

The Mightiest Little Peasant Chapter 1479

“What ... What’s that?”

In the square, someone pointed at the stage and shouted while trembling slightly.

On the stage, a beam of bright divine light bloomed out. It was also seven-colored, extremely bright. In comparison, the seven-colored brilliance on Yuchi Xuan’s chest was dim and completely overshadowed.

‘How ... How is this possible?’

What kind of bone was this?

How could there be another bone in this world that could overshadow an undying inborn God’s bone in terms of aura?

Everyone sat on the spot in a daze, their minds almost blank.

Clang! Clang!

Bang Bang!

It was the sound of wine cups and bowls falling to the ground.

The seven-colored brilliance on the stage grew increasingly resplendent and filled the entire world. Within it, an ancient and divine aura gradually spread out.

“This is ...”

Sensing this aura, many people trembled as if they had thought of something. Their eyes were wide open and filled with shock.

“This is ... The aura of a God? No! This was impossible! Why does this bone have the aura of a God?”

With a “Chi” sound, the elder leading the group from war god mountain stood up unconsciously. His face was filled with extreme shock.

“That’s right! This is the aura of a God...But, this is impossible!”

On the side of the primordial chaos Daoist sect, many figures stood up and looked at the stage in disbelief.

“This ...”

The Yuchi clan’s patriarch also stood up with a swish. He stared blankly at the stage, unable to believe his eyes.

All around the square, people stood up one after another, their expressions equally shocked.

“What? Is this the aura of a God?”

When everyone heard this, they could not help but be dumbfounded.

“What ... What kind of bone is this?”

They looked at the stage and swallowed their saliva, their faces turning pale.

He had thought that this fellow was just bluffing, but he had never thought that he would actually have a powerful bone. It had the aura of a God, completely overshadowing the undying bone of the Yuchi race.

On the stage, Yuchi Xuan’s mouth was wide open as she was extremely shocked.

“What ... What kind of bone is this?”

She said in a trembling voice.

“God’s spiritual bone!” The man said word by word.

As soon as he finished speaking, everyone was silent.

Everyone was stunned. Then, with a hiss, they took in a breath of cold air and revealed an extremely shocked expression.

“God’s spiritual bone? How is this possible?”

“I’ve never heard of anyone in this world who can fuse a piece of God’s spiritual bone!”

The square was in an uproar.

The crowd was in an uproar, their expressions excited and crazy.

A piece of undying bone was already shocking enough. Who would’ve thought that another piece of God’s spiritual bone would appear? what was even more coincidental was that the person who had this God’s spiritual bone was an enemy of the Yuchi race.

“How did this happen?”

The members of the Yuchi clan were all somewhat dumbfounded.

They had originally thought that this fish that had escaped the net was just a minor character, but they had never expected that this was a powerful figure who possessed a piece of God spirit bone.

A piece of God’s Spirit bone?

This was too F * cking ridiculous! Which force did this guy belong to? They had never heard of such a person!

“God’s spiritual bone?” Yuchi Xuan muttered to herself, her expression somewhat dazed. She really couldn’t imagine how this piece of divine spiritual bone came about, and how it could possibly be absorbed by this person.

“Hmph! However, it was just a Bluff. This couldn’t be the real God’s bone! Even if it’s true, my undying bone might not lose to it!”

She gritted her teeth and said fiercely.

“You can try!”

The black-robed man said indifferently.

Yuchi Xuan snorted lightly, stomped her feet, and shot out, slapping her palm. On her chest, the undying God’s bone glowed with an even more dazzling brilliance.

However, no matter how bright her light was, she could not compare to the black-robed man.

Facing this palm, he didn’t even move, as if he didn’t take this palm seriously at all.

That Yuchi Xuan became even more embarrassed and angry. With a sharp shout, her aura rose a few points and she ruthlessly slapped.

“Hmph! You’re overestimating yourself!”

When the palm was right in front of him, the man finally moved. He raised his hand and slapped.

It was a light palm strike, and it seemed like he didn’t use much strength.

In the next moment, there was a loud bang. The two palms collided heavily, and a boundless radiance exploded.

An arrogant voice resounded from within the brilliance. Following that, a figure flew out and landed on the ground, staggering. It was Yuchi Xuan.

She stopped, her pale face full of shock.

The other party's body was too strong, so strong that it was terrifying. It was probably a piece of God spirit bone!

She gritted her teeth, but she was still a little unwilling.

After devouring so many bones, she had finally strengthened it to an indestructible level. She had thought that her bone was already invincible and that it was the Supreme Being within the bone. However, she did not expect that in the blink of an eye, an even more powerful God spirit bone would appear, shattering her dream of being a Supreme Being bone.

"I can't possibly lose!"

She shouted loudly and rushed forward again. The undying bone was activated to the extreme by her, and her skin burst out with a touch of seven-colored brilliance.

"Hmph!" The black-robed man snorted angrily and stepped forward. With a boom, his body shook violently and a terrifying aura burst out.

His long hair fluttered in the wind, and he had an unparalleled aura, as if a God had descended.

With a shout, he clenched his right fist and punched out.

Bang!

The fist and palm collided, creating a circle of violent ripples. The strong wind swept out, sweeping through the entire square. Rows of tables and chairs, as well as the bowls and wine jars, were all shattered.

As for Yuchi Xuan, her pretty face twitched a few times, and the color of blood drained from her face. She could only hold on for a few seconds before she could no longer hold on. With a muffled groan, she was blasted out and fell off the fighting ring.

"We lost! Yuchi Xuan actually lost!"

"Crushing! It's a complete crushing!"

The crowd exclaimed.

Just now, Yuchi Xuan had suppressed the paragons of various races with the power of the undying bone. Now, she was being suppressed instead.

“Who is he?”

Everyone was suspicious. This abnormal guy who possessed a piece of God spiritual bone couldn't possibly be a nobody. However, no matter how they racked their brains, they couldn't figure it out.

“You ... Who are you?”

Yuchi family's patriarch shouted in a deep voice as his face turned ashen.

Today's grand ceremony could be considered to have been smashed. The face of his Yuchi race had been completely lost.

“I'm only here to collect a debt and take back what belongs to me. At the same time, I'll overturn your Yuchi race and make you pay the price for your betrayal!”

The black-robed man said.

Upon hearing this, the Yuchi family's patriarch's expression changed, “you're from the equal heaven courtyard?”

This guy had already mentioned the traitor, and now he was bringing it up again. It was obvious that this person wasn't from the forces they had exterminated, but from the Qitian courtyard.

That's true! Only the heaven-equal Department could produce such a powerful figure.

Moreover, there were many disciples in the heaven-equal Academy, and many of them were wandering the starry sky. Since they had missed the previous battle, this person must be the one.

After thinking it through, he was relieved for a long time. Then, a hint of greed rose in his heart.

A piece of God's spiritual bone was an astonishing treasure. As long as he could obtain this bone and let Huang 'er consume it, her inborn divine bones would definitely be strengthened again.

The other elders of the Yuchi race had also thought of this point. They looked at each other with excited expressions.
