

The Mightiest Little Peasant Chapter 1380

In a corner of the trial zone, a group of people was moving forward.

There were a total of seven of them, and all of them were extremely monstrous figures. The one leading them was the number one monstrous genius of the Thunder clan, Lei zhentian.

There was also a woman among them. She was lithe, dainty, and alluring. She was Yu Shijie, the number one monster of the rain clan.

The group of people walked and stopped. From time to time, they would see some people who had been robbed and stripped naked in some corners.

“There’s one here too! He was also stripped naked!”

“Look, the position of their heads is exactly the same. It must have been done by the same person!”

Their expressions were grave.

Along the way, he had seen many of such people.

“This guy ... Is a little cunning! First, he provoked that group of beasts and completely messed up the trial zone. Then, he took advantage of the situation and committed crazy crimes. His methods are also extremely brutal!”

The genius of the Lin clan said in a deep voice.

“This person ... Who is he?”

Another demon said with a frown.

“That’s hard to say. There are many people participating in the trial, and there are many hidden dragons and crouching tigers!” Yu Shiyan furrowed her brows and said, “however, he must be a bold and cunning person! He’s a vile person!”

As she said that, she snorted lightly and revealed a look of contempt.

“Martial sister Yu is right. What kind of man is a sneak attack? If you have the guts, then come at me!”

The genius of the Lin clan cursed.

“Martial sister Yu is right. He’s a despicable person. He’s sinister and despicable.”

The others followed suit and started scolding, filled with righteous indignation.

“Don’t let me run into him, or I’ll kill him!”

“This guy.....Just like that Shi guy, they’re both so annoying, damn it!”

They clamored even more.

Yushi min looked around and frowned, “It’s better to be careful. This person’s strength is not weak! So many people have fallen!”

“Don’t be afraid, Junior Sister Yu. With brother Lin here, you don’t have to worry about anything!”

The Lin clan’s genius was the first to jump out and roar.

“Martial sister Yu, with my broad shoulders, I’ll shelter you from the wind and rain. You have nothing to be afraid of! You don’t have to worry. I’m here. ”

The other geniuses also fought to be attentive.

“Martial sister Yu, don’t be afraid, he’s just a small flea, I don’t think he’ll dare to have any ideas about us! We’re not that group of trash. It’s really embarrassing to be hit by a bludgeon!”

Lei zhentian placed his hands behind his back, his nostrils pointed upwards, and his expression was haughty.

And he had the capital to be so arrogant.

He was born with the pupils of lightning and had the potential to become a saint. In this assessment, other than Xiao Yan and a few others, no one could be compared to him.

He was a Dragon among men, an unparalleled hero. How could something like being beaten by a rod happen to him?

This was absolutely impossible!

“Exactly! If I’m really hit, I’ll just find a piece of tofu and kill myself!”

“Hahaha!”

The group of evildoers all laughed, and the atmosphere immediately became cheerful and relaxed.

However, right at this moment, a dark cloud suddenly came pressing down from the sky.

Their faces stiffened, and their laughter stopped abruptly.

When they looked up, their eyes widened, and they revealed a look of shock.

In the sky, a pitch-black demonic bird flew over, screeching as it pounced towards them.

“It’s the ROC Demon King!”

“Is it crazy? Why are they charging at us?”

They were a little flustered. Even though they were extremely conceited, they still felt a trace of fear when facing a giant beast at the immortal realm.

BOOM! BOOM!

A loud noise came from the side, and a giant python twisted its body and ran close to the ground.

Then, there was another rumble. The demon-like silver giant ape ran over. On the way, it broke off a mountain and held it in its hand, wanting to throw it over.

In other directions, giant beasts appeared one after another, all of them heading in this direction.

They looked around and shivered in fear, their faces pale.

With so many immortal beasts, even an immortal would be weak in the knees if he saw them, let alone them who had just cut their Dao.

“What’s going on? Why are they coming at us?”

“I ... I don’t know!”

Their tones were a little shaky and they were trembling.

“Eh? Look, there’s something over there, so many eggs!” Suddenly, a demon raised his hand and pointed to a Valley beside him.

When everyone looked at it, they were stunned at first, then their expressions changed drastically.

“F * ck! Those are the eggs of these demon kings!”

They finally understood why these immortal beasts were so crazy. Their eggs had been stolen.

At this moment, they felt their scalps go numb and great fear rose in their hearts.

They knew that the guy had his eyes on them. He had deliberately placed these eggs here while they were unprepared to lure these giant beasts over and take the opportunity to attack them.

“Let’s go!”

They were no longer as calm as before. As if their butts were on fire, they scurried up and tried to escape.

If they were misunderstood and attracted the siege of these giant beasts, they would be in deep trouble. Even if they didn’t die, they would lose a layer of skin.

However, before they could rush out, the pitch-black demonic bird swooped down with a whistling sound and a pair of sharp claws.

The other giant beasts also surrounded him at the same time. They couldn’t tell who it was, so they would beat him up first. They would rather hit the wrong person than let him go.

“Senior, don’t misunderstand! It wasn’t us! It really isn’t!”

“Senior, you’ve misunderstood! We really didn’t steal these eggs!”

Lei zhentian and the others were so frightened that their faces turned pale as they hurriedly tried to explain themselves.

However, the group of giant beasts did not listen to the explanation at all and directly charged over.

“Quickly run!”

“Run!” They roared and fled at their fastest speed.

The seven of them immediately scattered.

At this moment, a ripple suddenly appeared in the void. A figure emerged with a big stick in his hand and charged toward one of the people. It was the genius of the Lin clan.

He was fleeing in a panic and did not notice the figure that had suddenly appeared behind him.

Bang!

Then, there was a thump.

The big stick broke through the protective light curtain and smashed into the back of the Lin clan genius 'head.

The Lin clan's genius's body stiffened. His eyes widened as he held the back of his head with a look of disbelief.

He was hit by the SAP?

He was a descendant of an ancient race and a famous talent. How could he be hit by the bludgeon?

His face twitched, and he had the urge to vomit blood.

However, before he could spit out a mouthful of blood, a wave of dizziness washed over him. His body swayed and he fell down.

After knocking out the Lin clan's freak, Tang Hao's figure flashed. He shuttled through the void and pounced on the next one. He knocked him unconscious with a bang.

"No... That's impossible!"

Before he fainted, the demon trembled. He still couldn't believe that he would be hit by a rod.

Then, Tang Hao increased his speed to the maximum and knocked out a few more people. He even knocked out Yu shixiang. Finally, he pounced on the last person.

It was Lei zhentian.
