

## The Mightiest Little Peasant Chapter 1350

“Why wouldn’t I dare to?”

Tang Hao rolled his eyes and laughed.

Then, he shouted again, “stop!” Yes, that’s right! I’m talking about you, the guy who looks like an ape! That Lotus is mine!”

The burliest young man among the six wanted to rush over and take Bao Lian first, but when he heard this, he was stunned.

His eyes were wide open in disbelief.

“What ... What did you just call me?”

“An ape!”

The young man’s face twitched, and he was so angry that he was about to explode.

His face turned ashen and his body trembled. “This is outrageous! Preposterous!”

He was beyond furious. He had never been insulted like this before. He didn’t look like a Gorilla at all. He was just a little burly and had thick hair!

“Hiss! Who was this guy? How dare you scold young master Wei like that!”

Everyone was even more shocked.

He was the eldest young master of the Wei family, one of the nine main planets and the number one force on the Northern Sun!

“It’s him! That guy who’s been robbing people all over the place, and he even provoked young master Lu outside!” Someone said.

“So it’s him! Was he crazy?! How dare you take the initiative to provoke this group of monsters!”

“He’s definitely crazy! Isn’t this just looking for death!”

Everyone exclaimed in shock.

In their eyes, he was a complete lunatic.

“This guy ... Is already a dead man! Of all people to provoke, he had to provoke this group of little devils! You’re really tired of living!”

They shook their heads and sneered, gloating at his misfortune.

The group of geniuses, on the other hand, had extremely gloomy expressions.

In this star field, no one had ever dared to provoke them like this.

“You ... How dare you!” Young master Lu laughed out of anger.

However, he felt that the fellow in front of him was really laughable. A mere ant dared to provoke a noble heaven’s favorite like them and wanted to snatch their things.

“This guy ... Should die!”

The young master of the Wang family coldly shouted, his face filled with killing intent.

“This guy is really stupid! I was lucky to escape with my life just now, but instead of escaping early, I actually dared to deliver myself to my door!” The white-robed woman also sneered.

Tang Hao rolled his eyes. “Are you guys that great?”

Young master Lu laughed when he heard that.

“Of course!” He said proudly with his hands behind his back. In this star field, no one can be more powerful than the few of us!”

Everyone laughed when they heard that.

In this place, this group of people was really the most awesome. No one could surpass them.

“Is that so?” Tang Hao laughed disdainfully.

“Hey! Why are you talking nonsense with him! Hurry up and kill them!” Young master Wei couldn’t take it anymore. His body moved and he charged forward, throwing a punch.

His muscles bulged, and golden lightning appeared all over his body.

“Lightning strike!”

Tang Hao’s eyes narrowed. His gaze fell on the Golden lightning bone on his chest.

The lightning Phoenix was also an ancient beast. Among the lightning beasts, it was slightly inferior to the bi ‘an, but the difference was not big. It was extremely powerful.

“That’s right! This old man’s bone is the ancient divine beast lightning Phoenix. You dare to call me an orangutan, see if I don’t kill you with one punch!” Young master Wei roared, his face full of shame.

On the side, the Lu family’s first young master was about to make a move, but when he saw him make the first move, he stopped and said in a deep voice, “Don’t kill him all at once, leave him half alive!”

“Don’t worry!” Young master Wei responded.

“Hey! This guy is asking for it!”

Seeing this, everyone laughed.

They had no doubt that the guy would be blown up by a single punch. After all, that was young master Wei, one of the nine main stars, the number one evildoer on the North sun. He had a piece of Thunder Phoenix divine bone and had cultivated it to the fourth form. His body was invincible.

“A divine beast?”

Tang Hao was not afraid of the punch. Instead, he laughed mockingly.

“When did a piece of trash like the lightning Phoenix become a divine beast? Tao Wu is more like it!”

“Die!” He shouted coldly. His body shook, and a peerless aura burst out with a boom.

The godly bones in his chest shook violently and shone with a shocking light.

Aooo!

A deafening dragon roar suddenly exploded.

The hearts of those who heard it all trembled, revealing an expression of shock.

“What ... What’s that?”

Their eyes were wide open as they looked at the dazzling golden light and couldn’t help but exclaim.

“A mere lightning Phoenix! You dare to be impudent in front of me!”

“Hmph!” Tang Hao grunted coldly. He clenched his right fist and punched out with the Supreme Dragon might.

Bang!

The two fists collided with each other.

Accompanied by a deafening sound, a circle of semi-transparent ripples spread out in anger. Wherever it went, the mountains, the plants, and everything was blown apart and turned into dust.

The power that erupted from the clash of the two true Lords was quite shocking.

Young master Wei's face was still contemptuous at the start, but in the next moment, his expression changed and began to twist, revealing extreme shock.

"You ... You are ..."

He blurted out in shock, but he could not believe his eyes.

There was also a bone on the chest of this guy. It was a bright God's bone that emitted endless golden light and a deep and terrifying pressure.

In front of this bone, his own lightning Phoenix bone actually trembled, feeling a trace of fear.

'How ... How is this possible?'

What kind of bone was this?

At this moment, his mind went blank and there was only shock in his heart.

Following that, he let out a muffled groan, and his entire body trembled violently as he was sent flying. His body flew backward like a cannonball, and Peng, Peng, Peng, he directly crashed into several mountain peaks before coming to a stop.

"Hmph! Can't even withstand a single blow!"

Tang Hao flicked his wrist and chuckled.

The surroundings were deathly silent.

Everyone was frozen there with a dazed expression. The other five geniuses were also somewhat dumbfounded.

They were both slash two, but brother Wei actually lost in a contest of physical strength, and so miserably at that?

“This guy ... Who is he?”

Everyone was extremely bewildered.

Sending the Wei family’s evildoer flying with one punch. This guy was not a lunatic, but a powerful expert.

“What number one genius of the Northern Sun? he’s just a piece of trash!”

Tang Hao chuckled again.

When everyone heard this, they were stunned again.

Oh my God! This guy was too arrogant!

They used to think that this group of little demons was crazy enough, but they had never expected that someone even crazier and more crazy than them would appear.

He dared to call the Wei family’s eldest young master trash. This was simply too awesome.

With a “Hua” sound, the crowd burst into an uproar. The crowd couldn’t suppress the shock in their hearts and couldn’t help but exclaim.

Meanwhile, the group of geniuses’ faces all darkened and turned ashen.

This guy was clearly slapping them in the face!

“Bastard!”

With a loud roar, young master Wei rushed out of the ruins. With a few clangs, he donned a golden armor and grabbed a White Thunder Blade.

“Trash will always be trash! It’s useless to struggle!”

Tang Hao grabbed the five-colored battle spear and threw it.

Bang!

The blade energy that filled the sky was shattered by the spear, and young master Wei was once again sent flying, blood spurting out of his mouth.
