

## The Mightiest Little Peasant Chapter 1445

Clang clang clang!

Weng Weng Weng!

The ancient tribulation weapons around the cave all started to tremble and emit a bright light.

Wisps of smoke and light came out of these tribulation artifacts and turned into figures. They floated around the cave and all looked at the center of the cave.

They were all shocked.

“This treasure ... Has actually awakened!”

“This treasure is too ancient. When I came here, it was already here. It has been sleeping for a long time and has finally woken up!”

They discussed in low voices, their tones somewhat excited.

Tang Hao roared. He held the pillar with all his might and tried to lift it.

This giant pillar that reached the sky was lifted up. One inch, two inches, it was constantly being lifted up.

**BOOM! BOOM!**

It was The Sound of the Mountain collapsing.

Looking from the outside, one could see that the entire mountain peak had begun to collapse from top to bottom. Pieces of gravel rolled down from the top of the mountain.

Very quickly, it spread to the heart of the mountain and then to the foot of the mountain.

As the mountain collapsed, an incomparably huge pillar was revealed. It was completely black, and there were some golden patterns carved on both ends. These patterns were bright and emitted a shocking brilliance.

At the same time, the giant pillar was still trembling, sending out waves of shocking pressure that completely shattered the mountain peak.

In an instant, gravel fell like rain.

Among the shattered rocks, the artifact spirits, elder Wang Yun, and the group of Masters were all dumbfounded.

“Look, there are four words there!”

Suddenly, someone pointed upwards and shouted.

Everyone focused their eyes and saw four large words appear above the giant pillar. The golden light was dazzling and shone directly into the sky.

“Heavens! What’s that?”

People from all over the heaven-equal courtyard raised their heads and looked toward the depths.

“That place seems to be the ancestral land. What’s going on?”

“What happened?”

They rushed into the sky one after another and looked in the direction of the ancestral land, constantly letting out cries of surprise.

However, looking at it from this angle, one could only see the beams of golden light that shot into the sky, and could not see what was happening.

“I, equal to the heavens?”

When elder Wang Yun read the four words, he couldn't help but take a deep breath and said in horror, "There's no mistaking it. It really is the patriarch's treasure. Other than the founding patriarch, who else would dare to have such lofty aspirations and desire to compete with the heavens?!"

"I, equal to the heavens? What kind of spirit is this!"

Wang Liang's master and the others were all amazed.

Tang Hao looked up and laughed. "Such courage! However, isn't Qi Tian a little too weak? why don't I defy the heavens and see what he can do to me!"

As he said that, a shocking aura rose from Tang Hao's body, wild and domineering.

His confidence didn't come from nowhere. He cultivated the Natal Dao and walked the path of defying the heavens. He had even withstood the heaven-defying lightning tribulations several times.

Sensing this aura, the giant pillar trembled and buzzed, its light growing brighter.

All of a sudden, the giant pillar shrunk from the height of a mountain to several feet. Then, it shrank to about two meters. The rod also shrank rapidly to the size of a bowl.

This was already the size of a normal weapon.

It slowly descended and floated in front of Tang Hao. The pitch-black staff was made of some kind of Black Gold. The Golden patterns on it were bright and still shining.

"Good treasure!"

Tang Hao laughed heartily. He was overjoyed.

He reached out and grabbed the iron rod.

In an instant, the metal cudgel shook and let out a trembling sound, as if it was jumping for joy.

“It’s subdued!”

“It’s done!”

Wang Liang’s master and the others were ecstatic.

“I really didn’t expect this! This treasure has also chosen an owner!”

Those artifact spirits sighed, their words filled with emotion.

As for elder Wang Yun, he was completely stunned. He could not believe his eyes. After a long time, his face twitched as he recalled the bet.

F \* ck! He was a Grand Elder. Was he really going to run around naked?

Then wouldn’t this old face be completely lost!

‘Damn it, how could this be? This little brat was too abnormal!

He froze there, his face alternating between green and white.

Tang Hao had refined the iron staff. He played with it for a while and was familiar with its transformation. As long as he willed it, the iron staff would continue to expand, become thicker, and longer.

“Waa! Thick enough! Long enough! Strong enough!”

Tang Hao exclaimed.

“Since this treasure has chosen you as its master, then you can take it! It’s your good fortune!” Deputy headmaster Bai laughed, her eyes full of admiration.

In fact, he had not expected that this kid would really receive a treasure, and it was one of the most powerful ones.

“Don’t spread the news of today’s matter!” Then, he looked at elder Wang Yun and the others.

“Yes! Deputy headmaster!”

They responded in unison.

“Hey! Elder Wang, didn’t we agree to run around naked?”

“Elder Wang Yun!” Tang Hao shouted at elder Wang Yun when he suddenly remembered.

Elder Wang Yun was just about to slip away, but when he heard this, his old face turned black.

F \* ck! You little brat, will you die if you don’t mention this!

He cursed in his heart.

“That’s right! Old man Wang, we agreed that as long as my good disciple receives a treasure, you will run naked. You are a dignified elder, you can’t go back on your word!”

Wang Liang’s master and the others began to jeer, all of them gloating over his misfortune.

“I ...”

Elder Wang Yun’s face turned red, “I’ll run!”

He made up his mind and went all out.

Very quickly, a naked figure appeared around heaven’s equal mountain range and ran around the mountain range at high speed.

He ran very fast, so not many people saw him. Even if someone saw him, they couldn't see his face clearly. Therefore, a piece of news about the appearance of perverted naked men spread in the courtyard not long after, causing a small commotion.

He returned to heaven's equal peak and chatted with his Masters for a while before returning to sky-filling peak.

"This trip to the cyan Emperor mountain has brought us a lot of gains. We've obtained so many precious herbs, successfully evolved the divine bones, and obtained a Divine Spirit treasure. Although we don't know what it's used for, it's still a treasure."

"There's also a piece of Azure Thearch armor, six Dao flames, and a bunch of other things ..."He said.

Tang Hao sat cross-legged in the cave and counted his gains. He was extremely satisfied.

"Also, this iron staff, a weapon, and a battle armor. I've finally gathered all the treasures ... Next, I should focus on my cultivation. Compared to those freaks, my cultivation is still a bit weaker."

"If it wasn't for the successful evolution of the God's bone, I wouldn't have been able to defeat those top-tier monsters! Besides, there were many powerful figures in the Qitian Academy! I'll go to the cliff of enlightenment later and continue to comprehend Dao so that I can reach the ninth severing stage as soon as possible."

Tang Hao thought for a while and came up with a plan.

Then, he went out and headed straight to the cliff of enlightenment. He was ready to comprehend another Dao and try to break through to the realm of five cuts.
