

The Mightiest Little Peasant Chapter 1406

Planet tiankui.

In the sky above the vast mountain range, a few figures flew over.

“Heavens! What’s going on ...?”

They looked around and couldn’t help but exclaim in shock.

So this was the place with the most beasts on the heavenly sunflower star, but now, the entire mountain range was completely silent, shrouded in a thick aura of death.

Corpses could be seen everywhere, piled up into mountains, and the smell of blood filled the air.

“All the beasts ... Are dead! Who did it?”

As they swept forward, they looked at the corpses all over the mountains and fields, and their hearts became more and more frightened.

They could see that many fierce beasts were blown up or torn apart by force.

It wasn’t difficult to kill all the ferocious beasts in this mountain range, but it wasn’t easy to achieve this.

It was obvious that this was an extremely brutal fellow!

“Since when did such a brutal guy appear in our equal heaven Department?”

Their expressions were grave, and their words revealed a hint of fear.

“Perhaps he’s not from our Qitian Academy. Perhaps he’s a murderer who’s hiding here!” Someone guessed.

Although a Wild Planet like the heavenly sunflower was the territory of the equal to heaven Department, it wasn't completely sealed off, and outsiders could come in.

After all, the price of completely sealing off a star was too great.

"Maybe!"

They lingered in the sky above the mountain range for a moment before they left in a hurry. They did not dare to stay here for a moment longer.

Regardless of whether he was a member of the equal heaven Department or not, he couldn't be easily provoked.

Very quickly, a few more groups of people came. After making a round, they also left in a hurry.

The news of a fierce person appearing on planet tiankui spread. All the disciples on planet tiankui received the news and became secretly vigilant, not daring to approach the mountain range.

A day or two later, a huge commotion was heard in the mountain range.

Someone saw from afar that the sky had darkened. A 30000-meter-long Celestial River descended from the nine Heavens, looking extremely magnificent.

"What's that?"

They cried out in shock.

"That's the Dao fruit phenomenon!" There were also people who recognized it and said in an extremely solemn tone, "there is a peerless figure who severed his Dao there! I wonder if they're from our equal to heaven Department or from outside!"

"A Dao fruit phenomenon?"

When the others heard this, they were all shocked.

Anyone who could trigger a Dao fruit phenomenon was a monster who had surpassed the tenth grade of the immortal grade. There were not many people like this in the entire heaven-equal courtyard, and many of them had already entered the inner courtyard.

A God grade monster, a saint's potential, and the reincarnation of a powerful person. These three were the top existences among the monsters.

Currently, there were still a few in the outer court. It was said that among the new batch of disciples, the genius of the Xiao clan might have the potential to reach the celestial grade, but it had not been confirmed.

Could this vicious person be one of them?

They became more and more afraid and didn't dare to approach to verify.

Two to three days passed just like that.

The matter had also calmed down.

On this day, several rays of light flew through the atmosphere and entered the planet.

There were a total of three people, all of them middle-aged, and their auras were extremely deep.

They were dressed in simple black clothes and had concealed their auras, keeping an unusually low profile.

Standing in the air, they looked around and took out a map.

"This planet sunflowers ... Is quite big, it's not easy to find someone!"

One of them said with a frown.

"I don't think so. There aren't many people on this planet, at most two or three hundred. It's not difficult to find that kid surnamed Shi!" Another person retorted.

As he spoke, the corners of his mouth curled up, and a hint of ruthlessness appeared on his face.

“Young master said that when we find this kid, we’ll teach him a good lesson and let him know that there’s no good end to provoking our Lin clan.”

“Woof! This kid doesn’t know how high the sky is. He’s from a broken place like the flowing Cloud Star area. How dare he provoke the Lin clan? he’s courting death!”

The three of them sneered.

“However, this kid is quite capable. What all-rounded genius? his reputation has already spread across the entire planet Dong Ling. He also has many masters in the equal heaven Department, so we can’t kill him easily!”

“Remember, you have to be careful later. Don’t kill him. If he’s really killed, our Lin clan will have to bear the consequences once the heaven-equal Department is enraged.”

“Don’t worry! Let’s go and find that kid first!”

The three of them descended and flew close to the ground. At the same time, they released their soul consciousness to search along the way.

“Oh, I heard that our clan has sent people to Liu Yun star area to find out that guy’s background. Is that true?”

“Yes, they left a few days earlier than us. However, the flowing Cloud Star area is too far. It will take us a long time to get there. It will be even longer when they send back the news.”

“Hey! That kid is in trouble! Offending our family’s young master, you’ll be killed!”

Along the way, the three of them were still talking.

They moved forward carefully and avoided a few passages, which were all guarded by people from the equal heaven Department, and outsiders like them couldn’t get close.

After searching for two days, they arrived above the mountain range.

“This is the only place left. We’ve searched everywhere else, even the ocean, but there’s no trace of that brat. There’s also no news from young master’s side, which proves that the brat is still here.”

They stuck close to the ground and flew forward.

After flying for a while, they noticed that something was wrong.

This place was too quiet!

There was no sound at all. It was so quiet that it was a little strange.

“Look ... There are so many corpses! What happened here?”

They were a little shocked when they saw the mountains of corpses.

After flying for a while, they felt that something was wrong.

This place was filled with corpses and a sea of blood. The situation was extremely terrifying, as if some peerless murderer was hiding here.

“Something’s not right, let’s go!”

“What are you afraid of? Besides, that Shi brat might be hiding here!”

The three of them argued for a while and continued to move forward.

A moment later, they made a discovery.

“Look, there’s someone in the valley over there!”

“There’s no mistake, it’s that kid!”

The three of them were overjoyed. They increased their speed and flew over. In the blink of an eye, they were above the valley.

In the valley, there was a pool, and a person sat cross-legged by the pool. It was a young man in a blood-red robe. His eyes were closed, and he seemed to be meditating.

The three of them carefully examined him again. After confirming that there were no mistakes, they were about to make a move. At this time, the young man suddenly opened his eyes and stared at them with his torch-like eyes.

In an instant, the three of them were shocked by the light that burst out of their eyes.

“Are you ... Looking for me?”

The young man glanced at the three of them and said indifferently, his expression calm.

“Woof! Since you already know, why aren’t you running!”

“Shi, someone paid us to teach you a lesson. You’re in trouble today!”

The three of them revealed ferocious expressions and sneered.
