

The Mightiest Little Peasant Chapter 1347

Tang Hao paused for a moment, then turned around to look.

From that direction, a young man strode over. He was wearing a green treasured robe with a Green Phoenix embroidered on it. Multicolored light flowed about, and divine splendor was resplendent.

As he walked, the blue Phoenix seemed to come to life. It was a magical sight.

He walked with a majestic gait, his head held high and his chest out. His face was as if it had been cut by a knife, handsome and peerless. His skin was like jade, covered in a layer of clear light.

His brows were handsome, and his eyes were radiant. He had a disdainful and arrogant aura.

Everyone's expressions changed when they saw him. They revealed some fear and even fear.

In this star region, the name of young master Lu was like thunder piercing the ears.

He was the head of the nine great young masters of Mount Riyue, the first seat of Mount Riyue, and the number one genius.

He had a ninth-grade Dao pillar and a tenth-grade Dao fruit, but his aptitude surpassed Gongsun Yulong 'S. He was only in his fifties, but he had already severed two Dao. He could compete with the patriarchs and was an out-and-out monster.

This kid had obtained the true inheritance of Mount Riyue. He had countless divine abilities and treasures, and his strength was incomparably terrifying. He had once killed a third level old ancestor.

It was said that the next sect master of the sun Moon Mountain was already decided to be him.

This was a future giant!

"It's him!"

“Why is he here? Didn’t they say that he has been in seclusion?”

The crowd retreated in a hurry and looked at him in fear.

Then, their bodies trembled and their mouths opened wide, revealing an even more horrified expression.

“That’s the sunset sect’s fairy Yun!”

“That’s the eldest son of the cave spirit royal family!”

Behind young master Lu, a few more figures walked over. There were three men and two women. All of them were dressed in precious clothes, shining with divine brilliance and extraordinary temperament. Behind them, there were two rings of Dao, which made them look like gods.

It was the arrival of this group of people that caused everyone to be shocked.

The three men and two women, as well as young master Lu, were all monstrous geniuses from top forces, figures who shook the starry sky.

These geniuses had outstanding talent and a top-notch background. They were all young, but their cultivation had already caught up with the old monsters.

In terms of combat strength, these geniuses had long surpassed them.

Every time they encountered such a monster, they had to retreat.

“So many monsters, what’s going on?”

They were even more puzzled.

In the past few years, these geniuses rarely appeared. Most of them were in closed-door cultivation to comprehend the great Dao. But now, six of them had appeared.

The more they feared, the more they retreated, afraid that they would provoke such a figure.

Tang Hao, on the other hand, raised an eyebrow.

He had been in this star field for some time, so he had more or less heard of these people.

He was not as awed as the people around him. Instead, he was excited. His eyes lit up when he saw the dazzling robes and the glowing jade pendants.

“Mine, it’s all mine!”

In Tang Hao’s eyes, these people were not heaven’s favorites or evildoers with terrifying strength, but fat sheep.

In the end, his gaze fell on Master Lu. His expression became a little strange as he muttered to himself, “It’s Mount Riyue again. Enemies are bound to meet on a narrow road!”

“You! Get lost!”

“Shut up!” Young master Lu shouted at Tang Hao arrogantly.

There was even a hint of contempt in his gaze.

Tang Hao furrowed his brows and his expression darkened.

This guy was crazy!

He snorted and reached out his hand to grab the divine origin fruit, putting it into his ring.

Seeing this, everyone was stunned and somewhat in disbelief.

What was this guy doing?

Was he crazy?!

Wasn't he provoking young master Lu? This was courting death!

Even old monster Cheng's expression changed. He had thought that this guy would give up on his own initiative, but he had actually put it away.

This idiot!

He cursed under his breath and was a little flustered. He was afraid that young master Lu would vent his anger on him.

Young master Lu was taken aback. He had not expected that this guy would not listen to him at all.

His face sank and he was a little annoyed.

With his status, no one dared to ignore him like this.

"You ... Are you deaf?!" He shouted in a deep voice, his tone unfriendly, "didn't you hear that I want that thing! You still dare to take my things! You're looking for death!"

As he spoke, he narrowed his eyes and a murderous look appeared in them.

"Ha! Brother Lu, it seems like you haven't come out for a long time and some people have forgotten about you!" Behind him, the three young men began to tease him.

"Your stuff?"

Tang Hao laughed and said teasingly, "it's mine! I've bought it! Are you blind?"

Hiss!

Everyone sucked in a breath of cold air in shock.

They stared at Tang Hao with wide eyes, as if they were looking at a monster.

Scolding the Lu family's young master for being blind?

This guy was really crazy!

"You ..."

Young master Lu's face turned ashen, "don't you know who I am?"

"Isn't it just young master Lu? Who in this universe doesn't know you!" Tang Hao laughed.

"Alright! Since you know me, you still dare to be so arrogant in front of me. Aren't you afraid that I'll kill you and exterminate your entire sect?" Young master Lu gritted his teeth and shouted.

Behind him, the expressions of the other geniuses also turned cold.

This fellow was truly arrogant.

"Hmph! Where did this idiot come from? he's overestimating himself!"

Their eyes were filled with mockery as they sneered.

"Exterminate my entire sect? Young master Lu, you're really arrogant!" Tang Hao was so angry that he laughed, and his eyes were filled with killing intent.

The People of the Sun Moon Mountain were all the same. That Little Dragon King was also the same, acting like he was the best in the world. The one in front of them was obviously even more arrogant than that Little Dragon King!

"You think I'm joking? Now, obediently hand over the divine origin fruit! Otherwise ... I'll really exterminate your entire sect."

Young master Lu squinted his eyes and his gaze was sinister.

“Cough, cough! This fellow Daoist ...”

At this moment, old monster Cheng couldn't help but tremble at the sight.

This guy wasn't afraid of his entire sect being exterminated, but he was!

This young master Lu and this bunch of demonic cultivators were all lawless and unruly people. At least a dozen forces had been destroyed in their hands.

“Fellow Daoist! Don't you harm me, I'll return the money to you! Hurry up and give the things to young master Lu!”

He hurriedly stuffed the heaven and earth bag back.

Tang Hao ignored him. He put his hands behind his back and stared at Master Lu coldly.

There was a strong killing intent in his heart. He had to kill this guy.

However, it was not the time to make a move yet. Once he made a move, his identity would be exposed and he might attract the pursuit of the sunset sect. It would be fine if it was an ordinary character, but if it was a Lord of heaven, it would be troublesome.

“Still not handing it over? You're looking for death!”

The Lu family's first young master was furious. His body shook and with a boom, an unparalleled Qi burst out. He was about to attack.

But at this moment, a cry of surprise came from the distance.

“I found it! I've found it!”

“Hurry up! The inner world is open, hurry up and charge!”

There was a commotion over there. The entrance to the inner world had opened.
