

The Mightiest Little Peasant Chapter 1436

"I'm Suan Suan ni!"

He shrieked and turned to escape.

Although he did not know what kind of medicine this weak little fellow had taken to become so terrifying, he knew that running for his life was the wisest choice.

"Since you're here, you should leave something behind!"

Tang Hao raised his sword and slashed.

Whoosh!

Fresh blood spurted out as a huge wing was cut off. It happened to be the same pair as the previous one.

The heaven burning Sparrow let out a miserable cry and was on the verge of tears.

F * ck! He was here for revenge, but now, this kid had cut off another wing, and it was a perfect pair.

Wuwuwu! Why am I in such a miserable state!

He almost burst into tears.

He fled with all his might. When he was safe, he stopped and shouted at the fighting ring, "You brat, you've got guts! Just you wait!"

After scolding him, he turned around and ran away.

"Al! How pitiful!"

Everyone shook their heads and sighed in unison.

In the arena, after a commotion, it returned to its previous state.

This continued until the end of the trial.

“Let’s go! Let’s go!”

Everyone flew up and rushed into the sky.

At this moment, outside, in front of the Green Emperor mountain, there were many elders gathered. They were all elders from the major powers.

They surrounded the exit, waiting for the person inside to come out. At the same time, they were all discussing fervently.

“I think the first place will definitely be from our heavenly Academy. This time, our Academy is full of geniuses. There’s Lei zhentian, Xiao Xiao, and even rain master min. Which one of them isn’t a top genius?”

Elder Wang Yun patted his chest and said proudly.

“Tsk! Could it be that my war god mountain is inferior? I, ye Wudi, will beat up Lei zhentian from your equal heaven Department!” War god mountain’s elder said indignantly.

“Bah! How could a mere ye Wudi defeat Lei zhentian? the power of the inborn divine eyes is not something that the ye clan’s broken golden body can compare with!” Elder Wang Yun said angrily.

“Woof! What’s wrong with the inborn divine eyes? is it invincible?”

The two of them started arguing until their faces and ears were red.

On the other hand, the elder-in-charge of the primordial chaos Daoist sect stood to the side with an embarrassed expression. This time, his primordial chaos Daoist sect indeed did not have any monstrous talents that could match these two.

The elders of the immortal sects were also arguing about who would be the best among the human disciples.

At the same time, they were also discussing whether the human tribe or the untainted land tribe would have the upper hand this time.

“Al! I wonder how my good disciple is doing?”

A group of Masters had also gathered at the exit. They were waiting anxiously and were extremely worried.

“Hahaha! That stupid disciple of yours is definitely in trouble. Who told you to stuff so many treasures into his hands? he’s so stupid, he must have been robbed clean and is lying in a corner!”

“That’s right. That kid is too stupid. He’s simply a fat sheep!”

The elders of the other two pure lands burst into laughter.

That Shi Ritian was really stupid. He was showing off his bag full of treasures just now. They had never seen anyone more stupid than him.

“Shut up!”

“You bunch of old bastards, are you itching for a beating? That’s not stupid, that’s pure, that’s pure! You guys know nothing!”

Wang Liang’s master and the others roared, indignant.

“Pure? Wuxie? Hahaha! Isn’t that stupid!”

The group of people laughed even harder.

When the others heard this, their expressions were a little strange. That kid surnamed Shi was indeed quite stupid. He was definitely going to be robbed.

They did not pay much attention to him. After all, the kid with the surname Shi was not very eye-catching in this trial. Their attention was on Lei zhentian, ye Wudi, and the others.

A moment later, someone came out from inside.

The first one was a disciple of limitless immortal sect.

“Thank the heavens!”

The elder of limitless immortal sect shouted excitedly and went to welcome him.

Behind this disciple, more and more people rushed out. The people of those forces all rushed forward to receive their own geniuses.

“It’s good that you’re back!”

“How are your results? Did you get any treasures?”

They asked eagerly.

Among them were also people from war god mountain and the heaven-equal Department. The elders of the two families immediately rushed over.

“The first place is our ye Wudi, right?”

“Is Lei zhentian in first place?”

They asked anxiously.

The few disciples’ expressions became a little strange, and they wanted to say something but stopped.

Soon, more people rushed out from behind and pushed them to the side.

The elders of the two families felt that it was strange that these people did not answer. However, they did not pay much attention to it. They thought that these people might have just come out and were still in a daze.

They immediately went forward and found a few disciples who had just come out, and continued to ask.

The disciples' expressions were also a little strange. They looked at their own elders and did not know what to say. After all, what had happened inside was too shocking.

They all felt that even if they said it, these elders would probably not believe it.

Seeing that they were the same, the group of elders were all stunned but extremely bewildered.

At the entrance, people kept swarming out. They caught many people and asked them, but they all had the same reaction.

They were completely stunned.

At first, most of the people who came out looked normal and intact, but then, many people in tattered clothes came out.

When the crowd saw this, they didn't pay much attention to it. These people had all fought in the heavenly God arena, which was why they became like this. However, as more and more people appeared and their strength grew stronger, they couldn't stay calm anymore.

"That's the dugu clan's brat. He's so miserable!"

"Look! That's a monster from the Zuo family. He's ranked fifth on war god mountain, how could he be in such a bad state? which giant beast did he fight with?"

The crowd kept exclaiming.

However, the elders of war god mountain were the most unsettled. This was because their clan's geniuses were the most miserable. Many of the top few ranked geniuses had tattered clothes and looked miserable.

"You guys ... What's going on?"

"My good disciple, are you alright? Who did you fight with?"

They went up to him and asked anxiously.

These people were ashamed and kept silent.

When ye Wudi came out, they were all stunned. This number one genius of war god mountain was also in a miserable state. He looked dejected.

"We're finished!"

This was the only thought in the minds of the elders of war god mountain.

"Hahaha! Lei zhentian has definitely won!" Elder Wang Yun laughed.

However, after a few laughs, his expression froze and he was dumbfounded. He saw that it was the Lei zhentian he had just mentioned. He came out of the entrance with tattered clothes and a dazed look on his face. He was even worse off than ye Wudi.

"What's going on?"

He was a little confused.

If Lei zhentian had won and then lost to the primeval tribe, he would not be in such a state. He looked as if he had suffered a huge blow.

But what could have made him suffer such a blow?

He scratched his head, completely unable to figure it out.

He went up to ask, but Lei zhentian seemed to have gone silly and did not answer at all.

After more than half of the human race had rushed out, groups of giant beasts came out. They rushed out in a hurry, all of them looking panicked, as if something terrible was behind them.

Looking again, these giant beasts were also very miserable. They were either missing an arm or a leg. Their expressions were also panicked, as if they had been greatly stimulated.

“What’s going on?”

Those elders scratched their heads, so confused that they were about to go crazy.
