

The Mightiest Little Peasant Chapter 1376

Tang Hao stopped. His expression was grave.

The five figures rushed over and arrived in front of them in the blink of an eye.

“Surnamed Shi, how dare you snatch first place!”

Lei zhentian shouted, his face filled with anger.

He stood in the air and looked down with a haughty expression, which also contained a bit of disdain.

He didn't put this Shi guy in his eyes at all. A mere slash two was nothing in his eyes. Not to mention, he came from a remote star field, so how strong could he be?

The first round wasn't a competition of true strength, only speed. Everyone's cultivation was suppressed to the early Dao seeking stage, so this guy was lucky enough to get first place.

In terms of true strength, this fellow was simply not enough for him to look at.

The other four also looked disdainful, not taking this guy seriously.

They hovered in the air and glared at Tang Hao coldly, as if they had Tang Hao in the palm of their hands.

“Tsk!”

Tang Hao grinned and furrowed his brows.

This group of people was not easy to deal with!

In terms of cultivation, he was already a step behind.

These were all the descendants of the great ancient clans. An ancient clan's Foundation was extremely deep, and they possessed uncountable resources. Naturally, their cultivation bases were high.

If there was only one, he could still fight, but there were five of them at the same time. He was no match for them at all.

However, Tang Hao did not plan to run away just like that. Even if he wanted to leave, he had to kill one of them first.

He looked around and carefully sized up these people.

"Let's teach him a lesson first! Let him know the consequences of offending us!"

"This guy runs very fast, don't let him get away!"

The men glared at Tang Hao.

"He can't run!" Lei zhentian sneered. Then, he glared at Tang Hao and said angrily, "Shi, Who Do You Think You Are? you might be a Big Shot in the liuyun star area, but you're nothing here!"

"You didn't tuck your tail between your legs and behave yourself. You even dared to steal our limelight. You're simply looking for death!"

Tang Hao stood there, expressionless.

He looked around and his eyes fell on one of the black-robed young men.

"The Lin clan!"

He recognized the man. He was the genius of the Lin clan, one of the 3000 ancient clans.

Among the five of them, this person's strength was the most transparent, and he had some understanding of it. As for the others, he didn't know much about them and didn't know what kind of trump cards they had.

“It’s him!”

Tang Hao’s eyes narrowed.

“Shi, I’ll give you a chance. If you kneel down and kowtow to me, I’ll consider sparing your life. Otherwise ... Today will be the day you die!”

Lei zhentian shouted.

“Right! Kneel down!”

The other people immediately started to laugh arrogantly.

At that moment, Tang Hao suddenly moved. He stomped his foot and shot forward. The aura around him exploded. He stretched out his right hand and the five-colored battle spear flew out. He grabbed it and threw it out.

Lei zhentian and the others did not expect that this fellow would actually take the initiative to attack. They were instantly stunned for a few seconds.

The genius of the Lin clan was even more stunned and couldn’t Dodge in time.

Bang!

The battle spear struck, activating the defense on his treasured clothing. The two collided, and an endless brilliance exploded.

Even though he managed to block the attack, the Lin clan’s genius did not have it easy. He grunted and retreated, but before he could react, Tang Hao had already arrived. He held the Golden cauldron in his hand, flames of anger curling around it, and smashed it down on his head.

Bang!

Another attack.

The genius of the Lin clan groaned and fell down again.

“You want me to kneel? dream on!”

“Die!” Tang Hao roared. He grabbed the cauldron and swung it madly. The Golden cauldron turned into thousands of phantoms that poured down like a storm.

Peng Peng Peng!

After a round of violent attacks, the light screen became thinner, and the forest clan genius was constantly falling backward. He was completely suppressed.

Bang!

Another cauldron finally smashed through the light screen and ruthlessly knocked on that guy’s face.

In an instant, the face caved in, the nose bridge broke, and teeth flew out of the mouth mixed with blood. The pair of eyes were squeezed so hard that they almost popped out.

If it wasn’t for the light barrier blocking a portion of its power, this cauldron would have smashed this fellow’s head into pieces.

He cried out in grief as his body flew backward like a cannonball. With a bang, he smashed into the mountain wall, creating a large hole.

The other four people still couldn’t react in time, and their expressions were a little dull.

Was this fierce and unparalleled bravado really the Shi guy?

That fellow from the Lin clan was actually defeated?

They were stunned for a few seconds before they reacted, and their expressions changed.

The strength of this man surnamed Shi had completely exceeded their expectations.

“Do it!”

They roared and attacked at the same time, using their full strength.

One tribulation weapon after another, each of them exuding a terrifying aura, streaked through the air and shot over.

“F * ck!”

Tang Hao’s expression changed.

Four complete tribulation weapons? this was overestimating him.

He hurriedly blocked it, and his body trembled. He felt something sweet in his throat and almost spat out a mouthful of blood.

“Let’s go!”

He made a prompt decision. Using the momentum of his retreat, he quickly swept away and plunged into the ancient forest. Then, he tore open the void and entered.

“Don’t run!”

The four of them quickly caught up.

“Where are they? How did it disappear?”

They looked around, and their expressions became extremely ugly.

“This guy ... He’s quite slippery!” Lei zhentian gritted his teeth, his face ashen. “We must find him. If we don’t take care of him, where will our face go?”

“Shi, I’m going to kill you!”

The monster from the forest clan rushed out from the mountain wall. His face was ferocious as he howled at the sky.

Then, he turned into a stream of light and dashed to the side. He released his divine sense and began to explore wildly.

At the same time, in another corner of the trial zone, the void rippled, and a figure emerged. It was Tang Hao.

He clutched his chest, his face a little pale.

He was slightly injured from the blow just now, but it wasn’t a big deal. He just needed to adjust his breathing a little.

He first looked around and after confirming that it was safe, he sat down and adjusted his breathing for a moment.

After he recovered, he opened his eyes and his face was filled with anger.

That group of evildoers had gone too far!

“Hmph! Do you really think I’m easy to bully?”

He gritted his teeth and muttered.

Tang Hao’s ears twitched when he heard a group of people discussing something nearby.

“Al! Have you heard? that group of top-class evildoers is looking for that Shi guy. They’ve said that as long as they find him, they’ll reward him with a piece of equal to heaven token and provide him with protection. He’ll definitely pass the second round!”

“I heard that too. Many people are tempted and are looking for that guy everywhere! Let’s go too!”

“This ... Isn’t very appropriate! That Shi guy seems to be quite powerful ...”

“Hey! How powerful can he be? besides, that guy is just a country bumpkin from the corner of the world. Nothing happened to us if we offended him, but would he dare to offend us?”

“Don’t worry! Let’s go and find that guy! When we find him, we’ll definitely pass the second round!”
