

The Mightiest Little Peasant Chapter 1379

“BOOM!”

“Dong Dong!”

In every corner of the trial zone, the sound of metal hitting could be heard.

With every sound, a person fell and was stripped of everything.

Regardless of whether you were from the ancient race or not, as long as you were caught, you would be knocked unconscious.

The void god art, coupled with the group of beasts, made Tang Hao invincible. No one could escape from his staff.

As for those people, they were knocked unconscious before they could even see his face.

He was the best at sniping people. He hit them with his heart and then deftly robbed them. The whole set of movements was as smooth as floating clouds and flowing water, and it was unbelievably fast.

In the time it took for others to knock one unconscious, he could knock out four or five. It was extremely efficient.

After a while, Tang Hao had knocked out countless people.

Thump!

With a single blow, one of the ancient race descendants let out a whimper as his eyes turned white and he collapsed.

“Thump thump!”

After a few more smothering hits, his companions fell as well. One of them fell facing Tang Hao, but he did not see anything. All he saw was a big stick.

When he fell, his face was filled with extreme humiliation.

He was a descendant of the ancient race, a top genius, and a young hero famous in the Dong Lin Galaxy. How could he have been hit by a stick?

This was a great humiliation!

He almost vomited a mouthful of blood, but before he could, the SAP hit him again, right on his forehead.

At the same time, a mumble was heard, "F * ck! This head is so hard, it's actually not dizzy. Knock again!"

"F * ck your mother! Again!"

That guy couldn't help but roar in his heart.

Then, his eyes rolled back and he fainted.

After giving him a good beating and stripping him of all his belongings, Tang Hao left happily.

He carried the big stick and continued to knock. For a moment, he was here, and then he shuttled to another corner. He appeared and disappeared unpredictably.

The giant beasts kept running around, coming and going.

"You little bug, don't let me catch you, or I'll make you suffer!"

"Damn you, little bug! Give me back my egg!"

They spoke the human language and roared madly.

They were about to go crazy from anger. That damn little bug was too detestable. It was running around everywhere. One moment, they could sense it, and the next moment, they couldn't. It was completely toying with them.

However, they didn't even know what that guy looked like. They could only beat up anyone they saw and attack indiscriminately.

When everyone heard this, they were stunned.

"F * ck! Someone must have really provoked them!"

They were a little shocked. Although they had some guesses before, they couldn't be sure. After all, they really couldn't believe that there was such a powerful person who dared to provoke so many immortal demon kings.

If he was not careful, he would be devoured by these immortal demon kings, leaving nothing behind.

"Who's this awesome guy?"

Many people exclaimed in admiration.

"Bah! He's clearly a bastard, but he caused us so much trouble. If it wasn't for him, would we be in such a miserable state?"

"Don't let me see him, or I'll kill him with one strike!"

"Count me in, I'm going to stab him with my sword!"

More people gritted their teeth, their faces full of hatred.

It was all this bastard's fault for causing them to suffer!

"A! Do you think this guy has nothing better to do? why did he provoke these monsters?"

At the same time, they were also extremely puzzled. They couldn't figure out the motive for doing so.

In their minds, provoking these monsters was completely free.

Not long after, they found people who had been stripped naked and robbed in the grass.

"There's one here!"

"There are many of them here!"

"Heavens! There's also some here, and they're all piled up into a small mountain!"

They were completely and utterly shocked.

Robbery was a common occurrence. They were supposed to fight each other for the equal heaven token, but they had never seen anything like this.

It was too tragic!

Moreover, there were too many people who had been robbed, and they all used the same method. It was obvious that they were all robbed by the same person.

"It must be that bastard! He deliberately messed up this place to fish in troubled waters and Rob everywhere!"

Someone came to a realization.

"Yes, yes! It must be like this!"

Everyone also understood.

They were furious. This kind of behavior was simply unforgivable.

“We must catch that bastard!”

“Catch that bastard! Hang him up!”

The crowd shouted, all of them extremely excited.

However, they thought that since that guy had robbed so many people, there must be a lot of equal to heaven tokens. They would be rich as long as they caught that guy!

They set off in groups, all of them highly enthusiastic, as if they had been injected with chicken blood.

However, after walking for a short while, he found a few more people in the grass in front of him. They were all naked, but these people were a little different. They had completely become pig heads, and their faces could not be seen clearly.

“Hiss! So miserable!”

They couldn't help but gasp.

“Eh? Don't you think these pigheads look a little familiar?” Someone asked in puzzlement after carefully examining it.

Everyone took a look. It was true. Although he had become a pig's head, the outline of his face was still there.

“Isn't ... Isn't this the monster from the night race?”

Suddenly, someone shouted with a shocked expression.

In an instant, everyone's expression changed.

“It's really him!”

“And this one ... He’s a monster of the cloud tribe! Oh my God! Even they were defeated? How is this possible?”

They were completely stunned.

One had to know that these people were all top geniuses. They were among the top dozens of people in this assessment.

To be able to rank in the top dozens among a million geniuses, one could imagine how terrifying the strength of these people was. And such a powerful character had actually fallen for it. He was stripped naked, beaten into a pig’s head, and thrown on the side of the road!

They found it hard to believe.

Then, their expressions froze and they shuddered. The hot blood that filled their hearts just now froze.

These people were so powerful. To be able to knock them out, it must be someone of the same level, or even more terrifying. It could be one of the top geniuses, or it could be a hidden master.

Among millions of geniuses, there were many hidden dragons and crouching tigers. Previously, there was already Shi Ritian, so it was not strange for another powerful figure to appear this time.

“Forget it!”

They all wanted to retreat.

In order to avoid being caught, they gathered into a large group and moved forward while avoiding the giant beasts.

In the corners, in the grass, they continued to discover more and more people. They were more and more shocked.

“He’s the evildoer of the Yan family! His strength is extremely terrifying, and he can be ranked in the top ten of that group of top geniuses. Even he was defeated!”

“Look, that’s the genius of the fen clan! He was also done for, Oh my God! It’s too miserable!”

They kept exclaiming in shock.

“That guy ... Who is he?”

“He’s crazy! It was completely inhumane! It’s simply outrageous!”

Everyone shouted, their hearts becoming more and more panicked.
