

The Mightiest Little Peasant Chapter 1438

"I didn't pick him up!"

Tang Hao shook his head.

The group of elders were all stunned. He wasn't picked up? How else could it have come about? It couldn't be that this kid had chopped it off himself, right?

With his strength, he was not even enough to withstand a single strike from the Golden ROC's claws.

"They were the ones who wanted to give it to me!" Tang Hao's face did not turn red, and his heart did not race.

The group of old men were speechless.

For a moment, they almost believed him because the kid's expression was too honest and reliable.

Then, they wanted to curse. Only a ghost would believe such nonsense!

Those giant beasts weren't idiots. They wouldn't take the initiative to cut off their arms and legs for you.

When the group of prehistoric behemoths heard this, they all gritted their teeth and went mad with anger.

"You brat, you dare to eat my meat? just you wait! My purple-gold divine Tiger clan will never let you off!" The purple-gold divine Tiger jumped up and roared in anger.

"What? Did he eat your flesh?"

The purple-gold divine Tiger clan's elder's expression suddenly changed.

"That's right! I saw it with my own eyes, and it was even barbecued!" The purple-gold divine Tiger roared.

The elder of the God Tiger clan was furious.

“You dare to eat the meat of my purple-gold divine Tiger clan? you deserve to die ten thousand times!” He let out a furious roar and his figure soared into the sky. He suddenly expanded and turned into a Giant Tiger that was a hundred thousand feet in size.

Elder Wang Yun and the others were breaking out in cold sweat.

They had never thought that this brat would be so bold as to eat the meat of the primeval tribe.

“My good disciple, I know you like to eat it, but you can’t just eat this kind of thing. Even if you want to eat it, you have to eat it in secret. How can you do it so openly?”

Wang Liang’s master whispered.

“Yes, yes! We have to do it sneakily, we can’t let anyone get a hold of us!” The group of Masters hurriedly said.

In an instant, roars came from the opposite camp.

“Elder, this brat is very detestable. Not only my meat, but also the heaven burning Sparrow ‘s, the ancient golden ape’s ... He has eaten all of our meat, and he has killed many of our clan members! Those who didn’t come out are basically dead!”

The purple-gold divine Tiger called out again.

“What? They’re all dead?”

When the elder-level prehistoric behemoths heard this, they all trembled in shock.

“This ... This is impossible, right?”

Their first reaction was that it was impossible.

This Shi kid's strength wasn't that great, how could he have killed so many of their clans?

When the human elders heard this, they didn't believe it either. They found it a little ridiculous. With this kid's strength, he could kill a few of them. There were so many limbs here, and there was even a golden ROC's wing. It couldn't have been cut off by this kid, right?

This was a Golden-winged ROC. Even Lei zhentian was not confident of winning, let alone this kid!

"Has this divine Tiger gone mad? You're full of nonsense!"

"This kid killed so many giant beasts and defeated the Golden ROC? Hahaha! It's so funny!"

They could not help but laugh.

However, after laughing for a while, they felt that the atmosphere was a little off. Because they were the only ones laughing. The other disciples were not laughing. Each of them had an unusually solemn expression.

"Re ... Really?"

They stopped laughing and started to stutter.

They looked around and saw the reactions of the disciples. They had already guessed the answer.

"This ... How is this possible?"

Their hearts trembled, and they were all in a daze.

Although this boy surnamed Shi had unparalleled talent in the three Dao of elixirs, weapons, and arrays, his own strength was not much. How could he defeat the Golden ROC?

The elders of the heaven-equal Department all stared at Tang Hao in a daze, unable to recover from such a shocking piece of news.

The area in front of the cyan Emperor mountain had fallen into a deathly silence.

“It’s true! Not only the Golden ROC, but ye Wudi and Lei zhentian had also been defeated! War god mountain had been completely massacred! He’s the number one expert of this competition!”

After a while, someone whispered.

“Not only does he have celestial grade talent, he also has a true dragon Bone. He evolved this bone ... To the fourth form! He defeated Lei zhentian and ye Wudi in a row and tore the Golden ROC apart with his bare hands!”

The eyes of the elders of the human race and the untainted race widened in disbelief.

To them, all of this was like a dream.

Celestial grade talent?

This was still acceptable, but a fourth form true dragon Bone? This was somewhat shocking!

When they turned around and saw the person who spoke, their suspicions were instantly dispelled. That was because the person who spoke was the demon of the Xiao clan, Xiao Yan.

Based on this person’s identity and strength, there was no way he would lie.

“Evolving a true dragon Bone to the fourth form? This is unbelievable!”

“How can this kid be so powerful? Could it be that he had been hiding his true strength? Could he be a secret weapon that the heaven-equal Department has been cultivating in secret?”

A moment later, the group of elders came back to their senses and broke out in an uproar.

They had never expected that the silly boy they had laughed at would be such a world-shaking genius.

“My ... My good disciple, is ... Is this all true?”

Wang Liang’s master and the others were all speechless. They truly could not imagine that their innocent and kind disciple would be such a wild, cool, and awesome person.

“That’s great! That’s great!”

Elder Wang Yun was so excited that his entire body was trembling.

“Hahaha! The heavens are blessing our heaven-equal courtyard!” He laughed out loud, his face was red with excitement, and he was dancing with joy.

This little brat Shi possessed unparalleled talent in the three Dao of alchemy, weapons, and arrays. He was already known as a super all-rounded genius. Now, he had even displayed such astonishing strength. He was simply a perfect genius!

This was the Fortune of the heaven-equal Department!

“Oh! That’s right, he’s that bold bro!”

Xiao Yi said faintly.

Elder Wang Yun’s laughter came to an abrupt end. His eyes were wide open as he stared at Tang Hao.

He was a little dumbfounded!

How could this kid, who had always been known as a good young man and was praised by the Academy, be that hateful big brother Dadan?

This was ridiculous!

His first reaction was that he didn’t believe it.

However, on second thought, everything made sense if it was this kid. Also, didn't he have a fourth-form true dragon Bone? If he had not ransacked the herb garden, how could this brat have evolved to the fourth form!

His face began to Twitch, and his face turned ashen.

At this moment, he had the urge to vomit blood.

After all this, it turned out that this bold brother was hiding in front of him!

This kid was too detestable! He's too good at acting!

He raised his hand and really wanted to slap this kid and give him a good beating, but he couldn't bear to do it. This was a treasure!

Besides, even if he was willing to, he wouldn't dare to!

This kid has so many masters, and they're all eyeing him covetously! If he really wanted to fight, he would be beaten into a pig's head.

I'll endure!

He tried his best to suppress his anger and forced a kind smile on his face."Little brat Shi, that's great! You've brought glory to our heaven-equal Department!"

"Hahaha! My good disciple, well done!"

Wang Liang's master and the others also began to laugh.

They didn't feel anything about this good disciple of theirs hiding his identity as brother da dan. Instead, they felt gratified and happy.

They had been worried about the safety of their disciple, but now, they could finally relax.
