”

He suddenly stood up and was furious.

He was one of the nine great young masters of Mount Riyue, a figure whose might shook the starry sky. Which Dao severing cultivator would not be respectful to him?

A small character like him would even be trembling in fear in front of him, not even daring to take a deep breath.

However, this fellow dared to Dodge and fool him!

He simply didn’t know what death was!

He narrowed his eyes, and there was a flash of murderous intent.

If this was any other place, he would have already made a move and killed him without even saying a word, but this was the star City of planet Gaoyang, and the rules here were even somewhat apprehensive to him.

In this star field, his Sun Moon Mountain wasn't the only powerful sect. There were still many opponents. If he broke the rules, his opponents would have a reason to make things difficult for his Sun Moon Mountain.

"You ... Very well!"

The killing intent in his eyes grew more and more intense.

"Hmph! How dare you disobey young master? you're really bold!"

"You're looking for death!"

Behind him, the two Dao slasher also shouted angrily, revealing their killing intent.

"It's really just a misunderstanding!"

Tang Hao laughed, neither haughty nor humble.

Although he was afraid of the strength of the sun Moon Mountain, it was impossible to make him yield.

"Misunderstanding? Hahaha! What a big misunderstanding!"

The young man laughed, "you're saying that everyone in the city has misunderstood you?"

"Of course! They're jealous of me, so they made up these rumors!" Tang Hao said.

"They're jealous of you," the young man said. "That means you're rich. You've been doing this business for so long. If it's not a million, it must be at least a few hundred thousand!"

As he spoke, he turned around and sized up the shop.

Then, he turned his gaze back to Tang Hao and sneered. "You're just a cripple, how can you have such a huge amount of money? can you even keep it? The entire city is watching you! He wants to swallow you and take this huge sum of money for himself!"

“Rather than being taken away by others, why don’t you give it to me? I can even save your little life!”

“Right, how about this ... I see that although you’re not strong enough and are half-disabled, you’re quite talented. You’re able to do such a business in such a short time. You’re a talent!”

“If you are willing to submit to me and work for me, I will spare you. Not only that, but I will also support you. With me as your backer, your business can grow bigger and you can earn more money!”

As he spoke, he put his hands behind his back and looked at Tang Hao proudly.

There was a look of pity in his eyes.

In his eyes, it was already a great gift for him to accept such a person with his status.

“Shi, why aren’t you kneeling and kowtowing to young master!”

“It’s a great gift for the young master to take a fancy to you and take you in. You should thank him!”

The two Dao slasher shouted.

At this moment, there was a commotion outside the shop.

At this moment, countless people had gathered a few streets away from the shop. They were densely packed and were all trying to find out what was going on inside the shop.

When they heard that guy reject them earlier, they were all secretly overjoyed.

If that guy surrendered, they wouldn’t have a share of that thing. Only by angering the little Dragon King and making him take action could they force that guy out of Star City.

In that case, they would have a chance.

But now the situation had changed, and the little Dragon King wanted to take in the man surnamed Shi, which was really unexpected.

In their eyes, that man surnamed Shi was a cripple with a defective Dao fruit and had no future at all.

Last time in the star Hall, the elders of the forces of the firmament sword sect had intended to recruit him, but when the test results came out, their faces turned black and they left, making that guy a joke.

What qualifications did this kind of trash have to be fancied by a figure like Little Dragon King?

Many people were indignant.

This Little Dragon King was one of the nine great young Masters of the Sun Moon Mountain. He had monstrous talent and a noble status. He could be said to have a boundless future and might become a big Shot in the future.

There were countless people who dreamed of getting close to him.

“Motherf * cker, on what basis!”

They cursed angrily.

“This Shi guy ... He’s really something. Except for his cultivation, he’s fine. If it were you, could you earn so much money in just one or two months?”

“Although he’s not a cultivation genius, he’s a world-shocking genius in other aspects!”

Someone exclaimed in admiration.

The fact that Shi Ji’s grocery store was able to make a name for itself in just a month or two showed that it was capable.

They had all bought their products and studied them carefully. Although the effects were the same, the formulas were different, which reduced the cost to an extremely low level.

After all, all the products on the market now had formulas that were Well-Tempered, but this guy changed the formula the moment he made a move, lowering the cost.

This was clearly a world-shocking great talent!

Everyone was a little nervous as they listened attentively.

The atmosphere in the shop was a little tense.

“What if I say no?” Tang Hao said.

“You dare?”

The young man said arrogantly, “here, no one dares to reject me! There’s only one ending for those who dare to reject me!”

Tang Hao chuckled, then his expression turned cold.

“Then please go back! I’m used to being a loner and I don’t want to rely on anyone, much less submit to anyone. No one in this world can make me submit!”

Tang Hao said coldly.

“You ...”

The young man was furious, and his face turned livid.

He had thought that with his status, this fellow would definitely kneel down obediently and submit to him after some coercion and temptation. However, this fellow had rejected him without hesitation.

“Alright! Surnamed Shi, you’ve got guts!”

He said fiercely, his face full of shame and anger.

“Hmph! You don’t know your place!”

The two Dao crusher snorted in anger.

However, they felt that it was ridiculous. A mere cripple dared to reject the young master and even said that no one in the world could make him submit. How arrogant!

Not far away, a group of people were first stunned, then they burst into laughter.

“Hahaha! This guy must be crazy! He didn’t want such a good opportunity. As long as he followed the little Dragon King, he would be rich!”

“Just listen to his tone. He really thinks he’s something!”

Everyone laughed mockingly and was overjoyed.

They knew that they were in for it.

The little Dragon King was furious. Even if he didn’t kill him on the spot, he would secretly make a move to force this guy to leave Star City. At that time, their opportunity would come.

“Of course I have the guts! The three of you, please! I won’t be sending you off!”

Tang Hao smiled at them, then turned to the side and gestured for them to enter.

“How audacious!”

“You’re looking for death!”

“Die!” The two Dao-slasher cultivators were furious. They shouted in unison, and their auras exploded. They were about to attack.
