

The Mightiest Little Peasant Chapter 1484

Yuchi family's patriarch retracted his body, his expression greatly shocked.

He was an expert in the great circle of the immortal transformation realm, but he couldn't even take down an early stage kid with one strike!

"What is this?"

He noticed the White mist and looked at it. His expression changed and he exclaimed, "Is this the Qi of the spirit vein?"

In an instant, he took in a breath of cold air, and his heart was in turmoil.

Of course, he had heard that this young man's Dao of formations was profound. He had once laid down a formation at the Azure Emperor mountain and activated the Qi of the spiritual vein.

"What? Is this the Qi of the spirit vein?"

Everyone was also shocked.

"Hmph! You brat, do you think you can stop me with such a lousy formation?" Yuchi family's patriarch snorted in anger as his face contorted and became extremely malevolent.

He flicked his sleeve, and a green ancient sword flew out. It buzzed and trembled, and a shocking sword light burst out.

"Take him down!"

War god mountain's elder and the others roared and charged forward again.

Tang Hao stood in the air and waved his hand. A loud rumble was heard and the earth shook again. Mountains collapsed and cracked. Endless spirit energy gushed out in all directions.

It wasn't just these people in front of him, the Yuchi clansmen in the distance were also his targets.

Ahhhh!

The crowd on the other side was instantly thrown into chaos. From time to time, the Yuchi clansmen would be struck by the Qi of the spirit vein and explode, dying on the spot.

“Stop!”

The Yuchi family’s patriarch’s eyes were about to pop out as he roared and attacked madly.

However, Tang Hao didn’t want to fight him head-on. His body flickered like a ghost, and he dodged the ancient sword.

The massacre continued, and the Yuchi clansmen fell one after another. They were scared out of their wits as they cried out in panic and frantically fled.

“Quickly run!”

The others were also scared out of their wits, their faces pale. They also turned around and fled frantically.

That kid was not human at all. It was fine if he was so powerful, but what was more terrifying was that he also had amazing array skills. Now that he had the support of the great array, he was simply no match for him.

“This formation covers such a wide area that it must have been prepared long ago. The Yuchi race was too careless!”

“Hey! The Yuchi race had been riding on the crest of success, but who would have thought that such a freak would have his eyes on them! Don’t say anymore, hurry up and run, if you don’t run you’ll die!”

Everyone used all their strength to escape.

“Damn it, this little brat is too slippery!”

“Kid, don’t hide if you have the guts!”

After chasing for a while, the crowd started to curse in anger.

Tang Hao ignored them and continued to activate the great formation, bombarding the Yuchi clansmen in all directions.

A moment later, he seemed to sense something. He suddenly raised his head and looked at the sky in the distance. In that direction, an astonishing aura was rapidly approaching.

“Not good!”

His expression changed as he realized that a Saint was coming.

“Today’s just interest, we’re not done yet!” Tang Hao stopped and shouted coldly at the Yuchi family’s patriarch. He then swept his gaze into the distance, and his gaze fell on Yuchi Xuan.

“I’ll keep my bones for now. I’ll come back for them next time!”

After saying that, his figure moved and suddenly disappeared. He had pierced through the void and left.

“He ran away!”

“Quickly chase! We must catch him and kill him!”

The crowd roared in exasperation as they missed their target. Then, they turned around and rushed in all directions.

Seeing this, the fleeing crowd all stopped and heaved a sigh of relief.

Looking at the mountain range that had been completely reduced to ruins, they could not help but laugh bitterly. Who would have thought that a grand ceremony would turn out like this?

“That kid ... Is too terrifying!”

They all felt the same way.

“Who is it? Who did it?”

Very quickly, a magnificent ray of light descended from the sky. It was the Yuchi race’s old ancestor. When he saw this scene, he was instantly enraged. His eyes were about to pop out as he roared madly towards the sky.

“Old ancestor, it’s that brat surnamed Shi. He’s still alive!”

Some clansmen said in grief and indignation.

“What?”

The Yuchi forefather shuddered. “How could he still be alive?” he asked.

The clansmen quickly explained the situation.

The Yuchi forefather was dazed for a moment, stunned by the news. A moment later, he threw his head back and howled, raising his arms and shouting, “You brat, just you wait! I will capture you, extract your soul, and refine it so that you will never be able to reincarnate. ”

After saying that, he leaped and rushed into the sky. He released his divine soul and began to search wildly.

After a while, the crowd began to disperse. They brought this shocking news to every corner of planet Dong Ling.

Shi Ritian was still alive!

Not only did he not die, but he also obtained a piece of Divine Spirit bone, which greatly increased his strength. During the Yuchi clan’s grand ceremony, he easily crushed that Yuchi Xuan.

Furthermore, he had transcended his tribulation on the spot, become an immortal, and killed many Yuchi race heavenly Lords!

.....

This piece of explosive news caused an uproar in the entire Donglin sacred planet. Everyone who heard it was dumbfounded and couldn't come back to their senses for a long time.

This news sounded like a dream. It was ridiculous and unbelievable!

How could that Shi guy still be alive and become so powerful?

"It's true! The Yuchi race is too miserable. So many people have died and the entire mountain range has been razed to the ground. The losses are too great!"

"Hey! How could it be fake! I heard it from an elder of war god mountain, it can't be fake!"

They asked for confirmation from many parties, and in the end, they had no choice but to believe it. They were even more shocked.

The entire planet Dong Ling was in an uproar.

At the same time, everyone was in a state of panic. Those forces that had followed war god mountain and primordial chaos Daoist sect to deal with the equal heaven courtyard were all panicking, afraid that they would be targeted by that kid.

After all, even someone as strong as the Yuchi race had been turned into such a miserable state by that brat. They had no choice but to be afraid.

They opened up layers of defense and retreated.

The war god mountain, the primordial chaos dojo, and the powerful ancient clans and immortal sects had all sent out their elders in groups to search for traces of that kid.

A portion of them searched on planet Dong Ling, and a portion of them went into space.

Planet Dong Ling was too big, so they couldn't completely seal it off. They didn't know if the kid had left, so they had to send some people to space.

At this moment, somewhere on planet Dong Ling, in front of a vast mountain range, the void rippled, and a figure emerged. It was Tang Hao.

He lowered his body and landed in the valley below. He concealed his aura and changed his appearance and even his clothes.

He didn't plan on leaving this place. He wanted to stay on planet Dong Ling. After all, the spiritual energy here was dense and the resources were rich. It was the best place to cultivate. In comparison, the other planets were much poorer.

He had just broken through to immortal Ascension and needed to consolidate his cultivation. He also wanted to continue breaking through and reach the later stages of immortal Ascension as soon as possible.

After becoming immortal, it was too difficult to increase one's cultivation level. Only by staying on planet Dong Ling could he find the opportunity to break through earlier.

"Let's take a look at this mountain range first!"

He flew out of the valley and headed towards the mountain range.
