

The Mightiest Little Peasant Chapter 1457

F * ck! This brat in front of him was like a god, annihilating whoever he pointed at.

Before he could come back to his senses, something even more shocking happened. The kid no longer shouted “five-blow-Thunderstruck” and began to point at people and shout “drown him” and “burn him”.

As soon as he finished speaking, waves of water fell from the nine Heavens and surged over. There were also heavenly flames burning the sky, sweeping over.

What was even more exaggerated was that when that kid shouted “cut him to death,” golden sword Qi emerged in the clouds in the sky. There were thousands of them, and they were uncountable.

“Heavens!”

He raised his head and looked at the sky, completely stunned.

“How ... How is this possible?”

“If he says he wants lightning, there will be lightning. If he says he wants water, there will be water ... Is this the legendary divine incantation?”

The heavenly Lords all looked up at the sky in shock.

“Let’s go!”

Then, they jumped up and ran away frantically.

“Motherf * cker! How could it be like this?”

The heavenly Lord of the Lin clan cursed angrily. He was extremely depressed. He was just one step away from killing this kid, but something so strange had happened.

He made a prompt decision and prepared to leave as well. However, Tang Hao suddenly pointed at him and shouted, "Two heavens of Ice and Fire!"

The heavenly Lord of the Lin clan froze and his expression changed.

"Stinky brat, I'll F*ck your ancestors!"

The next moment, a shrill scream pierced through the sky and reverberated in the air.

"Mother! It's too tragic!"

"It's too horrible to look at!"

The heaven monarchs couldn't bear to watch.

Their faces turned paler and paler, and they ran even more desperately. The other Lin clan heavenly Lord also ran away with the crowd, feeling lucky.

"Don't run!"

Tang Hao chased after them. He could not take it lying down after being chased for so long and running around in such a sorry state. He had to take revenge immediately.

"Stinky brat, can you stop chasing me?"

"You brat, if you keep chasing, do you believe that I won't kill you?"

The group of heaven monarchs turned around and shouted as they ran.

"Come on! Who's afraid of who!"

"Go!" Tang Hao roared. He pointed at the men and knocked them unconscious. They frothed at the mouth and fell to the ground.

This time, no one dared to speak any more nonsense and all of them ran for their lives.

In front of them, many heaven monarchs were rushing over. They were all stunned when they saw this scene.

“Eh? Why are my eyes playing tricks on me?”

They rubbed their eyes hard.

The scene in front of him was obviously not right. How could it be that kid surnamed Shi chasing a group of heaven monarchs away? this was too absurd. It should be the opposite.

However, no matter how many times he rubbed his eyes, the scene did not change.

Then, their bodies trembled, and their mouths were agape in shock.

They saw that the kid kept pointing at the group of Lords of Heaven and mumbling something. Then, there were thunders, Heavenly Fire, water, ice, and sword light pouring down.

The heavenly Lords couldn't resist it and fell down one after another.

This scene was truly absurd to the extreme.

Just like that, Tang Hao chased the group of heaven monarchs from one end to the other, shocking countless people along the way.

“Who is that person? How awesome! He must be a peerless magnate!”

Many people did not know who Tang Hao was, but they assumed that he was a peerless magnate who could drive a group of heavenly Lords away.

“Isn't that the boy from the equal heaven Department? What's going on?”

Many of them recognized Tang Hao, and they were dumbfounded.

When Tang Hao drove the surviving Lords of Heaven back to their original spot, the entire battlefield fell silent. The heavenly Academy, the war god mountain, and the itinerant cultivators all stopped and looked up in shock.

“That’s ... My good disciple?”

Wang Liang’s master and the others “mouths were wide open.

“Is that really that little brat?”

Elder Wang Yun’s eyes widened.

They were all in a daze, as if they were in a dream.

“This ... You must be joking!”

The people of the Lin clan were dumbfounded.

They had thought that this brat had most likely been killed by their people. No matter how bad he was, he would be chased all over the place and in a sorry state. But why was he the one chasing a group of heaven monarchs? And where did their people go?

The people of war god mountain were also dumbfounded.

Then, many of them looked panicked because that kid was chasing a few heaven monarchs toward them with a murderous aura. They were clearly here to settle scores.

“Tsk! What’s there to be afraid of! He’s just a kid, what’s there to be afraid of!”

“It is! We’re all heavenly Lords! Why should we be afraid of a Dao-severing kid?”

Many war god mountain’s elders shouted and were about to rush out to deal with that kid.

“Five lightning strikes!”

“Ice and Fire! Ice and Fire! Ice and Fire!”

Tang Hao raised his hand and flicked his fingers. In an instant, bolts of lightning, ice, and fire descended from the sky and surged toward the elders of war god mountain.

“Aaah!”

With a few blood-curdling screeches, this group of war god mountain’s elders were instantly annihilated. Some were struck unconscious by lightning, some were frozen by ice, and some were almost roasted into charcoal.

“Hiss! Hiss! Hiss!”

The rest of the elders all sucked in a cold breath and revealed a look of horror.

“What kind of divine ability is this?”

“This kid ... What’s going on?”

They were even more shocked and confused.

But when they saw Tang Hao charging at them, they did not have time to think about it. They turned around and ran.

“This kid ... What medicine did he take?”

Elder Wang Yun stood there and muttered in a daze.

“Who knows!”

The group of heaven's equal Academy elders smiled wryly. They could not imagine what kind of fortuitous encounter this kid had encountered to suddenly become so abnormal. It was as if he had the help of the gods.

"Who asked you to find trouble with me!"

Tang Hao cursed as he chased after them, his fingers flying quickly.

BOOM! BOOM!

As the lightning struck down, these elders of war god mountain frothed at the mouth and fainted.

He was making the best use of his time because he didn't know where this ability came from, and he didn't know when it would disappear.

"Stinky brat, stop!"

"Stinky ... No, no, no, Shi shaoxia, little brother Shi, please do us a favor and let us go! We're all people of the three pure lands, so why can't we sit down and talk about it?"

At first, the people from war god mountain were so angry that they were stomping their feet, but they quickly gave in and began to beg for mercy.

Tang Hao could not be bothered with them. He continued his pursuit.

The two sides' chase was so great that it spread throughout the entire world.

Even the half-immortal Master of War god mountain was shocked. When he came over and saw what was happening, he was stunned and couldn't believe what he saw.

"Is he that brat surnamed Shi from the equal heaven Department?"

When he heard the crowd's shouts, he understood the kid's identity and was even more shocked.

“No matter what, let’s stop this kid first!”

Mountain Master war god muttered. He raised his right hand and pointed a finger at Tang Hao.
