

The Mightiest Little Peasant Chapter 1488

“This is ... Dao fire?”

A commotion broke out in the valley, and exclamations rang out continuously.

Everyone’s expression changed, and a few rays of fiery light burst out from their eyes.

Things like Dao fire and spirit Water were very rare treasures, especially the Dao fire, which was the best fire for refining weapons and elixirs. It had many uses and was even more popular than Spirit Water.

On the stage, the heavenly Lord raised the bead high and shouted, “This is the white bone demonic flame. I got it not long ago. As you all know, I don’t cultivate fire. I cultivate water. So, this thing is useless to me.”

“Old Luo, what do you want to exchange?”

“Old Luo, I want this fire!”

Many heaven monarchs couldn’t wait any longer. They stood up and shouted at the stage.

The heaven monarch surnamed Zhen on the stage waved his hand and said, “Don’t panic. Wait for me to finish. I only want to exchange this ball of fire for one thing, and that is Spirit Water. If any of you have Spirit Water, you can show it to me. If I’m satisfied, I’ll exchange it.”

“Spirit Water?”

Everyone was stunned.

“F * ck! Where did I get the spirit Water?”

“How can we change this! It’s not easy to find Spirit Water. Old Luo, can’t you change it to something else?”

They were a little depressed.

Luo Tianjun smiled and shook his head. He said firmly, "No!"

Everyone sighed and sat down helplessly, looking at the ball of fire with eager eyes.

Luo Tianjun looked around and was a little disappointed.

"Old Luo, your condition is too harsh. You can't change it. Why don't you change it?"

"That's right!"

Many people still did not give up and advised.

"No!" Luo Tianjun shook his head and said, "if not, then I'll have to come again next time!"

He waited for a while more, and seeing that no one made a sound, he sighed and prepared to put the bead away. He would come back to take a look next time, or he could go to other places to take a look.

At this moment, someone shouted from below the stage, "wait a minute!"

He was stunned and looked up.

Everyone was shocked as well. They all turned around and looked in the direction of the voice.

After seeing it clearly, they were all stunned.

"Who is this?"

"Isn't he the one who came with fellow Daoist Ling? I think his surname is Wang! Could it be that he has the spirit Water?"

On the stage, Luo Tianjun's face flashed with a touch of joy, and he said anxiously, "Fellow Daoist, do you have any Spirit Water?"

Under everyone's gaze, Tang Hao stood up and cupped his hands toward the stage."What a coincidence. I just happened to obtain a stream of spiritual water not long ago. I don't cultivate water, but fire."

Luo Tianjun was overjoyed and shouted,"quick!" Quickly take it out and let me see what kind of Spirit Water it is!"

Tang Hao raised his hand, and a Jade bottle appeared in his palm. The bottle was almost transparent, and a ball of black water in the shape of a serpent slithered inside.

"This is ... The first heaven heavy water?"

Luo Tianjun looked at it and was overjoyed. Then, he said eagerly,"Fellow Daoist! Hurry up! Change it!"

"Alright!"

Tang Hao nodded and tossed the Jade bottle over. Luo Tianjun did the same, and the two of them caught the Pearl at the same time.

Tang Hao examined the orb immediately after he received it. He only accepted it after he was sure that there was nothing wrong with it.

Luo Tianjun did the same. He carefully examined the Jade bottle. After a while, he relaxed and smiled at Tang Hao."Fellow Daoist! Thanks!"

Tang Hao stood there and examined the Pearl in his hand. He was delighted.

He already had 32 types of Dao flames. With this one, he would have 33 types. He was getting closer to his goal.

As for that heavenly first layer water, even he himself didn't know which guy it came from. When he had just left Qi Yuan, he had killed many Dao-severing perfected Lords, and this was one of the spoils of war.

He didn't cultivate water, so this thing was naturally left there. In the past, he had obtained a lot of Spirit Water, such as the three one mysterious water, which he had left in Kun Lun.

At this moment, the heaven monarchs in the surroundings were staring at the Pearl in his hand. Their eyes were burning, and some of them even revealed a hint of greed.

"This guy ... Where did he come from?"

They began to reevaluate Tang Hao, trying to find out his cultivation base.

This person was very unfamiliar to them. They didn't know him at all. They didn't know his realm or identity, so they didn't dare to offend him.

Tang Hao also noticed their gazes. He looked around and suddenly raised an eyebrow. An idea came to his mind.

"Aiya! That's great! He had obtained another type of Dao fire! I'm so lucky!"

Tang Hao grinned.

His smile was very natural, and it was completely from the bottom of his heart.

When everyone heard this, their eyes became more and more heated.

He got another one?

Did that mean that this guy had more than one type of Dao fire?

Ling Tianjun also looked at the bead in Tang Hao's hand enviously. When Tang Hao sat down, he cupped his hands and congratulated, "Congratulations, fellow cultivator Wang!"

"Al! It was nothing! It was just a Dao fire! I have a lot of these things!"

Tang Hao waved his hand nonchalantly.

Waa!

Everyone gasped in their hearts at the same time, and their eyes became even more heated.

A mere Dao fire?

And a lot?

It seemed that this guy had many kinds of Dao fire!

Many of them were drooling as they looked at Tang Hao. However, they were all heaven monarchs who had experienced hundreds of battles. They were cunning old foxes, so they would not show it.

On the surface, they were all very serious.

Ling Tianjun was stunned.

“Aiya! Fellow Daoist Wang, congratulations!”

“Fellow cultivator Wang, you’re in luck today!”

The surrounding heaven monarchs all came over and congratulated him with a smile.

“It’s nothing! It’s nothing!”

Tang Hao said, waving his hand.

After a while, a heavenly Lord suddenly asked, ““Ai! Fellow Daoist Wang, where are you from?”

“I’ll be honest with you,” Tang Hao said. “I’m not from planet Dong Ling. I’m from planet Tai Ling!”

“It’s the asteroid!”

“Oh,” everyone replied, and their expressions became a little strange.

Since this guy wasn’t from planet Dong Ling, then there was nothing to be afraid of. The only problem was strength.

“Yes, yes! You all know about the asteroid!” Tang Hao smiled. “I’ve just become an immortal, so I came here to see the legendary sacred planet!”

“I know! I know!”

Everyone chuckled in response.

Their eyes, however, lit up.

He just broke through not long ago?

In other words, this guy was a newbie from the heaven monarch realm?

In an instant, their expressions became strange. A guy from the planet tai Xing who had just become a Lord of heaven and had many kinds of Dao flames was just a fat sheep!

They were all a little excited.

Of course, some people felt that it was a little strange. This guy actually revealed his cultivation. He didn’t seem like an experienced person, but rather a hothead.

However, on second thought, perhaps this guy was just a hothead!

Although planet Taixing wasn’t as famous as Donglin, it was still quite famous. There were many powerful forces on it. Maybe this young man came from one of the forces there, so he was like this.

With this thought, they felt at ease.

In addition, they had observed him for a while. There was nothing suspicious about this guy, so their doubts were all gone.
