

## The Mightiest Little Peasant Chapter 1435

The Golden ROC howled in pain and fell onto the fighting ring.

He looked a little frightened. That guy from the heaven-equal Department was too strong. Not only was his physical body strong, but he was also a celestial grade talent. Even though he was the most powerful genius of the Golden ROC tribe, he was no match for him.

“I’ve lost!”

When he said this, his expression was a little gloomy.

On the side of the untainted tribe, there was a wave of wailing. The giant beasts could not believe that even the genius of the Golden ROC tribe had lost!

The humans were in a daze for a long time. Then, with a whoosh, they went into an uproar.

“We won! We won!”

“Hahaha! Even the Golden ROC lost. This time, our human race has won!”

The crowd shouted in excitement.

The Golden ROC was the most powerful genius sent by the untainted tribe this time. If he lost, it meant that the human tribe had won!

“He tore the Golden ROC apart with his bare hands! It’s too awesome!”

“Invincible! This was true invincibility!”

When they recalled the scene just now, their blood began to boil and they were so excited that they were trembling.

“Shi Ritian!”

Someone in the crowd shouted. They were all disciples of immortal sects. Their faces were full of fanaticism and worship.

Some grassroots disciples in the equal heaven Department also shouted and cheered enthusiastically.

On the other hand, the disciples of the ancient race looked a little gloomy and bitter.

They used to look down on this man with the surname Shi, mocking him for being a country bumpkin from a remote star area. But now, he had far surpassed them and stood at a terrifying height.

Shi Ritian was now the number one genius among all the young geniuses on Donglin sacred planet.

In the entire younger generation, he was also one of the top figures. Such a person would definitely enter the inner court.

On the stage, the Golden ROC shrank its body and flew down, dragging its broken body.

Tang Hao landed on the fighting ring and shouted, "Who else is there?"

This time, everyone was silent. No one from the human tribe or the untainted land tribe dared to answer.

After a long time, a beam of light suddenly appeared in the sky, shining down on the heavenly deity battle platform, enveloping the figure.

Then, a bright green light fell from the sky.

"Look, that's a treasure bestowed by the heavens!"

Everyone looked up and exclaimed.

The heavenly deity platform was similar to the Azure Emperor platform in that it also had treasures bestowed by the heavens. However, one had to either display extraordinary bravery on the battle

platform or obtain a certain battle record to obtain the recognition of the heavenly deity platform before they could be bestowed with treasures.

In the past, many people had obtained treasures from this place, and they were all of extraordinary grades.

What kind of treasure would it be this time?

They all focused their eyes and looked at the ball of green light.

“Battle armor?”

After seeing it clearly, they were all stunned.

Then, his body trembled and he revealed a look of horror. That’s the aura of a tribulation weapon! This is a tribulation weapon-level battle armor!”

Everyone was shocked.

Tribulation weapons were rare to begin with, and battle armors were even rarer. Every single tribulation weapon-level battle armor was a rare treasure.

A treasure of this level had never appeared on the heavenly God stage before.

“A tribulation-level battle armor?”

Tang Hao was overjoyed.

He already had a tribulation weapon, but he was just lacking a good battle armor.

He leaped into the air and charged toward the armor. The armor trembled for a moment before it disintegrated and turned into rays of green light that shot toward Tang Hao. In an instant, the green light reassembled into a complete armor on Tang Hao’s body.

The moment the armor was formed, it instantly released a bright green light, turning into a pillar of light that shot straight into the sky.

“What a powerful armor!”

Tang Hao clenched his fists. He could feel a surge of power from the armor, which increased his strength by a few folds.

“Hahaha! Good armor, I’ll call you the cyan Thearch armor in the future!”

Tang Hao laughed and quickly refined the armor.

Seeing this scene, everyone was extremely envious. First, it was a peerless treasure, and now it was a calamity grade battle armor. The biggest winner of this trial was undoubtedly this Shi guy.

However, envy was envy, and no one dared to step forward. This Shi fellow was already so powerful, and now he had a tribulation artifact battle armor. He was like a tiger that had grown wings. If they went up, they would be courting death.

They couldn’t help sighing and lamenting. After a long while, they finally felt relieved and went up to the four symbols battle platform one after another to fight.

As for the deity battle platform, it was suspended high in the sky and no one was interested in it. Occasionally, people would look up and their eyes would be filled with respect or reverence.

After a long time, a red shadow rushed up from the foot of the divine mountain.

“I’ve searched everywhere, but that brat isn’t here. Then we can only look up here! Hmph! Stinky brat, just you wait, I’m here for my revenge!”

“The enmity of snatching my wings is absolutely irreconcilable!”

This fellow was The Burning Sky Sparrow.

The wings that had been cut off had grown back.

He rushed to the mountainside with a murderous look. He glanced at the square in front of the Azure Emperor stage. When it was not there, he continued to rush up and flew to the heavenly God arena.

He looked around and froze.

Then, he revealed a look of ecstasy.

The person sitting on the highest fighting ring was none other than that stinky brat.

At this moment, he had no time to think about why this kid was sitting on the highest fighting ring and why there was no one else on that fighting ring.

He had been completely overwhelmed by anger. He only wanted to tear this kid into pieces and take revenge.

“Stinky brat, I’m back for revenge!”

“You didn’t expect this, did you? my heaven burning Sparrow race has a powerful regenerative ability. I’ve been resurrected with full blood. Brat, now that you don’t have the formation, are you still a match for me?”

“Ahaha! Stinky brat, you should tremble!”

The Burning Sky Sparrow laughed and rushed towards the fighting stage. His body continued to expand and he revealed his true form.

In an instant, everyone in the arena was stunned. They raised their heads and looked at the heaven burning Sparrow as if they were looking at a peerless idiot. Their eyes were filled with deep sympathy and pity.

Even the two sides on the four fighting rings stopped and looked up.

“Ai! How pitiful! He’s so young, but his brain is already damaged!”

“Poor thing! You’re so pitiful!”

Many people shook their heads and sighed.

When the heaven burning Sparrow heard this, it exploded.

“F \* ck your mother! Who’s brain is damaged? your entire family’s brain is damaged!” The heaven burning Sparrow couldn’t help but curse.

After cursing for a while, he opened fire at his fellow clansmen. “You’re all trash too. Don’t you know how detestable this brat is? you actually let him live until now.”

“Hmph! Forget it, I don’t want to talk to trash like you. Just let this bird master finish him!”

The group of giant beasts had extremely strange expressions. They opened their mouths and wanted to persuade him, but the heaven burning Sparrow had already rushed over impatiently and had no time to stop him!

“Al! You’re so pitiful!”

Even they couldn’t help but sigh and couldn’t bear to watch.

“You’re looking for me?”

On the stage, Tang Hao opened his eyes and stood up. His body shook, and an extremely majestic aura erupted from his body with a boom.

His long hair danced in the wind and was dyed gold.

A boundless Dragon might spread out and suppressed the void in all directions.

The heaven burning Sparrow’s body suddenly froze, and it stopped in mid-air with a dazed expression.

“Aiya! Her head was a little dizzy and she was hallucinating! I must have used up too much energy when I regenerated my wings!”

He lifted his wings and knocked his head. He opened his eyes wide and looked carefully.

He was dumbfounded again. His eyes widened so much that they were about to pop out of their sockets.
