

The Mightiest Little Peasant Chapter 1425

“Let’s go!”

In the square, one figure after another soared into the sky and closely followed that figure to the mountain peak. Most of these people were Disciples of War god mountain and primordial chaos dojo.

“Hey! We’d better not join in the fun of the three pure lands!”

Some disciples of the celestial gate followed, but most of them stayed behind.

“Say, how can that guy be so lucky?”

They still couldn’t figure it out.

“He must have stepped on dog shit!”

“Green smoke rising from the ancestral grave!”

Many people furrowed their brows and pondered, pretending to be serious.

“You can get this kind of luck by stepping on dog shit? You must be joking!”

Someone immediately sneered.

“Al! Do you think it’s because that kid cursed the heavens when he went up on stage, that’s why he’s so lucky?” Someone suddenly said.

The crowd was stunned. They all remembered that when the kid went up the stage, he did curse the heavens. They even laughed at the kid because of that.

Could it be ... Really related to this?

But this was too absurd!

The heavens were not masochists who liked to be scolded.

“This is ridiculous!”

Someone waved his hand in disbelief.

“Hey! “Maybe it’s really like this. Think about it, those people who went up to the stage before were all sincerely praying to God. Suddenly, someone who doesn’t play his cards according to common sense came. When God saw this, he thought to himself, Aiyo, this kid has quite the personality! I gave him a good treasure!”

Someone else explained.

When everyone heard this, they all revealed pensive looks.

These words sounded quite absurd, but after thinking about it carefully, it did make some sense!

“Mm! It makes sense!”

“Yes, yes! Maybe it’s like this!”

They touched their chins and nodded, but the more they thought about it, the more reasonable it seemed.

At this time, all rationality and calmness had been thrown to the back of their minds. All of them were blinded by the peerless treasure.

“Damn heavens, hurry up and give me a good treasure!”

Someone jumped onto the stage and began to imitate the Shi guy.

Plop!

A rock fell from the sky and almost hit his head.

When he took a closer look, that person's face turned black. F * ck! It was a low-level mystical material, the most trashy thing.

“Why is it not working?”

Everyone was puzzled.

“It must be the wrong way to scold, it has to be more imposing! Come, watch me!”

Another immortal sect disciple jumped up, put his hands on his waist, and shouted to the sky, “damn heavens, I'll F * ck your mother! Hurry up and give me a good treasure ...”

This time, his curse was so powerful that it shook the sky.

The curses reverberated in the sky for a long time before they disappeared.

biu!

A black shadow fell from the sky and hit the guy's head.

“Aiyo!”

That guy clutched his head and cried out in pain, tears almost coming out.

“F * ck the heavens!” The man held his head and cursed. But when he looked at it, he was overjoyed. He laughed out loud. He was so happy that he went crazy.

The treasure that fell down was a huge golden seal, a Supreme-grade Dao weapon.

Although it wasn't an important tribulation tool or precious medicine, it was still the best treasure for him.

“It’s really useful?”

Everyone was dumbfounded.

“Damn heavens, I’ll F * ck your ancestors!”

Another person jumped up and shouted towards the sky, cursing.

biu!

A black shadow fell from the sky and hit him on the head. He yelped and looked at it. He was overjoyed. This was a top-tier mystical material.

“It’s really useful!”

Everyone was going crazy!

In the opposite camp, the group of prehistoric behemoths all widened their eyes and looked at this scene in a daze.

They had wanted to laugh at the humans for being idiots, but they had never expected that this move would actually work.

“Scolding! Curse as hard as you can, the more vicious the better!”

Everyone rushed to the cyan Emperor stage in fear.

“God, I ...”

“Damn heavens, I xxxxxx ...”

Each of them was cursing more fiercely than the other. The things that fell from the sky were also getting bigger and heavier.

At this time, groups of people flew up from all directions. When they saw this scene, they were all dumbfounded.

F * ck! 'What the hell is going on? Are these people crazy?

After watching for a while longer, they saw the treasures falling from the sky, and they were all speechless.

How the hell is this possible?

They were in a mess.

Someone noticed something and said, "this Azure Emperor stage is indeed spiritual. The more you scold it, the heavier it will smash down as a form of punishment. And the heavier the object, the better it is. That's why this scene happened."

"However, the Azure Emperor platform isn't stupid. They won't throw away the real treasures. At most, they'll only throw out Supreme-grade Dao weapons and spiritual materials."

"As for that Shi guy? F * ck! How would I know? he's just a freak with shocking luck. He can't be explained with common sense!"

When he mentioned the man surnamed Shi, he revealed an angry expression.

For a while, the square was bustling with noise and excitement.

Even the group of prehistoric behemoths couldn't help but join in and curse.

After a while, the cyan Emperor stage seemed to wake up and no longer dropped any treasures, only some trash. The enthusiasm of the crowd slowly subsided and returned to normal.

Of course, Tang Hao was unaware of all of this. He rushed all the way up, through layers of clouds, and arrived at the peak of the divine mountain.

There, a huge floating island was floating.

That was the heavenly God arena!

This name was given by the later generations. It was originally called the heavenly deity platform, where the disciples of the Green Emperor mountain fought. Later, it became the place where the human tribe and the untainted tribe fought each other. Thus, it was called the arena.

The arena was round and huge. It was surrounded by a circle of seats and a few fighting platforms floated in the middle. On one of the fighting platforms was a golden ROC. On the other three platforms were disciples of the human race fighting against the giant beasts. The battle was extremely intense.

There were also many people standing on the seats, all watching.

Many people were hovering in the air at the edge of the arena. They were attracted by the strange phenomenon that had just occurred. When they saw Tang Hao flying up, they fixed their eyes on him.

Tang Hao did not care about them. He went straight to a corner of the audience stand and watched.

On the three fighting platforms, the battle was fierce. After a while, the two races had their own victories.

Following that, another person leaped onto the stage to issue a challenge.

Only the fighting ring occupied by the Golden ROC was ignored.

Whether it was the disciples of the human race or the giant beasts, they all looked at the fighting ring with fear.

They watched for a while. Then, they heard a few swooshes. A group of people flew up from the ground and landed in the arena. They all looked at Tang Hao with hostility.

“What? The one who just obtained a peerless treasure is this guy from the equal to heaven Academy?”

The people in the arena were shocked when they heard that. They looked at Tang Hao with greed and passion in their eyes.
