

The Mightiest Little Peasant Chapter 1400

“We have to learn from Shi Ritian!”

The grassroots disciples were greatly encouraged, and their fighting spirit was high.

“We are the descendants of the ancient race. How can we lose to such a person?”

The geniuses of the ancient race were also stimulated. They were all working hard to catch up with Shi Ritian and avenge their humiliation.

Therefore, a vigorous learning activity was launched in the heaven-equal Department.

The disciples could be seen everywhere. They didn't forget to study even when they were walking, eating, or doing missions. They would hold a few books or Jade slips in their hands and read them as if they were intoxicated.

“Very good! Very good!”

The group of elders were all very pleased.

Shi Ritian was really a good thing for the heaven-reaching Department. Not only did he break three rankings and set a new record, but he also inspired so many disciples. It was a great thing.

“Shi Ritian, just you wait. I will break your record sooner or later!”

Those geniuses were also greatly stimulated, all of them were full of energy, wanting to catch up with Shi Ritian.

Soon, the news spread outside and caused a sensation.

“Breaking three lists in a row? Oh my God! Is he still human?”

“Shi Ritian? This name is a little unfamiliar! From the flowing Cloud Star area? Impossible! How could such a world-shaking figure appear in such a remote place?”

There was an uproar.

Everyone in the world knew just how important those lists in the heaven-reaching Academy were, and no one knew how many years it had been since someone had broken through them. But now, a monster like him had appeared, and he had broken through three lists in one go.

Furthermore, two of them were first, surpassing the geniuses of the ancient era.

Such strength was truly terrifying!

“What a great fortune does the heaven-equal Department have!”

“This year’s Qitian Academy is really boisterous. Previously, there was a bold brother, and now there’s a world-shocking genius, Shi Ritian. It’s really interesting!”

Everyone sighed, and in their words, there was some jealousy.

This news caused a sensation in the array world, pill world, and tool world.

Just like that, Shi Ritian’s name spread across the entire Dong Lin sacred planet.

Tang Hao spent the next few days cooped up in his cave abode, studying the ancient books.

Each of these books was invaluable. They recorded the life work of a nine-cauldron Alchemist, a tier 9 blacksmith, and a nine-star array master.

Those inheritances were also quite ancient and extremely powerful.

Tang Hao was mesmerized by the book. With his current level, it seemed like there was no difficulty at all. He could understand it with one look and master it with a little research.

For example, he could easily master some ancient alchemy techniques and formation structures after a few practices.

After absorbing this knowledge, his level in the three Dao of elixirs, weapons, and arrays had increased by quite a bit.

He only finished reading it after seven days.

“As expected of a Grandmaster!”

“Amazing!” Tang Hao sighed in admiration.

These books were of great benefit to him.

“Next, it’s time to absorb the treasured medicine!”

He took out all the precious medicines and threw them into the Golden cauldron. After refining them slightly, he swallowed them one by one.

As the treasured medicine entered his stomach, it turned into a surge of spiritual energy that gushed toward the divine bone in his chest.

After evolving to the third form, the bones in his entire chest had turned into a dazzling golden color. Even his blood vessels and blood had turned golden.

Every inch of his flesh and blood contained an endless amount of essence and vitality, like an ancient beast.

Now that he had absorbed so much spiritual Qi, the Golden color spread out again. His bones, flesh, and organs all changed. Even his heart was gradually suffused with a touch of gold.

Plop! Plop!

His heart was beating more and more vigorously.

It took Tang Hao three whole days to fully absorb the precious medicine.

When he stood up and moved his hands and feet, he could feel that his body had undergone a great change. His physical strength was several times stronger than before.

He even had a feeling that it would not be a problem for him to destroy a giant mountain with one punch.

After a moment of joy, he frowned.

He was still a long way from the evolution of his godly bones.

When his godly bones evolved, his physical body would be several times stronger and he would truly become an existence like an ancient true dragon.

“The Masters still have a lot of precious medicine, but there’s no way to ask for it. We’ve already taken one each. Besides, they don’t have much, so we can’t ask for more.”

Treasured medicine was an extremely rare item, and even the nine Cauldrons Alchemist did not have many of them.

“It’s too expensive to buy it outside. I can’t afford it. Besides, there’s no place to buy it. There’s too little of this stuff!”

“Oh, there’s also a treasure Pavilion in the heaven-equal Department, where you can exchange immortal coins for items. I heard that it has precious medicines and even tribulation weapons!”

Tang Hao remembered that the elders had brought the disciples to the treasure room when they first entered.

“Let’s go and take a look!”

Tang Hao couldn’t wait to set off. He had broken three rankings and taken two first places and one third place. He had more than two hundred thousand immortal coins on him, which should be enough to buy a few stalks.

He left the cave and rushed to the treasure Pavilion.

“Do you have any precious medicine?”

As soon as he entered the treasure Pavilion, he asked loudly.

There were quite a few people in the treasure Pavilion. It was originally bustling, but at this moment, it suddenly became quiet. Everyone was stunned, shocked by this breath.

Precious medicine!

That was a top-grade treasure, and each one cost tens of thousands of immortal coins. Which disciple could afford it?

Where did this guy come from? his tone was too arrogant!

They secretly sneered and turned around, wanting to mock him. However, when they turned around, they were shocked and their expressions changed. The words that were about to come out of their mouths were all swallowed back.

If it was any other person, they would have laughed out loud. However, this person was different. He was Shi Ritian, the most popular figure in the heaven-reaching Academy.

He had broken through three lists in a row and created a legend. He also had 32 Masters. In the heaven-equal courtyard, at least in the outer court, no one would dare to offend him.

“It’s brother Shi!”

“Hahaha! Brother Shi, you’ve finally come out of seclusion! You still remember me, right? I’m little Feng! That’s right, that Feng clan!”

They showed enthusiasm, even flattering smiles, and surrounded him one after another.

All of them were concerned about his well-being.

“Shi Ritian?”

The elders in charge of the treasure Pavilion were also shocked. They all looked at Tang Hao.

They had a duty to guard the treasure Pavilion and could not leave. Therefore, when the three lists were broken, they did not go to watch the show and did not know Shi Ritian.

But of course, they had heard of such a sensational event.

“Mm! This young man was not bad! He’s handsome and full of righteousness!”

“He’s a good young man!”

They all nodded and praised him.

“You want to exchange for precious medicine? Alright! There are quite a few in the pavilion, a total of ten. Originally, there should have been more, but you also know that during the assessment, the medicine garden was robbed by that big brother Dadan, and all of them are gone!”

One of the elders stood up and said to Tang Hao affectionately.
