

The Mightiest Little Peasant Chapter 1404

“That Shi Ritian is giving a lecture again. There are a lot of people there, a total of five to six hundred people. It’s so lively!”

“Shi Ritian went to the array Valley again. I heard that he is going to take the first place on the array breaking board!”

“The first place is broken! First in the three ranking lists!”

“Shi Ritian went to the treasure Pavilion again. He took out a few hundred thousand and bought two precious herbs!”

During this period of time, Shi Ritian was very popular, news about him was everywhere.

Shi Ritian again!

“Why is it him again?”

Lei zhentian and the rest were going crazy. No matter where they went, they could hear news about Shi Ritian. It was as if they were everywhere. Everyone was talking about Shi Ritian.

No matter what he did, the news would spread throughout the entire heaven-equal courtyard, attracting everyone’s attention and making him the center of attention.

“Why? he’s just a country bumpkin. How can he be more famous than me?”

Lei zhentian was so envious that he was about to go crazy.

He should have been the most dazzling person!

He, Lei zhentian, was the successor of the Thunder clan.

The Thunder clan was one of the ancient alien races. Among the 3000 ancient races, they were one of the top few. As a descendant of the Thunder clan, he was born with a noble bloodline.

Moreover, he was born with a pair of divine eyes and had the potential to become a saint. Among this batch of newcomers, no one could be more dazzling than him.

Before he was admitted to the hospital, he was the most dazzling person.

However, since the start of the assessment, everything had changed. That country bumpkin surnamed Shi had appeared and stolen all his limelight.

Many people in the heaven-equal Department didn't know who Lei zhentian was, but they all knew who Shi Ritian was.

"This Shi fellow is too detestable!"

The Lin clan's genius was also gnashing his teeth in hatred.

As compared to Lei zhentian, his hatred for Shi Ritian was much deeper.

To Lei zhentian, the most he could do was to steal his limelight. However, to him, this fellow had ruthlessly smashed his cauldron on his face.

He would always remember The Grudge of the cauldron.

He had thought that after entering the Academy, he would find an opportunity to make things difficult for him, or even kill this kid. However, he had never expected that this kid would turn into a peerless genius and have so many masters, leaving him with no way to start.

What was even more infuriating was that this brat was still living an incomparably carefree life, making a lot of money every day, and mixing precious medicine one after another.

As for him, he could only bitterly complete missions and work hard, earning only a few Yuan. The difference was like heaven and earth.

“I have to find a chance to teach this kid a good lesson! We can’t let him be too happy!”

The other geniuses were also extremely jealous.

“This is bad!”

Lei zhentian shook his head with a solemn look, “in the heaven-equal Department, who could touch him?”

“That’s true!”

The group of geniuses all furrowed their brows tightly, fretful in their hearts.

That guy surnamed Shi was too abnormal now. He had so many masters, and no one in the heaven-equal Department could touch him. Once they did, they would stir up a hornet’s nest, and the consequences would be too terrible!

“We can only have a chance to kill him when he leaves the Academy!” The forest clan’s genius said viciously.

“But that guy hasn’t left the Academy since he was admitted! What do we do now?”

Everyone was even more worried.

If that Shi fellow didn’t leave, they couldn’t do anything.

“Hehe!”

The demon from the Lin clan laughed sinisterly and said with confidence, “this is very simple!”

“Oh? Brother Lin, do you have any good moves?”

“Isn’t that guy always exchanging for precious medicine instead of a tribulation weapon?” the forest clan’s genius sneered. “This means that he’s in great need of precious medicine ...”

“You’re saying ...”

Everyone started to understand.

“That’s right, it’s to cast a bait to lure that kid out. When he goes out, hehe! Then he’ll have a good time!” As he spoke, the Lin clan’s genius laughed smugly.

He could almost see Shi Ritian’s unfortunate face.

“That’s good!”

“Hahaha! This is a good idea!”

Everyone laughed.

“However, this bait ... What should we do? You can’t really take out a precious medicine, right?”
Someone asked.

“Stupid! Can we even take out a precious medicine? Of course, I’m going to make up a random rumor to lure that kid into the trap!” The demon of the forest clan rebuked.

Lei zhentian shook his head and said, “I’m afraid that’s not possible. I don’t think that kid is an ordinary person. He won’t take the bait so easily!”

“This ... That’s true!”

The genius of the Lin clan said hesitantly.

“How about this, let’s find a few places that have precious medicine, and then reveal it to that kid. He’s in urgent need of precious medicine now, so he’ll definitely take the risk to go there.”

“You all know that any place that has precious medicine is definitely an extremely dangerous place. If that brat dies because of this, wouldn’t that be great?”

Lei zhentian said smugly.

“This is good!”

When everyone heard this, they were all very excited.

“We’ll do it this way!”

They immediately began to move. They used all kinds of connections to look up all kinds of information in the clan, and found many places where precious medicine grew.

Generally speaking, the places where precious medicine grew were all rather dangerous. In addition, precious medicine were things that had become spirits and were very difficult to capture, so they would record it down.

These records were top secrets in every ancient race, and they were usually not disclosed.

But now, they couldn’t care about that.

Then, they found another person and pretended to reveal it unintentionally to the man surnamed Shi.

“Success! I heard that after that Shi guy heard it, he was extremely excited. He will definitely go!”

“Among these few places, this is the closest to Qitian mountain range. He will definitely go to this place first. Let’s set up an ambush first!”

They were extremely excited, and they took the lead to leave the heaven-equal courtyard, setting up an ambush in the nearest place.

They squatted there, full of anticipation. They couldn’t wait to see the kid get into trouble.

He waited and waited ...

Finally, a light came from the horizon and headed straight towards them.

“They’re here!”

They were so excited that they almost jumped up.

“I’ve succeeded!”

Lei zhentian clenched his fists tightly, his face flushed with excitement.

“Hahaha! Our hard work wasn’t in vain!” The genius of the forest clan also laughed excitedly.

However, as he laughed, he suddenly could not laugh anymore, and his expression froze.

“One, two, three ... My God! Why are there so many lights?”

The group of people were all dumbfounded.

Originally, there should have only been one person with the surname Shi, but now, there were a total of thirty-three lights.

When they got closer, they couldn’t help but be stunned.

They were all heavenly Lords who had become Immortals, the Masters of Shi Ritian!

This works too?

At this moment, their minds went blank. They had never expected such a thing to happen!

Then, their faces twitched and they clutched their chests, feeling the urge to vomit blood.

“Shi Ritian! F * ck your mother!”

“Shi Ritian, you shameless guy! What kind of man is taking on a master! There are more than 30 of them in one area. Master is amazing!”

They all cursed and stomped their feet in anger.
