

The Mightiest Little Peasant Chapter 1426

“Shi, do you dare to follow me to the fighting stage?”

“Shi, I want to challenge you! If you lose, hand over the treasure! Do you dare!”

Shouts could be heard from all around the arena.

Everyone’s eyes fell on the disciple of the equal heaven Department in the corner of the arena. Even on the fighting ring, the battle had stopped. The two sides who were fighting also looked over.

The Golden ROC opened its eyes and looked over as well. There was a brilliant divine light in its eyes.

Tang Hao turned around and looked around coldly.

“Woof! How would he dare! With his strength, who can he beat in the fighting ring?”

Lei zhentian sneered as he stared at them coldly.

“It is! Don’t expect such a good-for-nothing to step onto the fighting stage!”

Beside him, several descendants of the ancient clans of the equal heaven Department also sneered.

“Hahaha! A coward!”

Everyone burst into laughter.

Everyone’s faces were filled with mockery and disdain. Their words were also full of ridicule.

They all wanted to infuriate this brat and make him agree to go up to the fighting ring. Only then would they be able to obtain the treasure with a justified reason.

Tang Hao stood there with a cold expression.

Suddenly, the corner of his mouth twitched, and a mocking smile appeared. He said word by word, "Alright! Let's go!"

His voice wasn't loud, but his words were firm, steady, and powerful, shaking the entire arena.

As soon as he finished speaking, there was a dead silence.

Everyone's faces were filled with shock.

They did not expect that this fellow would actually agree. They were overjoyed.

"Hahaha! This guy has taken the bait!"

"He's mine, don't you dare snatch him from me!"

They shouted excitedly, all eager to move.

"You guys, come down!"

Tang Hao's eyes swept back and forth between the four fighting rings, then he landed on the fighting ring on the far left.

The four battle platforms were divided into four colors. Each of them was carved with a Vermilion Bird, a Black Tortoise, a White Tiger, and an Azure Dragon. The platform Tang Hao was pointing at was the Azure Dragon battle platform.

There was a man and a beast on it. It was a disciple of the limitless immortal sect and a three-colored divine Tiger.

They were all furious when Tang Hao pointed at them.

"Hurry up! Get down here!"

The crowd couldn't wait any longer and shouted out in anger.

The man and the Beast were startled and didn't dare to make a sound. They looked at each other and hurriedly jumped off the stage.

If he continued to stay on the stage, he would definitely not have a good ending if he provoked the public's anger.

Tang Hao tapped the ground with the tip of his foot and jumped onto the fighting ring.

With his hands behind his back, he stood proudly and looked around coldly. He shouted, "Who's first!"

With this shout, a vigorous aura rose from his body. His black hair moved without any wind, and Qi Tian Xiang's cloud robe fluttered wildly.

At this moment, he was like a peerless sword, showing off its sharp edge.

Ever since he came to planet Dong Ling, he had never revealed his true strength. He had always kept a low profile, but now, he didn't want to hide anymore. It was time to show his true strength.

He was not afraid of anyone now.

Everyone's breathing stagnated as they were all intimidated by this aura.

"This kid has quite the imposing manner!"

"Tsk! It's all an act!"

Then, there was a burst of laughter.

Everyone was disdainful and somewhat contemptuous of this stance.

This person surnamed Shi did indeed have an astonishing talent in the three Dao of elixirs, weapons, and arrays. However, his strength was not that great. Back then, in the third round of the entrance examination, he had only managed to rank 19.

In the heaven-equal Department, there were many people who had surpassed him, and with the addition of war god mountain and primordial chaos Daoist sect, there were even more people who had surpassed him.

On the fighting stage, pills and formations could not be used. Even if this guy was full of treasures, it was useless.

“Let me do it!”

“Get lost! Don’t fight with me!”

From all directions of the arena, figures rushed out and swept towards the fighting ring. Their eyes were bloodshot, and their expressions were somewhat crazed. This was because they knew that whoever got this challenge spot first would be able to obtain that peerless treasure.

Bang Bang!

A series of muffled sounds rang out. They had yet to go up the stage, but they had already started fighting.

“Hahaha! This guy is mine!”

Just as everyone was fighting intensely, a figure cut through the void and landed on the stage.

When his foot landed, the fighting ring shook slightly. The Azure dragon’s eyes brightened and emitted a brilliant light.

“Motherf * cker!”

Everyone shouted in frustration.

“Shi, come! I’m your opponent!”

The man laughed loudly in all directions, showing off, then turned around to look at Tang Hao.

This person was wearing a golden battle armor. His body was tall and sturdy, like an iron tower. He was obviously from war god mountain.

“Brat, you should just admit defeat! Save me from suffering!” He sized Tang Hao up and said arrogantly, “do you know who I am? I’m the successor of the dugu clan, ranked eleventh on war god mountain!”

“With a small body like yours, let me hit you a few times and you’ll be dead!”

He spoke loudly and in a contemptuous tone.

He didn’t put this Shi kid in his eyes at all. To him, there was no suspense in this battle at all, and he could win easily.

Not only him, but the crowd below the stage also thought so.

“This guy is quite powerful. He defeated that kid easily.”

“The dugu clan! The Golden body is very powerful!”

As they discussed, they all revealed vexed expressions, regretting that this fellow had snatched it away.

Tang Hao sized him up coldly. He suddenly raised a hand and extended a finger.

“What do you mean?” the genius of the dugu clan asked.

“One punch!” Tang Hao raised a finger and shouted, “I only need one punch to defeat you!”

When he finished speaking, the entire arena fell silent for a moment.

Everyone was stunned. They wondered if they had heard it wrong. How dare that kid say that he could defeat the monster of the dugu clan with one punch?

Was this kid crazy?

“Hahaha!”

The next moment, the entire arena burst into a deafening roar of laughter.

The monster from the dugu clan laughed as well. Then, his face turned cold and he shouted angrily, “Kid, come! I’d like to see how you’re going to defeat me with one punch!”

After he finished speaking, his body trembled and suddenly grew a few inches taller. His skin glowed with a dazzling golden light, suffused with a steel-like luster, and at the same time, lines of patterns appeared on it.

He stomped the ground and shot forward like a cannonball, throwing a punch at Tang Hao.

Before this punch arrived, there was already a fierce astral wind that blew over like a knife.

However, Tang Hao’s clothes didn’t move at all. He stood there like a mountain, unmoving.

With his left hand behind his back, he raised his right hand and clenched it.

BOOM!

The godly bones in his body trembled, and a shocking aura suddenly burst out.

He stepped forward and threw a punch.

This punch looked ordinary and simple, but wherever it went, the strong wind of the opponent’s punch was easily torn apart.

In the next moment, the two fists collided with a bang.

The face of the genius from the dugu clan changed from sneer and disdain to shock and horror.

“How ... How could this be?”

He cried out in shock and looked in horror at his fist being blown apart by his opponent. His bone armor exploded inch by inch, and blood splattered everywhere.

An indescribable and terrifying power came from his arm, shaking his internal organs and flesh.

He couldn't hold it in any longer. With a pfft, he spat out a mouthful of blood. His body flew backward like a cannonball and fell out of the fighting ring.
