

The Mightiest Little Peasant Chapter 1461

“Did you guys hear? war god mountain and primordial chaos dojo are coming!”

“No way! Are you really going to fight?”

It was in an uproar outside, and the heaven-equal courtyard was not peaceful either. The rumors had even spread inside, causing a great sensation among the disciples.

Many disciples were extremely indignant and vowed to fight to the end. There were also some who were worried and uneasy.

It was true that the heaven-reaching Academy was powerful. As one of the three great pure lands, it had tens of thousands of years of history and a profound Foundation. However, there were too many opponents this time: the two great pure lands, many ancient clans, and immortal sects.

It would be very difficult to block this attack with the strength of the equal heaven courtyard alone.

“Why don’t you just hand over half of the divine blood? Isn’t this good? there’s no need to fight!”

Many disciples had the same thought.

Not only the disciples, but many of the elders also thought so. However, the headmaster had already made a decision, so they did not dare to say anything.

“What are you afraid of? There are no cowards in our heaven-equal Department. If they want to fight, we’ll accompany them to the end!”

“Fight! Fight your mother and turn the heavens and earth upside down!”

“We haven’t displayed our might for a long time, and the world really thinks that we’re easy to bully!”

Even more elders felt their blood boil and their fighting spirit soar.

As one of the three great pure lands, there was basically nothing much to do. These elders were also very idle. It was unknown how many years it had been since they had moved their muscles and bones.

“If they dare to come, then they won’t be able to return!”

They began to prepare for battle and got busy.

In the sky above the heaven-equal mountain range, one could see a majestic light flashing past from time to time. They were all immortal elders. They were running around, checking the formation in all directions.

At the same time, more formations were set up.

Layers of formations enveloped the entire mountain range. There were killing formations, defensive formations, disorientating formations, illusionary formations ... There were all sorts of formations.

These were all top-notch formations. Furthermore, there were many ancient formations that were left behind from the ancient era and possessed astonishing power.

These formations were one of the Trump cards of the heaven-equal Academy.

The other source of their confidence was their people. The heaven-reaching Academy had been passed down for a long time and had cultivated countless experts. Many of them had stayed behind to become elders, and there were thousands of heaven monarchs.

Thousands of heaven monarchs was a terrifying number. Many ancient clans only had dozens or hundreds of heaven monarchs in total.

In the past few days, there were elders who had returned from their travels. There were also many elders who had been in seclusion for a long time. They came out and joined the preparation team.

Sensing the tense atmosphere, Tang Hao’s heart grew heavy. He was a little anxious.

There were too many opponents. This battle ... Was going to be difficult!

He went to check on his Masters. They were all nervously preparing for the battle. Some were refining pills, some were setting up formations, and they were extremely busy.

“Don’t worry, my dear disciple. It’ll be fine. Even if all the experts in the world come, they won’t be able to break into our heavenly Academy. Our formations aren’t just for show.”

They were full of confidence.

Tang Hao was relieved when he heard that.

As the days passed, the atmosphere in the courtyard grew more and more tense, and the clouds of war began to gather.

The news from the outside kept coming in. Most of them were from some ancient race, some immortal sect, or some rogue cultivators who had joined the coalition.

More and more people joined the Alliance Army.

In the outside world, the atmosphere continued to boil.

“The heaven-equal Department ... Is in danger!”

“The heaven-equal Department wants to monopolize all the treasures. This has angered the masses, and they’ll definitely pay a painful price. After this battle, the three great pure lands might become two great pure lands.”

The people of the world were all discussing this, and they began to look down on the heaven-equal Academy. After all, there were too many people in the Allied army, and it would be very difficult for the heaven-equal Academy to stop them. They wouldn’t be completely destroyed, but they would definitely suffer a great loss, and might even lose their status as Pure Land.

Even the ancient clans who had a good relationship with the heaven-equal Department couldn’t sit still anymore.

Many of their clans had joined the heavenly Academy and cultivated there. If the heavenly Academy couldn’t hold on and collapsed, their clans would be in danger.

They sent their elders to the equal heaven Department in a hurry to pick her up.

For a time, the entrance of the equal heaven courtyard was packed with people sent by the major ancient clans to pick up people.

“Aiya! Elder Wang, I’m really sorry! No, no, no. It’s not that I don’t trust the heaven-equal Department, but ... The family head said that it’s better to be safe than sorry. Please forgive me, elder Wang.”

“Elder Wang, where are the few brats from my Thunder clan?”

Elder Wang Yun’s expression turned unsightly. It was obvious that these ancient race tribesmen didn’t have high hopes for the heavenly Academy. They wanted to take back their disciples and temporarily cut ties with the heavenly Academy.

If the heaven-equal Department couldn’t hold on, these ancient race tribesmen wouldn’t hesitate to ask these disciples to leave the Department.

“Get lost! Take these kids and get out of here!”

He waved his hand impatiently, his face sullen.

Those elders didn’t dare to offend them. After all, they would have to come back if the heaven-equal Department was able to withstand the attack or split the treasures with them.

They greeted him with a smile and apologized a few times. Then, they left in a hurry with their group of young people.

There were many ancient clans that had a good relationship with the heaven-equal Department, and most of them had come to pick up their young people. In the blink of an eye, 60 to 70% of the over 10000 disciples in the outer court of the heaven-equal Department had disappeared.

The Thunder clan, rain clan, night clan, and forest clan had all come to pick him up.

“Hey! These ancient race fellows sure run fast!”

“The facts have proven that us grassroots are still the more reliable ones!”

Looking at the ancient race disciples leaving in batches, the grassroots disciples were filled with disdain.

Of course, not all the ancient clans were like this. Many ancient clans had sent groups of experts to support the heavenly Academy, and some immortal sects with deep ties with the heavenly Academy had also come to help.

Groups of people entered the equal heaven courtyard.

After half a month, the enemies finally made their move. War god mountain and the primordial chaos Daoist sect took the lead. Giant birds and airboats carrying countless people rushed to the equal heaven courtyard.

All over planet Dong Ling, the elites of the ancient race also flew toward the equal heaven courtyard.

“They’re here!”

When they saw the huge birds and flying ships in the distant sky, the people in the equal heaven courtyard were in an uproar.

“Activate the formation!”

Boom! Boom! Boom!

Countless light pillars shot up into the sky from all four directions of heaven-equal mountain range. All the arrays were fully activated, protecting the entire mountain range.

One figure after another flew out from the mountains.

They stood in the air, their robes fluttering in the wind. Their expressions were murderous, and their bodies were all covered in dazzling immortal radiance. They were all powerful cultivators who had become Immortals.

On one side of the Qitian Mountains, in the trial ground, the immortal realm beasts all raised their heads and looked at the sky.

“We should also move out!”

They muttered to themselves, got up, and rushed into the sky.

In the ancestral land, in a Valley, ancient tribulation weapons started to tremble. Smoke rushed out and turned into figures.

“We can’t just stand by and watch when the heaven-equal Department is in trouble!”

“They’re fighting! They’re fighting!”

“Burn, burn, burn, burn these bastards!”

The Golden Crow was the most excited of them all, and it scurried around while shouting.

Following that, the ancient artifacts also soared into the sky.
