

The Mightiest Little Peasant Chapter 1351

“Young master Wei ... Lost again!”

Everyone was stunned.

Even though he had used all his strength, young master Wei had still lost to someone of the same rank.

This was truly hard to believe. It must be known that young master Wei’s monstrous strength was at the peak of his level, and he was strong enough to fight against those of a higher level.

But now, he had lost so badly!

“Look, that spear is five-colored ... He’s that Shi guy!”

Suddenly, someone reacted and exclaimed in shock.

“What? He is that old Demon Stone!”

“Hiss! So it was him! No wonder!”

Everyone was extremely shocked.

At the same time, they suddenly realized that they had been wondering where such a bold and ruthless person had come from. It turned out that he was the famous old Demon Stone.

In the current Dao severance circle, who didn’t know the name old Demon Stone?

He had massacred Gaoyang Star City and killed countless people on abyssal ring star. This was a truly audacious man who killed without blinking.

“It’s him!”

The five geniuses “expressions suddenly changed, and their hearts became somewhat heavy.

“So it’s you!”

Young master Lu gritted his teeth and the hatred in his eyes grew.

It was this fellow who had killed the people of the Riyue Mountain and shamed them.

“That’s me!”

Tang Hao reached out and retrieved the spear.

“Hahaha! What a coincidence! I was just about to go find you and kill you with my own hands to wash away the shame of my Sun Moon Mountain. I didn’t expect you to deliver yourself to my door!”

Young master Lu growled.

“You?”

Tang Hao glanced at him indifferently.

In his eyes, these so-called geniuses were nothing. None of them could be compared to Ji Wu. Only Ji Wu was worthy of the title “monster.”

Only Ji Wu had ever been regarded as a real opponent by him.

“You ...”

This indifference provoked the group of monsters.

“Shi, what’s there to be so arrogant about? you’ve been cultivating for a thousand years, while we’ve only been here for a few decades, and we’re already on your side! You should be ashamed!”

“If I was your age, I would have become an immortal long ago! I’m much stronger than you are now! You’re clearly the useless one!”

They shouted indignantly.

Tang Hao chuckled but did not argue.

He knew that even if he told them his age, they wouldn’t believe him.

“If you want to live to my age, you have to have the life to do so. Things like monsters are the easiest to fall!” “No matter what,” Tang Hao said, “I’m stronger than all of you now. What can you do about it?”

“Hmph! Let’s wait a few more years if you have the guts!”

“Stronger than us? What a joke! You’re only relying on a tribulation tool. If you have the guts, don’t use a tribulation tool and fight us!”

They cursed again.

“Alright!” Tang Hao agreed.

The few monsters were stunned and could not believe it.

“You’re serious?”

“Naturally!”

“Hahaha!” The few demons laughed.

The only thing they were afraid of was the Tribulation weapon. As long as there was no tribulation weapon, they would have a chance.

“He’s mine!”

Young master Lu shouted and made the first move.

“I will use your blood to wash away the humiliation of my Sun Moon Mountain!”

As he spoke, he blinked his eyes, and a bright golden light burst out from his eyes. His eyes were like two blazing Suns, illuminating the void.

This was the Supreme art of the sun Moon Mountain, the great sun burning heaven pupils.

As soon as this pair of precious eyes appeared, the temperature in the surroundings suddenly rose, and the void seemed to be burning.

His two eyes grew brighter and brighter, and a terrifying aura was growing within them, growing stronger and stronger.

“Pupil technique? Good! I’ll compete with you!”

Tang Hao grunted. He blinked his eyes, and they shone with a golden light that transformed into a pair of dragon eyes.

In an instant, the wind rose, the clouds moved, and the color of the world changed.

Dark clouds rolled over, covering the sky and the sun.

A violent squall swept across the entire small world.

“What ... What’s going on?”

The people in the distance all looked up at the sky, their faces filled with shock.

Whoosh!

The rain poured down.

Tang Hao stood on the top of the waves and rose slowly. There was a strong wind around him, and the waves rolled.

He was like an ancient God who could control the wind and rain. With a single thought, he could turn the land into an ocean and overturn the heavens and earth.

“I’ll F * ck off!”

The people around them raised their heads and looked at the figure standing on the top of the wave. Their mouths were wide open and their eyes were about to pop out.

They had seen the art of summoning the wind and rain before, but it was the first time they had seen one that could reach such a terrifying level.

Tang Hao pointed a finger at young master Lu.

In an instant, the wind howled and swept up all the rain in the world.

At that moment, two beams of golden light shot out from young master Lu’s eyes toward Tang Hao.

Wherever the golden light reached, the raindrops would instantly evaporate. Its power was astonishing.

However, there was too much rain. How could it be so easy to break through the rain in the entire world? the golden light advanced for a distance and was blocked, unable to advance any further.

“No... I won’t lose!”

That young master Lu roared out unwillingly.

He couldn’t lose!

He was the number one evildoer on planet jumen, and also the number one of Mount riyue. In a battle of the same cultivation level, and it was a competition of eye techniques, how could he lose!

He gritted his teeth, and the Dao pillar in his body trembled madly. He drove his Dao energy into his eyes.

The pair of golden eyes burned even more fiercely, and the golden light expanded as it suddenly advanced a foot.

Tang Hao snorted and activated his precious eyes. The rain poured down from the sky and the wind became more violent.

Between heaven and earth, raindrops swirled and turned into great rivers that slapped out.

Just like that, after a long confrontation, the golden light finally couldn't hold on any longer and slowly retreated.

In the end, young master Lu shuddered. He could not hold on any longer. His precious eyes collapsed.

The raindrops that filled the sky crashed down, blasting him away. With a pfft, he spat out a mouthful of blood.

"Young master Lu has lost!"

Everyone exclaimed in shock.

"The sun Moon Mountain's great sun burning heaven pupil actually lost. What kind of pupil did that old devil Shi cultivate? he can actually call the wind and summon the rain!"

"This old Demon Stone is truly powerful!"

They raised their heads to look at the sky, their expressions filled with reverence.

In their impression, the reason why old Demon Stone was so fierce was because of the two Supreme great DAOs of life and death and reincarnation. He also had a tribulation weapon. They did not expect that even his eye technique was so powerful.

“This young master Lu is unparalleled. Ever since he started cultivating, he has never been defeated. He even killed three powerful cultivators. I didn’t expect that he would fall at the hands of this old Demon Stone!”

“He didn’t lose in vain! After all, he’s still young, while that old Demon Stone is a thousand-year-old demon. He’s incomparable!”

They started to discuss in low voices, and they felt a little happy.

This group of demons had always thought highly of themselves and looked down on old monsters like them who had cultivated for hundreds or even thousands of years. This had long made them very unhappy. Today, this group of little demons had finally fallen, which really made them feel a little happy.
