

The Mightiest Little Peasant Chapter 1416

“Hmph!” Tang Hao grunted coldly after killing the Lin clan’s genius.

Considering that they were from the same sect, he didn’t want to kill him, but this guy kept attacking him, so he wouldn’t be polite anymore.

He was about to travel through the void to kill another one, but at this moment, he seemed to sense something. His expression changed, and he hurriedly tore open the void and entered.

After he left, a beam of bright golden light burst out in the valley. Wherever it went, everything was torn apart as if it was dry weeds and rotten wood. Even the layers of arrays were easily torn apart.

The nearby mountains were swept by the golden light and instantly evaporated.

In the ruins, a dozen figures appeared.

They looked around, and their expressions were a little ugly.

“There’s no treasure! We’ve been tricked!”

“It’s a trap!”

They had all come to their senses and knew that they had fallen into a trap.

“Who is it? Who did this?”

Lei zhentian stood in the air and let out a furious roar. A terrifying divine light flickered in his divine eyes, and his aura was terrifying. It seemed as if he could shatter the void and annihilate everything.

“Eh? Where’s brother Lin? Brother Lin is gone!”

Someone looked around and realized that one person was missing.

Everyone was shocked and looked around, their faces becoming uglier.

On the ground, they found traces of blood and a ring.

“Brother Lin ... Is dead?”

They were in a daze and couldn't believe it.

It had only been a short while since they had stepped into the trap. Who could have killed brother Lin in such a short time? brother Lin was not weak, and he was ranked in the top ten among the new disciples of the heaven-equal Department.

Moreover, who had such a huge grudge against him?

“Could it be ... That Shi guy?”

Someone asked hesitantly.

Everyone's expression changed slightly.

Indeed, the only person who had such a huge grudge against brother Lin and them was that Shi guy. Furthermore, that Shi guy was skilled in array Dao, which was in line with the trap method.

It's just that ... Does that Shi fellow have such powerful strength?

This made them very suspicious.

“That Shi guy is quite strong. He once caught brother Lin off guard and beat him up. However, that was an accident. Brother Lin is definitely stronger than him. Even if he had treasures, it's impossible for him to kill brother Lin in such a short time and escape without leaving any traces.”

Lei zhentian analyzed.

Finished talking, his brows knitted together, but he could not quite figure it out.

“Hmph! Regardless of whether it was him or not, he would die sooner or later! There was no difference! Let's go, continue searching!” After a while, Lei zhentian waved his hand and continued to search.

Tang Hao had already teleported far away.

After he revealed himself, he directly rushed to the medicine garden.

After a while, he arrived at his destination.

In front of him was a mountain range covered in fog. The fog was so thick that it blocked his vision, making it impossible for him to see the situation inside.

This was no ordinary fog. It was an ancient magical formation.

There were still many ancient restrictions and arrays left in this herb garden that had not been completely broken. That was why there were precious herbs left behind. Otherwise, they would have been captured long ago.

BOOM! BOOM!

The ground rumbled, and a giant beast was running over not far away.

This was a purple-gold divine Tiger. Although its body had shrunk countless times, it was still as tall as a three or four-story building, and its aura was terrifying.

He was on his way to the herb garden. When he passed by Tang Hao, he bared his teeth in disdain and shouted, "Human race's insect, get the hell out of here! This precious medicine isn't something that you humans can enjoy!"

As he spoke, he glanced at Tang Hao arrogantly.

With that, he rushed straight into the herb garden.

Tang Hao pursed his lips. This little tiger was pretty cocky!

Then, he touched his chin and pondered, mumbling, "This little tiger is quite strong. I wonder what it will taste like."

The purple-gold divine Tiger had long since walked away. If it had heard what Tang Hao said, it would have jumped up in anger and torn Tang Hao to pieces.

He was a purple-gold divine Tiger. When he expanded his body, he was a hundred thousand feet tall. He was both mighty and handsome. How could he be called a little tiger? Also, this human reptile actually wanted to eat him?

He was simply too bold!

Fortunately, he didn't hear it. He directly rushed into the medicine garden and began to search for precious medicine.

To the giant beasts, elixirs and tribulation weapons were of no use. Only treasured medicine was the most useful thing. And in this medicine garden, the most number of giant beasts had gathered.

Many giant beasts came in and immediately rushed to the medicine garden in search of precious medicine.

Even the Azure Emperor stage didn't have as many giant beasts as this place.

Before Tang Hao could move, a Red Bird swooshed down from the sky. It was also heading toward the herb garden.

When he arrived at the entrance, he glanced at Tang Hao and cackled. "Isn't that the weakling from the equal heaven courtyard?"

Tang Hao was surprised. When did he become a weakling?

“You’re so pampered and brought so many treasures with you. If you’re not a weakling, then what are you?” The bird stopped at the top of a mountain and looked at Tang Hao mockingly, cackling.

Tang Hao rolled his eyes.

Back then at the entrance, his Masters had stuffed him with so many treasures, and this group of prehistoric giant beasts had also seen it.

“It seems like I’m very famous?” Tang Hao said.

“That’s right! You’re going to be famous!” The bird slowly stroked its feathers and said, “but it’s not a good reputation! We’re dying of laughter! This is the first time we’ve seen a weakling like you!”

The corner of Tang Hao’s mouth twitched. Why did this stinky bird’s tone sound so annoying?

And that expression of his was asking for a beating!

The bird was startled for a while, then shook its feathers, looking very smug.

“Kid, you’re lucky that I’m not interested in your things or you. If it was someone else, Lei zhentian, I’d be interested!”

“You see, being weak also has its advantages! No one will look down on you!”

As it spoke, the bird cackled again, laughing so hard that its feathers trembled.

He laughed for a while, then flew up and circled around Tang Hao, then rushed into the herb garden.

“Weak little brat, your bird Grandpa is leaving!”

His ear-piercing voice could be heard from afar.

Tang Hao stood there, the veins on his forehead bulging.

Motherf * cker! He was actually despised by a feathered animal!

“You stinky bird, just you wait. I’ll pluck your feathers and make soup out of you!”

‘Damn it!’ Tang Hao cursed.

After a while, a few more giant beasts came. There was a Golden Lion, a winged black snake, and a snow-white elephant that looked like a Jade sculpture.

When they passed by and saw Tang Hao, they looked at him with disdain. Then, they treated Tang Hao like air and rushed into the herb garden.
