

## The Mightiest Little Peasant Chapter 1361

“One, two ...” He said.

Tang Hao’s expression became even more unsightly.

He had only killed two, and he couldn’t even defeat one heaven monarch, let alone so many.

He turned around and saw a few other rays of light coming from the other direction. They were also heading toward the path tomb.

“Motherf \* cker!”

Tang Hao gritted his teeth and cursed.

There were so many of them that all the heaven monarchs in the entire star field were here. It was obvious that these people were here to deal with him.

“What a bully!”

Tang Hao was a little angry. There were so many immortal cultivators here to deal with a Dao crusher like him. How shameless.

He looked around and saw the rays of light surrounding him. His mind gradually sank.

Back on planet Gaoyang, that old man Qinglan didn’t move his body and only used his will. That was why he had the chance to escape. But now, with so many heaven monarchs here, he had no chance of escaping.

He didn’t have any means to fight against these heavenly Lords.

The difference between severing the Dao and becoming immortal was too great and insurmountable.

Tang Hao’s expression grew grimmer and grimmer as the lights approached.

What should he do?

His mind moved like lightning as he searched for a solution.

Should he rush out now?

It was obviously not a good idea. There were so many people surrounding him, and they would definitely stop him. Moreover, those heaven monarchs were almost here. Even if he could break out of the encirclement, he couldn't escape from the pursuit of these heaven monarchs.

No matter how fast the sky Thunder ship was, it couldn't be faster than a heavenly Lord.

If they stayed here, they probably wouldn't be able to get in, so they should be fine for a while.

However, he couldn't stay here forever. After the Dao tomb was closed, it would be five hundred years before it opened again.

That's right, that group of freaks!

All of a sudden, an idea came to Tang Hao's mind.

He would have a chance to rush out after robbing that group of monsters.

However, the success rate of this method was not high. After all, the group of geniuses was quite powerful. It would not be a problem to defeat them, but it would be difficult to capture them.

He had to take a gamble!

Tang Hao stood up and was about to descend the mountain to capture the evil cultivators. He wanted to use them as a bargaining chip to escape.

At that moment, The Blood King waved his hand and said with a smile, "Sit down! What's the hurry!"

Tang Hao was surprised.

“Let them all come over!” The Blood King said, “it’s outrageous to bully a Dao severing cultivator like you with his status as an immortal!”

“These people have always thought highly of themselves and looked down on our Qiyuan people. I don’t know how many of these people I’ve killed in the past. I don’t mind killing a few more today!”

As he spoke, his tone turned cold, revealing a bit of killing intent.

Tang Hao’s heart trembled.

Kill more?

Hiss!

How arrogant! They were all heaven monarchs!

If The Blood King’s true body was here, he would not have any doubts. However, it was only a soul in front of him!

“A mere immortal transformation is nothing!” The Blood King spoke indifferently. His tone was filled with extreme confidence, and his expression was filled with contempt.

It was as if in his eyes, the immortal realm heavenly Lords were just chickens and dogs that could be easily killed.

Tang Hao was a little nervous, but he still sat down.

“Don’t tell me I’ve found someone to rely on?”

Tang Hao was excited.

If a soul could match an immortal, then how powerful was The Blood King's true form? could he already be a half-immortal at the immortal tribulation stage?

The more Tang Hao thought about it, the more excited he became. His eyes sparkled as he looked at Dao hun.

In his eyes, this was clearly an extremely thick thigh. If he didn't hug it now, when would he?

"Hehe! Big brother Blood!"

Tang Hao grinned and called him 'big brother'. His face did not turn red, and his heart did not beat faster.

The Blood King could not help but laugh.

At this moment, the first light arrived outside, and a figure in a green robe appeared.

He stood in the void and his eyes were like lightning as he looked at the peak of the mountain. His expression was unusually serious.

"Immortal grade!"

He mumbled to himself, his heart in turmoil.

On the way here, he had received another message, but the content left him dumbfounded.

Not tenth grade! It had surpassed the tenth grade, and was an even more terrifying celestial grade!

At that time, he had thought that it was a joke.

"This kid is too terrifying!"

His expression turned cold, and a strong killing intent surged in his heart.

When he attacked earlier, he was bullying the weak. There was already a grudge between the two of them. If he let this kid escape and grow up, the consequences would be unimaginable.

“This brat must die!”

His face twitched and revealed a sinister and ruthless expression.

“It’s heavenly Lord Qinglan!”

“Heavens! It’s the main body!”

Everyone burst out in exclamations.

Everyone was a little shocked. It was extremely rare for a heaven monarch to make a move.

“Look, there are so many lights! They are all heavenly Lords! Oh my God! Why are there so many of them?”

Everyone was completely shocked as they looked at the beams of majestic light.

It was rare to see even one heaven monarch, but there were more than a dozen of them.

“It seems like that Shi guy is too monstrous. Even these heaven monarchs can’t hold back!”

“That kid is finished!”

The crowd shook their heads and sighed.

Heaven monarchs were the strongest combat force in this region. With more than a dozen heaven monarchs here, no one could resist such a terrifying force. Today, that man surnamed Shi would not be able to escape even if he had wings.

No one doubted this.

Although that Shi fellow was freakish, he was only at slash two. In front of a heavenly Lord, he was just an ant.

At that moment, many people felt sorry for him, but even more people cheered him on, their faces filled with hatred.

That Shi guy was too insolent. After coming here, he had killed countless people. It was best for him to die.

“It’s actually a celestial grade!”

The second light came, and a golden figure appeared. It was heavenly Lord rixiao of the Riyue Mountain.

He stared at the peak of the mountain, his face extremely gloomy.

“I never thought that I would have the chance to kill a God grade monster with my own hands!” He suddenly sneered, and a look of satisfaction flashed in his eyes.

A God grade genius was extremely rare, and a force that could cultivate a God grade genius must be extremely powerful. No one would dare to attack a God grade genius easily.

However, this one was different. He was from Qiyuan and was merely an old star. He had no background to speak of. If he was killed, so be it. There was no trouble at all.

“Hahaha! A deity grade! I say, old man rixiao, why don’t you give him to me? I want to try killing a God grade monster and see how cool it is!”

Another heavenly Lord arrived with a loud laugh, and his pressure shocked everyone.

“Hey! Don’t fight with me!”

Whoosh!

Another heaven monarch arrived, and the immortal radiance on his body illuminated the starry sky.

“And me!”

“Don’t panic, wait for me!”

One by one, the heaven monarchs arrived and surrounded the ancient mountain. A terrifying force spread out and suppressed the entire void.

The crowd couldn’t help but exclaim in shock.

Their hearts and minds were also more and more shocked.

It had been many years since a Grand occasion like the arrival of all the heavenly Lords, and all of this was because of a young man who had just cut two. It was truly unbelievable.
