

The Mightiest Little Peasant Chapter 1371

On the vast ancient road, a group of people were speeding.

Their speed was very fast, and they left the people behind them far behind, leading by a large margin.

After sprinting for a while, they would slow down. They were all at the early Dao seeking stage and had limited Dao essence. They couldn't last long.

"Martial sister Yu, look, that cloud, doesn't it look like a heart?"

A young man raised his hand and pointed at a cloud in the sky.

After he finished speaking, he turned around and looked affectionately at the woman beside him.

The woman was stunned for a moment before she chuckled.

Her smile was like a Hundred Flowers blooming, bright and beautiful beyond comparison.

The group of young men were stunned and revealed a look of infatuation.

"F * ck! You're really shameless!"

"To think he can say such mushy words!"

Immediately after, they cursed out in low voices.

"Sister Yu, look, that cloud ... Doesn't it look like a rabbit? it's so cute!"

"Sister Yu, look ..."

But just as he finished scolding them, they also followed suit and enthusiastically fawned over him, as corny as they could get.

Even those who didn't try to please her looked at her with a bit of enthusiasm.

Not only was Yu shixiang beautiful, but she was also a famous beauty in the Dong Lin Galaxy. She was also extremely talented and seemed to be the reincarnation of a powerful being. If he could win her favor, he would be able to benefit from her when she awakens in the future.

That was why these people were so attentive.

Some of them could have been faster, but they had deliberately restrained themselves at this moment, all for her sake.

A moment later, they began to accelerate and continued to charge forward.

"Soon!"

"Look, we can already see the exit!"

After a long time, the exit could be seen in the vast expanse ahead.

This vast ancient road was actually located in a Canyon. The distance itself was very short, but inside, a boundless space had been created by a supreme power, which was why it was so long.

The exit led to the other end of the canyon.

Seeing the exit, they all revealed a look of joy.

"It's only been four hours. I'll probably need another fifteen minutes. Although I can't break the record, it's still not bad."

"The first place is naturally Junior Sister Yu 's!"

They all laughed and happily walked towards the exit.

However, at this moment, a sudden noise came from behind them. They were stunned and confused. They had long shaken off the people behind them and pulled a long distance away. How could someone catch up?

He turned around and saw a figure chasing after him at high speed.

“Who is this person?”

“I don’t know him! I’ve never seen him before!”

They looked at him and shook their heads, feeling even more confused.

“Everyone, the examination of the equal to heaven Department has always been filled with hidden experts. We’d better stay alert and not take it lightly.”

That demon from the Xiao clan said.

“Hmph! He won’t be able to catch up to us!” The genius of the Thunder clan snorted coldly, his expression disdainful.

His Thunder clan was the best at speed. If it wasn’t for the fact that he wanted to please his martial sister Yu, he would have left long ago.

The group of geniuses were not too worried. They were very confident in their own strength.

“Shake him off!”

They all increased their speed and burst out with their full strength. Their speed suddenly increased by a few notches.

“That guy’s gone!”

After charging for a distance, they slowed down and turned around proudly. However, when they looked closely, their faces froze. The smug look on their faces suddenly froze.

Then, their eyes widened slightly, revealing extreme shock.

Not only did the guy behind him not disappear, but he was getting closer and closer.

That guy ran faster and faster, his speed soaring crazily, constantly closing the distance.

“This ... How is this possible?”

Their expressions gradually became dull.

This speed was too shocking!

“This guy ... Who is he?”

When they came back to their senses, their expressions changed and became a little ugly.

They had never expected that an expert would suddenly appear when they were about to reach the finish line.

“Hurry up! We can't let him catch up!”

“We can't let him take first place!”

They panicked and roared a few times before charging forward madly.

They could give the first place to the beautiful rain master, but they would never give it to anyone else.

If this guy got first place, where would their face be?

All the evildoers gritted their teeth and charged forward with all their might.

Yu shixiang also gritted his teeth and charged forward.

In front of them, the exit was getting closer and closer. However, the guy behind them was also getting closer and closer. He was too fast, so fast that it was unbelievable!

They turned back to look from time to time, and they became more and more frightened and panicked.

“This guy ... What’s going on? How could he be so fast?”

“Dammit, could he be one of those wind race bastards? I’ve never heard of any powerful figures coming out from them!”

“Hurry up! He’s catching up!”

Gradually, they began to despair. They could only watch as that fellow caught up to them and left them behind one by one.

“How could it be like this!”

At the forefront was Lei zhentian, the number one genius of the Thunder clan. He gritted his teeth as his face turned ashen.

He had already used all his strength, but he was still no match for this guy’s speed. The distance between the two of them was constantly shortened.

“Motherf * cker! Where did this bastard come from?”

“F * ck!” He cursed, feeling extremely regretful. If it wasn’t for his Junior Sister Yu, he would have taken first place long ago. How could he have been overtaken by this guy?

However, it was too late to regret now. He could only watch as the fellow behind him caught up to him and shook him off. He reached the exit first and disappeared.

At this moment, in the canyon where the exit was located, several elders of the heaven-equal Department were sitting on the rocks with their eyes closed, meditating.

Suddenly, an old man in front opened his eyes and looked towards the exit. He muttered, "It's about time. We should be here."

"There are many good seedlings in this assessment. Zhen Tian from the Lei clan and Xiao Yan from the Xiao clan are both outstanding talents! This round will be a competition of speed and endurance. It's most likely that brat from the Thunder clan!"

Another old man stroked his beard and laughed.

"I think so too! That brat from the Thunder clan was truly incredible! He had the innate saint's potential! With a little training, he'll be an Overlord!"

"Yes! It's extreme!"

The other old men nodded in agreement.

As they spoke, their eyes were fixed on the exit.

Suddenly, the mist at the exit moved.

"There's movement! It's coming out!"

"Hahaha! It must be that kid Lei! Even though he didn't break the record, it's still not bad."

The group of elders laughed and looked over again.

However, when they saw it clearly, they were all stunned and their faces were filled with astonishment.

"Who ... Who is this?"

The person who came out of the exit was not the Lei brat they had guessed, nor was he some top genius. Instead, it was a completely unfamiliar guy.
