

The Mightiest Little Peasant Chapter 1456

Plop!

The heaven monarch convulsed and fell to the ground. His face was charred black, and he was foaming at the mouth. His eyes were white like those of a dead fish. He had already passed out.

Tang Hao was stunned.

The surrounding heaven monarchs were also stunned. Everyone was stunned by this turn of events.

They looked down, then up at the sky. In the end, their gazes returned to Tang Hao. They were filled with shock and disbelief.

They thought that it was the kid who had released the lightning. However, he had only severed his Dao. How could he have triggered a lightning and knocked out a heavenly Lord who had become immortal?

Tang Hao, on the other hand, was dumbfounded because he did not do it.

How could he do that with his Dao severing cultivation?

“I’ve seen a ghost!”

He raised his head to look at the sky, his face confused.

The heavenly Lords who had become Immortals were a little hesitant. They turned around and looked around to see if there was a master hiding nearby, but they found nothing after observing for a while.

“Nobody! It was really strange! Could it be a coincidence that the heavens just happened to strike him with lightning?”

“No way! If that’s the case, then isn’t this fellow Daoist extremely unlucky?”

They muttered softly.

“Hey! I don’t care if it’s a coincidence or not, let’s capture this kid first!”

An old man shouted. He took the lead and pounced toward Tang Hao.

However, he knew that if it was a coincidence, there would not be a second time. If it was not because the kid was hiding something, he would not be able to use it a second time.

Therefore, there was no need to worry at all.

Tang Hao turned around and ran.

“Hahaha! Brat, you’re still running! It would be strange if you could escape from my palm with your realm!” The old man laughed heartily. He flicked his wrist, and a beam of golden light shot toward Tang Hao.

It was a golden rope.

“Damn old man, you be careful too. Be careful of being struck by lightning!”

Tang Hao cursed when he turned around to look.

Of course, he didn’t mean it. He just couldn’t stand it and cursed.

The old man didn’t care and laughed even harder. He didn’t believe that the kid could use that trick a second time.

But at this moment, lightning suddenly flashed in the sky. A total of five bolts appeared out of thin air and struck down fiercely, directly hitting the old man.

Just now, one strike had struck the Lord of Heaven until he was foaming at the mouth. Now, there were five strikes, and the old man was almost half dead. The White foam in his mouth was spurting out.

Then, he fell down tragically.

Tang Hao was stunned again.

What was going on?

The previous time could be said to be a coincidence, but this time, it couldn't be a coincidence, right?

"I've really seen a ghost!"

He looked up at the sky in a daze.

The rest of the heaven monarchs all stopped and were extremely bewildered.

"What's going on? What kind of lightning is this? how can it be so powerful?"

They looked at the ground and saw the old man's miserable state. They took in a breath of cold air and revealed a hint of fear.

"It can't be a coincidence, it must be this kid's doing! He must have some powerful treasure on him!"

They fixed their eyes on Tang Hao, trying to figure out what was going on.

Before they could figure it out, they didn't dare to act rashly. After all, there were two examples.

At this moment, the two Lin clan's heaven monarchs in the crowd were getting impatient. They turned around and looked around anxiously.

At this moment, all the elders of the equal heaven Department were tied down, and they wouldn't be able to come to the rescue in a short time. This was a heaven-sent opportunity, and once the people of the equal heaven Department arrived, they wouldn't have the chance to kill him.

"Hey! What's there to be afraid of?"

A Lin clan's heaven monarch stood out and said disdainfully, "I think the people from the heaven-equal Department gave him a powerful self-defense treasure. I'm sure he can't use it more than a few times."

"That's right!" Another person in the crowd responded.

They had to incite the crowd and take advantage of the chaos to have a chance to succeed.

"Since you guys aren't going, then I won't be polite! All the treasures are mine!"

The heavenly Lord from the Lin clan shouted a few times and led the charge toward Tang Hao.

Immediately, some people couldn't hold it in and rushed out. Then, whoosh, whoosh, whoosh, one figure after another rushed out.

"It's done!"

The Lin clan's heavenly Lord was overjoyed. He deliberately fell behind and rushed forward while being sandwiched in the crowd. He flipped his palm and a black needle appeared in his palm.

This was the black fiend soul nailing needle. As long as one was hit by this needle, one's body and spirit would be destroyed. It was an extremely insidious item.

"Hmph! Brat, you dare to kill my Lin clan's people? I'll destroy your body and soul, and you'll never be able to reincarnate!" He clutched the soul-nailing needle with a ferocious expression.

Seeing that the person in front was about to reach the kid, he raised his hand and was ready to make a move.

Tang Hao did not run away. Instead, he stood where he was and looked up at the sky from time to time. He seemed to be deep in thought.

Then, he looked at the group of heaven monarchs that were rushing over. He raised his hand, pointed at one person, and shouted, "May the heavens smite me with lightning!"

The group of heaven monarchs were stunned for a moment, and then they wanted to laugh. They didn't believe that this guy could do it again.

However, in the next moment, under their shocked gazes, another bolt of lightning flashed in the sky and struck down. The heaven monarch that was pointed at was struck so hard that his body twitched, and he fell to the ground with foam coming out of his mouth.

All the heaven monarchs were dumbfounded.

The heavenly Lord of the Lin clan was also stunned. "F * ck, there's more?"

Tang Hao, on the other hand, was excited. He did not know what was going on, but it felt like lightning would strike down from the sky as soon as he shouted 'strike the lightning'.

"May the heavens smite me with lightning!"

"May the heavens strike me with lightning ... No, five bolts of lightning!"

Tang Hao kept raising his hand and pointing at the Lords of Heaven. He kept shouting. At first, he was struck by lightning, but then he was struck by five thunders.

The heaven monarchs were disdainful at first, thinking that he was bluffing. However, when they saw the lightning in the sky, they were so scared that their faces turned pale and their souls almost flew out.

"Mother of God!"

"Hurry up and run!"

The heaven monarchs who were pointed at shrieked and tried to escape, but they couldn't avoid it at all. The lightning was too fast, and it struck them in an instant. Their skin split open and their flesh was torn, and they screamed in pain.

Plop! Plop!

One by one, the heaven monarchs fell to the ground with white foam coming out of their mouths. It was extremely miserable.

Tang Hao was getting more and more excited. He was getting addicted to the game. He pointed at people and shouted, and bolts of lightning struck them.

The heaven monarchs were all dumbfounded and tongue-tied.

The scene in front of him was too crazy and unbelievable!

“My God!”

The heavenly Lord from the Lin clan was also dumbfounded. His eyes were so wide that they were about to pop out.
