

## The Mightiest Little Peasant Chapter 1476

The Yuchi race's Plaza was packed with people, and the atmosphere was lively.

There were hundreds of thousands of people from the 3000 ancient clans, many celestial sects, small and medium-sized forces, and independent cultivators. Almost all the powerful forces on planet Dong Ling were here.

They were drinking and chatting enthusiastically, making the place extremely lively.

The Yuchi clan's patriarch was seated on a high platform in the middle. He was drinking to his heart's content and chatting with joy. He was extremely pleased with himself.

He was extremely burly and tall, looking to be in his fifties. He had a square face and a dignified expression. Every movement of his had an intimidating aura.

Beside him sat a young woman. She was bright and alluring, and her beauty was unparalleled.

She sat there quietly, attracting countless gazes from all directions.

Most of them were envious, awed, and some admired those young people.

She was today's main character, the Pearl of the Yuchi clan!

"This girl from the Yuchi race is truly a stunning beauty! Even the Pearl of the rain clan can't compare to her!"

"Al! Why can't I have such a daughter?"

"You brats, don't look around. Don't even think about it. Look at what kind of people you are. Are you worthy of her?"

The four sides were in a discussion.

Upon hearing these discussions, Yuchi Xuan's expression remained indifferent as usual. On the other hand, the other members of the Yuchi clan all burst into laughter, revealing a disdainful look.

"Ai! Yuchi family's patriarch, we've been drinking wine for so long, it's time to add some liveliness!"

Suddenly, an ancient clan head stood up and raised his cup.

"It is! That's right!"

When the crowd heard this, they immediately started jeering.

Yuchi family's patriarch immediately broke into laughter as he waved his hand, "Good, good, good! Then let's do something to liven things up. I wonder ... What kind of program do you want to do?"

"Hey! We're sparring, of course. We'll let the young people have some exercise. Besides, we also want to see what kind of power an undying inborn divine bone has."

"Yes, yes! Sparring! Hurry up!"

The crowd was in an uproar again as they shouted.

They really wanted to see the power of the undying bone.

To them, an undying inborn divine bone was like a legend. They had only seen it in ancient books.

"This ...." Yuchi family's patriarch hesitated for a moment, then turned around and looked towards Yuchi Xuan with a questioning gaze.

Yuchi Xuan gently nodded. "Then let's exchange pointers. It just so happens that ... I also want to find someone to practice with. I want to test the power of this bone."

"Alright!"

The four sides immediately roared and cheered.

Yuchi family's patriarch, you don't mind letting my family's young man go first right!"

"Get lost! I should be the one first!"

In order to fight for the first spot, the group of celestial Gate Masters from the ancient clans even started quarreling.

After quarreling for a long time, it was the Li clan who got the first spot.

"This one is Li Nantian, greetings to Miss Yuchi!"

The most outstanding genius of the Li clan jumped out and ascended the high platform in the center of the square. It was a fighting platform prepared for sparring.

"The Li clan is one of the top hundred clans. Li Nantian is also a proud disciple of the primordial chaos dojo. He entered the inner sect a few years ago and is quite powerful!"

The crowd below the stage pointed at the young man from the Li family.

"Li Nantian! Not bad!" Yuchi family's patriarch nodded his head slightly and praised. He had heard of the reputation of the Li clan's genius.

"Luan 'er, go!"

He turned around and called out.

Yuchi Xuan lightly nodded, and with a leap, she swept up and lightly stepped onto the fighting ring.

Her dress fluttered in the wind, her black hair danced in the wind, and her figure was lithe and graceful. The young people around her were mesmerized by her.

"Miss Yuchi, I've long heard of your great name. Today, we'll exchange pointers. If I've offended you, I hope you can forgive me!"

The monster from the Li clan cupped his hands and said with a warm smile.

“Please!”

Yuchi Xuan extended her Jade-like hand and made a gesture of invitation.

“Then I’ll have to offend you!”

The Li clan’s prodigy said. With that, his body trembled, and boundless flames rose from his body. His entire body turned into flames, exuding an extremely intense aura.

“It’s a Dharmakaya!” Everyone exclaimed in shock.

This dharma body was the opposite of the Golden body. The Golden body was cultivated by body cultivators and their physical bodies were extremely strong. This dharma body was cultivated by Dharma cultivators and had many magical aspects.

The Li clan genius continued to use his Dao energy and his body continued to expand. He turned into a flame giant and slapped.

In the face of this palm, Yuchi Xuan’s face was still indifferent, without a trace of fluctuation.

She stood there unmoving, allowing the palm to slam into her. The scorching hot air wave came pressing down on her, blowing her rosy clothes and making them flutter wildly.

Everyone gasped and held their breath nervously.

However, the members of the Yuchi race weren’t worried at all. Instead, they were all laughing.

At this moment, Yuchi Xuan finally moved. Facing the palm, she gently raised her Jade-like hand, bent her long and slender fingers, and flicked out a finger.

Pfft!

A soft sound.

Then, under everyone's shocked gazes, the huge flaming palm stopped and exploded.

The Li clan's genius let out a muffled groan and retreated. His body shrank and returned to his original size.

"Hiss!"

Everyone took in a breath of cold air, their faces full of shock.

With just one finger, he was able to repel the attack of his opponent's Dharmakaya. This ... Was the power of the undying bone?

The Li clan's demon was unwilling to give up. He regrouped and attacked again. However, Yuchi Xuan only raised her Jade-like hand and sent out a palm.

Bang!

There was a muffled sound.

Then, there was a muffled groan. The Li clan genius's body trembled as if he had been struck by lightning. His Dharmakaya state disappeared at once, revealing his true body. He fell backward and fell off the fighting ring.

"We've lost!"

The crowd burst into an uproar.

They were all shocked. In just two moves, the winner was decided. Yuchi Xuan's strength was completely overwhelming, and the Li clan's monster incarnate didn't even have the power to resist.

“That guy can be considered a somewhat famous expert among the younger generation. I didn’t expect him to be defeated so badly!”

“This is the immortal bone?”

Their faces were full of sighs and exclamations.

“Miss Yuchi, I’ve lost, I admit defeat!” The Li clan genius got up, cupped his hands, and said with a bitter smile.

He turned around and returned to his own camp.

“Let me do it!”

Then, another young man jumped out. He had a burly figure, and it was obvious that he was a body cultivator. He was a disciple of war god mountain.

He went up the stage and exchanged two blows with Yuchi Xuan, but he was shot down in a somewhat miserable state.

“Waa!”

The crowd was even more amazed.

As the young geniuses went up the stage one by one and were continuously shot down, the crowd was more and more shocked.

“This undying bone is truly a legendary bone! That’s amazing!”

“Yuchi family’s patriarch, this lass from your family is truly unprecedented, a genius that only appears once in a thousand years! She’s a true Phoenix among men, and she’ll definitely shine in the future and shock the starry sky!”

They were full of praise, and some even started to flatter the Yuchi family’s patriarch.

In the square, other than gasps of admiration, there were also cheers and encouragements. Everyone was a little excited.

When another young genius on the stage was defeated and fell off the stage, the cheers from the four sides reached their peak.

However, at that moment, an untimely voice was heard.

“It’s just a piece of broken bone!”
