

The Mightiest Little Peasant Chapter 1387

“Congratulations on passing the test and coming here!”

“From now on, you’re members of our equal heaven Department!”

On the high platform, a white-robed man was loudly preaching.

This person looked to be in his forties or fifties. He had a refined look and had a scholarly air to him.

This man’s surname was Bai, and he was the Vice President of the equal heaven Department!

In the entire Dong Lin star field, he was also a top figure. With a stomp of his foot, the entire Dong Lin star field would be shaken.

As he spoke, his gaze swept back and forth among the crowd below, as if he was looking for something.

There were many old men standing around the square, and they were all elders of the heaven-equal Department. They were also scanning the crowd, as if they were looking for something.

It was the same for those who came to watch the ceremony.

Everyone was looking for that bold guy.

In the second round, brother audacious shocked the world with his brilliant feat. He defeated many top geniuses and robbed countless people. Even the herb garden of the heaven-equal Department was ransacked by him, causing a sensation for a time.

This matter had probably spread throughout the entire Dong Lin star field.

But then, in the third round, this audacious bro disappeared without a trace.

Both the elders of Qitian Academy and the elders of the ancient race had been observing in secret for a long time, but they found nothing.

They were even suspecting if that fellow was actually in there.

After a moment of scanning, they all retracted their gazes and gave up.

If they couldn't find anything in the third round, it was even more impossible now.

Besides, if he left, it would be useless no matter how they looked for him. But if he came in, there would be plenty of opportunities in the future, so there was no rush.

"This year's batch ... The quality is really not bad. Look, just one Lei zhentian is already guaranteed to enter the inner court. There's also that rain clan girl. It's said that she's the reincarnation of a powerful existence. We can't neglect such a character!"

"These two are not bad. The Xiao clan, Lin clan, and ye clan are also not bad ... They are very talented!"

The elders discussed and laughed while stroking their beards.

"This time, there are also many dark horses. For example, Shi Ritian from the liuyun star area. He's not bad. He won first place in the first round. In the third round, he got nineteen!"

One of the elders pointed at Tang Hao.

All the elders' expressions turned strange.

They had heard of the name Shi Ritian a long time ago. He was the famous weirdo foodie.

They had never expected that this guy was a Dark Horse and had even successfully entered. This really surprised them.

"This kid is pretty good!"

The few elders who had interacted with Tang Hao in the second round of the examination laughed and praised him.

“You’re all wrong. He’s actually a good young man. He’s very polite and very enthusiastic. As for eating, that’s just a hobby. It’s nothing. I like eating too!”

“Yes, yes, this is called true nature! It’s rare!”

When the group of elders heard it, they were all rather surprised. But they did not expect that these few people’s evaluation of this kid was so good.

Then, he carefully sized up the kid. Indeed! Well-mannered, well-mannered, and even a little shy. He was indeed a good young man!

“It seems like we’ve misunderstood him!”

“I’ve observed this kid before. He performed quite well in the third round!”

All the elders changed their words and began to praise him.

Just like that, Tang Hao’s reputation was cleared. From a weirdo that everyone laughed at, he became a good young man in their hearts.

On the high platform, the Deputy headmaster heard the elders’ discussion. He glanced at Tang Hao and sized him up. He nodded to himself and smiled at Tang Hao.

It was naturally better to have more good young men like this.

“According to the rules, the first place will be rewarded with a tribulation equipment! Although there was a little accident in the assessment, the rules will not change!”

As deputy headmaster Bai spoke, she gently clapped her hands and someone came up with a small box.

In an instant, everyone’s eyes turned to Lei zhentian.

Lei zhentian also clenched his fists tightly, revealing an excited expression.

This was a tribulation tool!

Even in his Thunder clan, there were only a few of them. No matter which ancient clan it was, a tribulation weapon would be a clan-guarding treasure.

The group of disciples looked envious. Tang Hao, on the other hand, was a little indignant. The treasure should have been his.

“Forget it, I’ll leave it with him for now. I’ll get it back sooner or later!”

He thought to himself.

“This treasure ... Is called the Golden Dragon scissors. An ancient second tribulation Daoist took a Dragon’s bone and refined it with unparalleled divine power. Then, it was tempered by the lightning tribulation before it was made.”

As deputy headmaster Bai spoke, she opened the box. Suddenly, a Dragon’s Roar exploded, and a golden light jumped out of the box and rushed into the sky.

It was a Dragon, its entire body was golden, and its divine might was shocking.

It flew up to the sky and circled around before landing. It turned into a pair of Golden Scissors and returned to the box.

“Come on up!”

Deputy headmaster Bai smiled at Lei zhentian.

“Thank you, deputy headmaster!”

Lei zhentian expressed his thanks and suppressed his excitement. He then stepped forward and received the Golden Scissors.

“Congratulations! Congratulations!”

Over at the Gu family elders 'side, the crowd surrounded the elder of the Thunder family and congratulated him as well.

“All right, follow these elders and go get your clothes, tokens, and ... Choose your cave abodes. They'll also give you a detailed introduction of the heaven-equal courtyard.”

After a while, deputy headmaster Bai pointed to the elders standing on the side.

“Let's go!”

The few elders beckoned to the disciples.

Everyone immediately swarmed forward.

At this moment, the Lin clan genius suddenly turned around and glared at Tang Hao. His eyes were filled with hatred.

“Shi, I still remember that cauldron of yours! Just you wait, I won't let you have a good time!” He said through gritted teeth.

During the second round of the assessment, he had been smashed in the face by this Shi fellow's cauldron. To him, this was a great humiliation.

“Shi, you better be careful!”

The rest of the evildoers turned around and glared at Tang Hao. Their expressions were hostile.

If it wasn't for that bold brother causing trouble, that Shi brat would have died in the second round!

They didn't expect that he would enter the equal heaven courtyard and become their fellow disciples, which made them extremely displeased.

“Brat, don’t think that you’ll be able to turn over a new leaf after entering the equal heaven Department. You’re still that country bumpkin. We’ve got plenty of ways to deal with you!”

“Kid, don’t let us catch you!”

One after another, they said some harsh words, cast a mocking look, and turned to leave.

Lei zhentian also glanced at Tang Hao. He did not say anything, but his meaning was clear.

“Let’s go!”

He turned around and strode away.

“Brother, you’re in big trouble!”

Many disciples passed by Tang Hao and shook their heads in pity.

“Tsk! I’m not afraid of you!”

Tang Hao rolled his eyes, but he was not afraid. He had never been afraid of anyone.

He took a step forward and followed the crowd to get the uniform of the equal of heaven courtyard and his identity token. Then, he came to the cave abode area and chose his cave abode.
