

The Mightiest Little Peasant Chapter 1356

As soon as he finished speaking, the surroundings fell silent.

The mountain path was completely silent.

Everyone was shocked by that sentence and wanted to step onto the peak! What kind of heroic spirit was this!

But then, many people shook their heads, and some even showed a mocking look.

The peak of ten thousand Zhang!

It was an impossible height!

Even young master Lu and the rest did not have much hope. With this unknown person who came out of nowhere, it was even more impossible!

“Hahaha!”

Many people laughed.

In their eyes, this guy must be joking.

” 30000 meters? do you really think he’s a top monster? I don’t think he’ll even be able to reach 80000 Zhang!”

Some people even said a few sour words.

The young man smiled and didn’t say anything more. He just walked up the mountain road. From time to time, he would stop and sit cross-legged in front of the grave. Before long, the grave would shake and a soul would rush out.

Every time this happened, he would shake his head, get up, and leave.

The crowd followed behind, completely numb. They could no longer remember which tower this was.

“This guy ... Is definitely an extraordinary person!”

They couldn't help but praise.

“Three thousand Zhang!”

“Four thousand Zhang!”

“He's still going up. He's already past five thousand, but he's still very relaxed. He hasn't even revealed his Dao ring.”

At the 50000-foot mark, many people could no longer come up, so they retreated and landed on the meteorite belt around them, watching from a distance.

Outside, a lot of people had already gathered. Some didn't go in from the beginning and only came to watch the show. Most of them were Masters of three cuts, including the elders of the major sects.

There were also some who had left long ago and were gathered outside, never leaving.

Originally, their gazes were all focused on the top, on the group of geniuses. But now, they all turned their eyes to the middle.

They had also heard that there was a strange person on the mountain!

This person was also very arrogant, saying that he wanted to reach the top and set foot on the summit.

” 30000 meters? Buzzzzzz! You're overestimating yourself!”

They laughed and did not take it seriously.

They were all very curious about where this person had come from and what heights he could reach.

Their gazes followed the figure, from more than 50000 feet to more than 6000 feet.

“His Dao ring hasn’t even appeared, and he still has some energy left! This guy is quite powerful!”

The crowd was somewhat amazed.

Only those top geniuses could still maintain their composure and hold back when there were more than six thousand of them.

This made them even more curious about this person’s identity.

“Guys, look! He stopped!”

The figure stopped when he was about 70000 feet away. To everyone’s shock, two brilliant rings of light appeared behind him.

“What a huge Dao ring! It was him! So it’s him!”

“Why is it him?”

There was an uproar.

Only one person in the entire Galaxy possessed such a huge and unique Dao ring. It was old Demon Stone.

Then, they came to a sudden realization. This old Demon Stone could comprehend two types of Supreme great DAOs. Moreover, his combat strength was so powerful. His talent must be pretty good. It was not too surprising for him to have such a performance.

“So this is his true appearance. He’s also an old monster who likes to pretend to be young!”

“He’s lived for over a thousand years, it’s normal for him to know a bit about the four Arts. ”

Everyone was discussing.

“Hey! This old devil is really bold to appear here. Isn’t he afraid that the people of Mount Riyue will block him?”

Many people looked in the direction of the sun Moon Mountain.

On the other planetary ship, the cultivators of Mount Riyue all had extremely dark expressions.

“How far do you guys think old Demon Stone can go?”

“This ... It’s hard to say. This person’s talent is really a mystery. It’s very strange. Back then, I used the Dao stone to test it, but there was no reaction!”

“From what I see, his talent should be pretty good. However, it’s only pretty good. He can’t be compared to young master Lu and the others. At most, he should be around 8000. Only young geniuses could reach 9000! This old devil is over a thousand years old, there’s no hope!”

“That’s right! Nine thousand was a threshold, and age was the key. He couldn’t cross it. Buzzzzzz! What’s laughable is that he even said that he would climb to the top of the mountain. What a joke. ”

The crowd looked up and then pulled their gazes back, revealing a mocking look.

This old Demon stone’s talent was not bad, but his age was his weakness.

Youth represented potential. However, old Demon Stone was already more than a thousand years old and had no potential to speak of.

“This fellow came at the right time. I can take this opportunity to kill him and avenge my humiliation!”

The people from the sun Moon Mountain were filled with killing intent.

The other major powers were also eager to make a move. No one wanted to miss out on a tribulation weapon.

On the mountain path, the figure climbed from seven thousand Zhang to eight thousand Zhang.

Hearing the commotion at the foot of the mountain, the group of evildoers stopped right at the 90000-foot mark.

“The one surnamed Shi!”

Looking at the figure that was slowly walking towards him, Master Lu gritted his teeth and his eyes were filled with hatred.

The Wang family young master and the others had ugly expressions on their faces.

Previously, in the mountain of a hundred medicines, they were beaten by this old monster and fled in panic, which was a great humiliation.

Tang Hao ignored them. He continued walking up the stairs.

Twenty-three thousand meters, twenty-four thousand meters ...

He was getting closer and closer to the 90000 feet.

“We’re almost at the top!”

“It should stop at eight thousand nine hundred!”

Everyone said with certainty.

“Eight thousand nine hundred and ninety-nine, he stopped!”

In everyone’s line of sight, the figure stopped as he wished.

“Shi, if you have the guts, come up!”

“Surnamed Shi, your talent is not bad. Unfortunately, you are far inferior to us. You can only stop here. Our goal is to reach the top of the mountain!”

Young master Lu and the others looked down from above and mocked him.

“Shi, just you wait. When I kill three, you’ll be the first one I kill!”

They clamored even more fiercely.

Tang Hao stood there with an indifferent expression.

“You guys ... Are you done talking?”

Suddenly, he coldly chided.

“You ... You still dare to be so arrogant here!”

“Shi, don’t be so arrogant!”

The group of evildoers changed their expressions and rebuked angrily.

“Get lost! A bunch of trash!”

Tang Hao glared at them coldly and scolded them.

“You ...”

The group of demons were so angry that their lungs almost exploded, and their faces turned ashen.

The crowd was in an uproar.

“This old Demon Stone is too arrogant! How dare you call young master Lu and the others trash!”

“Young master Lu and the others are not useless. He is! A thousand-year-old monster can only stop here, and he dares to mock young master Lu and the others for being trash. I really don’t know where he got his confidence from!”

Everyone said angrily.

“Shi, if you have the ability, then come up! If you can’t get up, then get lost! Don’t embarrass yourself here!”

Young master Lu growled.

Tang Hao glanced at him. Without saying a word, he stepped up the stairs and reached the 90000-foot mark!
