

The Mightiest Little Peasant Chapter 1447

"It's true, I really do have a big iron rod!"

"It's really long and really thick!" Tang Hao nagged as he walked in.

"Yes! Yes! Brother Shi, we all know!"

The group of commoner disciples laughed, as if they knew what was going on. A few of them even laughed perversely and looked at Tang Hao's crotch.

"I really didn't expect brother Shi to be so humorous!"

"Brother Shi, you are also a man of temperament!"

They all laughed.

"Hmph! Hooligan! Pervert!" When the female disciples passed by, their almond-shaped eyes widened and they glanced at him. Their pretty faces all blushed.

Just now, the group of male disciples were boisterous and discussing that topic, which made them somewhat unable to hold back.

"I'm telling you, my d * ck is really that big!"

"It's true. Mine is especially long. It's not a problem for me to do it seven or eight times a night! AI! Junior Sister, what kind of look is that? it's true, it's absolutely true!"

The group of male disciples were still discussing in low voices.

Just like that, nearly 10000 people poured into the valley and noisily entered the trial zone.

At this moment, the atmosphere in the exam site was not calm.

Heads popped out from the nests of the giant beasts one after another, looking at the entrance.

“The trial has begun!”

“Mother! That little devil is coming again!”

“Be good! That little ancestor, please don’t cause any trouble this time. I can’t take it anymore!”

The immortal realm beasts were all frowning and nervous.

That little devil from last time had made them miserable, so much so that when they heard the news of the trial, they were in constant fear and couldn’t live in peace.

That little devil was too detestable. He was extremely slippery and extremely bold. In front of ordinary disciples, they were all high and mighty, terrifying immortal Devil Kings.

However, in front of that kid, they were nothing. It was clearly the opposite. That guy was the devil King.

“Al! This wasn’t a good idea! That kid is too scary. What if he really does it again? what should we do?”

The giant python stuck half of its body out of the cave with a nervous expression.

“Yeah! We have to think of a way!”

The group of giant beasts conversed in the air, all thinking about how to guard against that little demon.

“That little devil comes and goes without a trace. We definitely can’t defend against him alone, but if we move and gather together, he won’t be able to do anything!”

The blue Luan was entrenched in its nest on the mountain peak and suggested to the giant beasts in all directions.

“That makes sense!”

The group of giant beasts were suddenly enlightened.

“Move! Move!”

They were all excited and began to move.

Very quickly, a Grand moving operation began.

One by one, the giant beasts picked up their family’s things and started moving.

“Hurry up! You have to move quickly! Otherwise, that little devil will come!”

The blue Luan circled in the air and scanned the surroundings, taking on the role of a lookout.

“Hurry up! Hurry up!”

When the giant beasts heard this, they panicked. They were originally walking, but now they were running. They all headed towards a nest in the center of the trial zone. They were prepared to stay there for two days. As long as they passed the trial and the little devil was gone, they would be safe.

BOOM! BOOM!

Their bodies were extremely huge, and when they ran, the ground rumbled and shook, making loud noises.

The first batch of disciples who had entered were transported to various places in the trial zone. When they saw the commotion, they were all dumbfounded.

What were these immortal demon kings doing?

Why was he in a hurry with his family, as if he was escaping from a disaster?

It was really strange! What were they running for? They were immortal beasts! What a powerful existence! Who could have threatened them and scared them to this extent?

“Faster! Someone has already come in, and that little devil will be here soon!”

At this time, the blue Luan in the sky shouted again.

“Mother of God!”

“Faster!”

The group of giant beasts panicked and began to run.

Bang Bang!

A few mountain peaks were directly smashed apart, and half of them collapsed.

“Little devil? Who is it?”

Everyone was stunned and confused.

Then, they seemed to have thought of something. Their mouths were wide open in shock and disbelief.

Could it be that this so-called little devil was that surnamed Shi?

No way! That guy was so terrifying that even these immortal beasts were terrified of him and had to move and flee?

However, other than that Shi guy, they really couldn't think of anyone else!

“Al! What are you guys doing?”

Tang Hao entered as well. He was teleported to a corner of the trial area. He heard the commotion as soon as he entered. He leaped into the air and saw the giant python passing by with a few eggs on its back.

“Hey! Heyyo!”

The giant python was slithering with all its might when it suddenly heard this sound and turned its head to look.

With one look, his pair of eyes almost popped out.

“They’re coming! That kid is here! Quickly run!”

He screamed in fear and jumped up again. He escaped at his fastest speed and disappeared in a flash.

Tang Hao was stunned. He scratched his head in confusion. He did not understand what was going on.

“Hahaha! Stinky brat, don’t even think about setting us up this time!”

“Little devil, you tricked us so badly last time. This time, let’s unite as one. Let’s see what you can do to us!”

The group of giant beasts finally relaxed after they gathered together and shouted at Tang Hao.

Tang Hao was speechless.

“Am I that scary?” He muttered softly, “I’m clearly so kind and benevolent!”

“PAH!”

The group of giant beasts couldn’t help but roll their eyes when they heard this.

Then, they all shrank their heads and went into their nests to hide.

“Forget it, I won’t argue with you!”

Tang Hao mumbled to himself. He walked forward and began to look for the others.

“Stop! This is a robbery!”

He didn’t want to ambush them. He shouted and jumped out.

The person he stopped was a senior brother, a disciple of the ancient clan. He had seven Dao rings behind him, but he was in the seven-severing realm.

When the man saw Tang Hao, he was shocked and panicked. After all, Shi Ritian’s name was too scary. He could not help but panic.

However, he quickly calmed down.

Although Shi Ritian was strong, he was not weak either. He could still fight him.

“Shi, don’t be so arrogant. Do you really think you’re invincible? Hmph! I’ll let you have a taste of the Meng clan’s tribulation treasure!”

He let out a loud roar and stretched out his hand. A Pagoda appeared in his palm. The pagoda had seven levels and was five-colored. It was covered in a dreamy and splendid light.

“This is the Meng tribe’s seven-story Pagoda. It has four tribulations. Let’s see what you have to compete with this treasure!”

The demon of the Meng clan laughed and waved his hand. The pagoda flew up and gradually expanded. It glowed with a brilliant light and emitted a vast and majestic aura.

Tang Hao rolled his eyes and mumbled, “Didn’t I say that I have a big iron stick? Now, I’ll show you the power of my big iron stick!”

The demon from the Meng clan was stunned for a moment before he burst into laughter. Go ahead and take it out!”

Tang Hao took out the metal rod without a word.

That guy was stunned again. He didn’t expect that this guy really had an iron rod.

“This is the big iron stick?” Then, he laughed disdainfully. This iron rod was clearly thin and short, and it was also black. It didn’t look good at all.

However, he only laughed a few times before he stopped.

He was dumbfounded. His eyes gradually widened as he watched the metal cudgel expand, becoming thicker and longer, a few thousand feet, then a few thousand feet, and then ten thousand feet, as tall as a mountain.

“F * ck me!”

The monster from the Meng clan was flabbergasted.

It was really a super big iron stick, thick and long, so big that it was a little scary.
