

The Mightiest Little Peasant Chapter 1362

“That kid ... Is mine!”

Heavenly Lord rixiao shouted and looked around coldly.

“Swish!”

The rest of the heaven monarchs sneered, showing no intention of giving in.

Not to mention the things on the kid, none of the Lords of Heaven could resist his identity as a God grade monster. They all wanted to try and kill a God grade monster.

This kind of opportunity was hard to come by.

“Whoever snatches it will have it, but it’s based on their own ability!” Heavenly Lord Qinglan said.

“That’s more like it!”

The heavenly Lords immediately agreed.

Heavenly Lord rixiao’s face darkened.

Two geniuses of the sun Moon Mountain had been killed, and the number one genius had been defeated by that guy. They had lost all their face and become a laughingstock. If he couldn’t kill this kid with his own hands and let someone else take it away, the sun Moon Mountain would never be able to wash away their shame.

“That kid ... He’s not out yet!”

After waiting for a while, some of the heaven monarchs grew impatient.

“Just wait! That kid must know that we’re here and doesn’t dare to come out. In seven days, when the Dao tomb closes, that kid should come out.”

Heavenly Lord Qinglan said.

He lowered his body and landed on his own planetary ship.

“Sect master!”

The group of people from the green mist sect immediately bowed and greeted him respectfully.

The rest of the heaven monarchs also landed and waited.

“So many heavenly Lords! What a rare sight!”

Everyone was discussing fervently.

The death of a God grade monster was enough to be passed down for thousands of years, and they were witnessing history.

The situation on the mountain was also extremely lively. People kept coming down the mountain and joining the crowd to watch.

“I wonder who will succeed. There are too many heavenly Lords!”

“Hey! I’m guessing it’s definitely from the sun Moon Mountain. Look at their stance, they’re completely going to risk their lives to get it.”

After waiting for a while, they still didn’t see anyone. Out of boredom, everyone started to argue about who would succeed.

Suddenly, someone shouted, “He’s out! He’s out!”

In an instant, the surroundings fell silent.

Everyone's eyes looked up at the peak of the mountain.

There, a figure emerged from the mist. He walked over step by step and finally stopped on the stone steps.

He stood with his hands behind his back, his face indifferent, without a trace of panic, only calmness and composure.

"Good fellow! He's still so calm at this critical moment. He's worthy of being a celestial grade monster, he's just different!"

Many people exclaimed in admiration.

"Hey! Come on! He must be pretending, I think his legs are soft now!" There were also some who scoffed.

They didn't believe that this guy could be so calm. These heaven monarchs weren't just for show. One of them could crush this guy. Who could be so calm in the face of certain death?

"This guy ... Is really something!"

Heavenly Lord Qinglan muttered with a look of admiration in his eyes.

Even though the two of them were enemies, he had to admit that this kid was a character.

"Hmph!"

At this moment, the rixiao heavenly Lord snorted angrily, stepped up, and shouted, "You little brat, do you know who I am?"

Tang Hao glanced at him and said coldly, "I don't know him!"

"I am the master of Mount Riyue. You have killed so many of my Mount Riyue's people. I will settle this score with you today!"

“You still have a chance. If you obediently surrender and follow me back to Mount Riyue, then kneel down in front of the gate of Mount Riyue and apologize, I will give you a quick death!”

“Otherwise ... I’ll let you have a taste of the most painful torture in this world. I’ll let you suffer for all eternity.”

Heavenly Lord Rixiao said viciously.

Tang Hao’s expression did not change when he heard that. Instead, he smiled.

“Old man, you’re dreaming! You’re a dignified heavenly Lord, and you have the nerve to deal with me, a Dao crusher. Do you still have any face?” He coldly rebuked.

“And you guys ... What a big formation! You’re really shameless!”

He looked around and glanced at the heavenly Lords.

When their eyes met his, the Lords of Heaven blushed. It was a little embarrassing for a Lord of Heaven to bully a young man who had just cut two.

“Kid, don’t talk nonsense! What shame? we’re doing this on behalf of the heavens!”

“Yes, yes! That’s right, in order to prevent you from continuing to kill innocents and create chaos everywhere, we have to act!”

Then, they put on a righteous look.

“Then I’d like to see how you’re going to keep me here!” Tang Hao laughed coldly. It’s not that easy to kill me!”

Hearing this, everyone was stunned.

Immediately after, the four sides burst into laughter.

“Hahaha! There must be something wrong with this kid’s brain! You’re still so arrogant at a time like this!”

The group of heaven monarchs was also stunned for a moment before they burst out laughing.

This kid was really a little ridiculous.

Any one of them could easily crush this kid, and the void around them had been completely sealed. No matter how powerful this kid was, he would not be able to escape today.

“Kid, I didn’t reveal my true body last time, so I let you escape. You still want to leave today?”

Heavenly Lord Qinglan sneered.

“You’re overestimating yourself!”

The rest of the heaven monarchs sneered and chided.

“Kid, since you’re so confident, then come out! Don’t hide in there!” Heavenly Lord rixiao shouted.

Tang Hao glanced at him, then stepped forward.

“He’s really out!”

“Is he crazy? If you come out, you’ll die!”

The crowd was in an uproar. They were all in disbelief.

The group of heaven monarchs was stunned and subconsciously felt a little suspicious. After all, it was a little abnormal for this guy to come out and accept his death.

But then, they threw these doubts to the back of their minds.

No matter what methods this brat had, it was impossible for him to stop them, and it was also impossible for him to escape. This brat was doomed!

“This kid is mine!”

Heavenly Lord Qinglan shouted and struck out with his palm. In a flash, a huge green palm appeared and slapped over.

“Old man Qinglan, don’t fight with me!”

Heavenly Lord rixiao was furious. His eyes flickered, and golden lights appeared around him. They were sword Qi that seemed to have substance. They gathered together and turned into a golden sword, which pierced through the air.

“Hahaha! All of you, move to the side!”

One of the old heavenly Lords laughed and spat out a black light.

In the starry sky, light flashed.

The group of Lords of Heaven used all their means to attack the figure. At the same time, they also moved and swept out at high speed.

Whoosh! Whoosh! Whoosh!

Rays of light shot through the air, and the overflowing energy caused the air to tremble.

Any one of these attacks was a blow from a Lord of heaven. As long as it hit, that kid would probably die on the spot with his mere two-slice cultivation base.

Everyone tensed up, their eyes wide open as they stared at the scene.

However, at this moment, a cold snort suddenly exploded.

This sneer was like a clap of thunder, causing the air to tremble.

Everyone's heart trembled as if someone had hit their chests with a heavy hammer. Even the heaven monarchs were no exception.

"What ... What's going on?"

Their bodies froze, and their expressions changed drastically.

Their gazes simultaneously swept towards the mist on the mountain peak. There, a blood-colored figure stepped out. Its body was translucent, and it was a soul.

Even though it was only a soul, it exuded a shocking aura, as well as a demonic and evil aura.

"You dare to bully me, an initial element cultivator, die!"

"Die!" He shouted coldly as he raised his hand and pointed forward.
