

The Mightiest Little Peasant Chapter 1434

“Next!”

Tang Hao shouted from the stage.

There was no response for a long time.

Everyone was silent. No one dared to take a step forward and accept the challenge.

Lei zhentian and ye Wudi, two top-tier experts, had been defeated. This Shi fellow was invincible among the human race.

A moment later, a loud shout came from the side of the giant beast. “I’ll do it!”

A giant golden ape carrying an iron staff stepped forward, its battle intent soaring. It was the Golden ape of the archaic species.

“Human boy, you’re quite capable to have evolved the God’s bones to the fourth form. However, in terms of physical strength, you humans can’t compare to us, the untainted tribe!”

“The Golden divine ape clan has unrivaled physical bodies. It’s a piece of cake for us to defeat your true dragon Transformation!”

The Golden ape roared loudly and leaped into the air, landing on the fighting stage.

This ape was 10000 feet tall, but now it had shrunk countless times and was only 30 to 40 feet tall. However, the aura from its body was no less than half of what it was before. It was terrifying.

Although the ancient golden ape was not as powerful as the Golden ROC tribe, it was not weak and was extremely famous.

“I can kill you as easily as flipping my hand!”

Tang Hao retorted coldly.

After sizing him up again, he said, "I'm not only going to kill you, I'm going to eat you!" I've never tasted the Golden divine ape before!"

"You ..."

The Golden ape was enraged.

"Human insects! You're so bold!"

"Kill!" The beasts roared.

This human brat was so simple and bold that he dared to say that he would eat their entire tribe!

The humans gasped in shock.

They dared to kill the people of the untainted land, but they did not dare to eat them, because once they did, they would incur the wrath of the entire tribe.

"This courage ... Is too big! How dare you say that you'll eat them in front of the entire tribe!"

"Hey! Have you all forgotten who he is? He's bold bro, he's not afraid of anything, no one can be more daring than him!"

"You guys don't know yet! That Shi fellow chopped off the limbs of many ancient beasts in the medicine garden and roasted them for food. I saw it with my own eyes!"

The arena was in an uproar.

"I'll kill you with one strike!"

The Golden ape was furious. It howled at the sky and charged forward. It raised its rod and smashed it down.

“Hmph!” Tang Hao grunted. He stomped his foot and shot forward, throwing a punch.

Clang!

He used his fist to block the iron rod.

His body didn’t move an inch, but the Golden ape staggered and its huge body took a step back.

“The ancient golden ape is just so-so!”

Tang Hao smirked coldly. He charged forward and threw a few punches.

Clang clang clang!

The sound of metal clashing was endless.

Tang Hao continued to advance, while the Golden ape continued to stagger back in a sorry state.

The Golden ape was initially furious and wanted to tear this detestable brat apart. However, the punches had stunned it. Following that, it was filled with fear and terror.

This power ... Was too strong!

Also, the aura that this guy was giving off was not an ordinary true dragon. At least, it was not on the level of a horned dragon. This powerful Dragon’s might made his divine soul tremble and he couldn’t breathe at all.

Clang!

After another punch, he finally couldn’t take it anymore. He staggered back and the iron rod in his hand fell.

In an instant, his entire body trembled, and he revealed an expression of extreme fear. He was about to turn around and escape.

“Hmph! You want to run!”

“Die!” Tang Hao roared. He lifted his hand and grabbed the metal rod, then swung it toward the Golden ape’s head.

The Golden ape immediately raised its hand to block, and with a clang, its arm bone was broken.

Tang Hao hissed. He grabbed the iron rod and smashed it down.

Clang clang clang!

The Golden ape’s arms were smashed into smithereens, accompanied by a series of loud explosions. Following that, the ape’s head was struck, causing its head to burst open and blood to splatter in all directions.

Everyone was dumbfounded.

Their hearts trembled, and their faces turned pale.

To smash it to pieces, how brave and brutal was this!

The prehistoric behemoths were also dumbfounded, and fear began to grow in their hearts.

Clang!

With another strike, the head exploded completely. The strongest genius of the ancient golden ape tribe was knocked to death, and its huge body fell down.

“Mm! The meat quality is not bad!”

Tang Hao landed on the ground and pinched the Golden ape’s body.

Following that, he lifted the Tribulation ancient sword and dismembered the body with a few slashes.

“Half red braised! Half barbecued!”

Tang Hao pondered for a moment, then happily made his decision. He took out the pot and grill, started a fire on the platform, and cut two large pieces of meat. One was braised, and the other was roasted.

The crowd watched in shock. Who would have thought that this fellow would really eat the Golden ape? and he did it just like that, roasting it on the stage.

“Foodie! He’s really a glutton!”

The people of the heaven-equal Department all revealed bitter smiles.

As for those prehistoric behemoths, they were about to go crazy with anger.

“I’m going to kill this reptile!”

“This human bastard is too detestable!”

They roared madly, their expressions furious.

“Don’t worry! After I eat this one, it will be your turn!” Tang Hao glared at them coldly.

He used his Dao fire and the meat was ready in a short while. Tang Hao gobbled down the meat, and his mouth was full of oil.

When the flesh and blood entered his stomach, they were all turned into spiritual essence and absorbed by his body.

He had just fought a few consecutive battles and had used up a lot of energy. Now that he had recovered, he felt warm and full of energy.

After he finished eating, he stood up and shouted at the group of giant beasts, "come up!"

The group of giant beasts couldn't wait any longer. One of the devil birds let out a shrill cry and took the lead in charging forward.

"Human insect, I'm going to tear you into pieces!"

He let out a sharp cry and charged forward.

"Hmph! You little sparrow, I'll chop you up first!"

Tang Hao raised his ancient sword and charged toward the demonic bird with murderous intent.

His Dragon's might was vast and mighty, and he was incomparably valiant. Sword after sword, he hacked at the devil bird, causing it to continuously howl and its feathers to fly in disarray. With another swoosh, it directly cut off a wing.

The demonic bird let out a blood-curdling screech and was scared out of its wits as it tried to escape.

"Little sparrow! Don't run!"

Tang Hao charged forward and swung his sword again, cutting off the giant head.

"Next one!"

Tang Hao held the sword in one hand and the head in the other as he shouted at the giant beast.

The group of giant beasts had blood-red eyes, and they all went mad. They fought to be the first to rush up, vowing to tear this human brat into pieces and devour him.

However, none of them were a match for Tang Hao.

He either punched out and blew up these giant beasts one by one, or he killed them with his ancient sword.

Screams pierced through the sky and resounded in all directions.

Blood splattered across the sky and onto the heavenly deity battle platform.

The giant beasts continued to rush up and fall. Only that figure remained standing. He was invincible.

In the end, even the great ROC couldn't hold back. With a sharp cry, it rushed up the fighting ring.

A human and a ROC fought fiercely. They fought for countless rounds and almost broke the heavenly deity battle platform.

In the end, the man and the ROC fought each other with their physical bodies, and it was extremely tragic.

In the end, Tang Hao tore the Golden ROC's wings apart with his bare hands. Golden blood gushed out and splattered everywhere.

Oh my God!

Everyone was completely stunned.

Tearing apart the great ROC with his bare hands, what kind of divine might was this!

The ancient war gods and saints were nothing more than this!
