

The Mightiest Little Peasant Chapter 1489

After a long while, the commotion in the valley finally subsided.

The trade fair continued, and people went up the stage from time to time, taking out all kinds of treasures to exchange with others.

From time to time, there would be a clamor, and the atmosphere was extremely lively.

However, under this level of liveliness, there was an undercurrent surging. One by one, intentionally or unintentionally, gazes swept towards a certain place in the field, with some ill intentions.

“Fellow cultivator Wang! You have to be careful!”

Ling Tianjun reminded Tang Hao as he noticed something.

The entire trade fair lasted for about four hours. When it was over, Lord Ling Tian stood up and was about to leave with Tang Hao.

“Ai! Fellow Daoist Ling, don’t be in such a hurry to leave!”

At this moment, someone called out to him.

“Fellow Daoist Ling, why are you in such a hurry? we haven’t seen each other for a long time. Let’s go and have a few drinks!” An old man walked over and said to Ling Tianjun with a smile.

“This ...”

Ling Tianjun looked left and right. How could he not understand that they were trying to send him away!

He was a little hesitant. He wasn’t very familiar with fellow Daoist Wang, so there was no need to worry about his safety. However, he was the one who brought fellow Daoist Wang here this time. If something happened to fellow Daoist Wang, it had something to do with him, so he felt a little apologetic.

“Fellow Daoist Wang, why don’t we go and drink together?”

He said to Tang Hao after some thought.

The old man was stunned. He was about to stop Lord Ling Tian when Tang Hao spoke. "Thank you for your kindness, fellow Daoist Ling, but I have to go back!"

"Then ... Be careful on the road!"

Ling Tianjun had no choice but to remind him.

"Hey! It's fine, what could have happened!" Tang Hao grinned. "I'll be taking my leave now. Goodbye, everyone!" Tang Hao cupped his hands at the heavenly Lords as he spoke.

"Goodbye! Goodbye!"

"Fellow cultivator Wang! Be careful on the road!"

The crowd waved their hands and smiled warmly.

They stood there, waving their hands. They only stopped when the light was far away. The smiles on their faces slowly faded.

What replaced it was a ghastly atmosphere.

"Woof! This kid is a hothead!"

"From the asteroid? Hehe! You won't even know how you died!"

The corners of their mouths twitched as they sneered. Their expressions were filled with disdain and contempt.

Then, they looked at each other and moved out of the valley. Many people had already gone out, so they would definitely stop that kid. They had to speed up and catch up. Otherwise, they wouldn't even get the soup, let alone the meat.

After they left the valley, Tang Hao acted as usual and flew toward the great Xuan mountain.

He had been flying close to the ground. After flying for a while, a few rays of light suddenly shot out from a Valley below and blocked his path. They were the heaven monarchs who had participated in the trade fair earlier.

There were three of them in total, and all of them had cold expressions on their faces. Killing intent flickered in their eyes.

“What are you guys doing?”

Tang Hao was ‘shocked’ and shouted.

“Hehe! Fellow cultivator Wang, do you still not understand?”

“Wang, it’s a miracle that a hothead like you is still alive!”

They laughed coldly. Without hesitation, they summoned their treasures and attacked Tang Hao with all their might.

Tang Hao’s body trembled. He was even more ‘flustered’ now. He turned around and fled.

“Hahaha! This coward, look at how scared he is!”

“You’re really too useless!”

They laughed with a teasing look on their faces.

“Chase!”

With a thought, the treasure turned around and continued its pursuit. At the same time, they also moved and pounced over.

They laughed even more mockingly as they looked at the fleeing figure in front of them. At the same time, they had completely let down their guard. In their eyes, there was nothing to worry about with such a useless hothead.

The distance between the two sides continued to shrink.

Suddenly, the figure in front of him stopped, turned around, and pounced at him.

The three of them were startled, but they didn't care too much. He was just a guy who had just become an immortal. How strong could he be? they were happy that he didn't run away.

They didn't retreat. Instead, they continued to pounce forward, wanting to take down this guy.

But then, they were stunned. A seven-colored brilliance suddenly burst out from the chest of the guy in front of them, and a terrifying aura burst out.

This aura was ancient, deep, and carried a terrifying pressure that shook their hearts.

"What ... What is this?"

They were all dumbfounded and stood there in a daze.

Just a moment ago, he was still the coward who was running away in a panic and was laughed at by them. But now, he was exuding a terrifying aura.

Looking at his expression, there was no longer any panic, only bone-deep killing intent.

"My ... My God!"

Sensing this killing intent, they shivered as if they had fallen into an ice cellar.

What a terrifying killing intent!

How many people had he killed to be able to condense such a strong killing intent?

How was this a hothead, he was clearly a vicious old fox! Everything that this guy had done before was just an act to trick them!

At this moment, they came to a sudden realization.

However, it was too late. Tang Hao activated his God's spiritual bone and charged forward. He clenched his fists and punched.

Bang Bang!

With two loud bangs, the protective light curtains of the two Lords of Heaven were blown apart. Then, their bodies trembled violently, and their flesh exploded inch by inch under the terrifying fist force.

In just one blow, the two heavenly Lords' bodies exploded.

"Mother of God!"

With a few shrieks, two rays of light rushed out of the corpse, picked up their treasures, and tried to escape.

"Hmph! You want to leave?"

Tang Hao snorted. He threw the metal cudgel at one of the beams of light. Then, he grabbed at the other beam of light and activated the [moon scooping].

Two heavenly Lords had died in an instant.

The remaining Lord of heaven was completely frozen on the spot. His widened eyes were filled with fear.

In the blink of an eye, he had killed two heaven monarchs!

This level of strength, this level of scheming, it was truly too terrifying!

“S-S-S-senior! Spare ... Spare my life!” He was trembling so badly that his teeth were chattering.

Tang Hao’s figure flashed and appeared in front of him. He raised his hand and punched him, blowing him up and killing him.

If the three of them did not chase after him, he would not be able to kill them. After all, as heaven monarchs, they were very good at escaping, and it would not be easy to kill them.

However, not only were the three of them at close range, but they had also underestimated him, so killing them was very easy.

He took the treasure and quickly destroyed the corpse.

Then, he slapped himself, took out his sword, and made many cuts on his body until he was covered in sword marks. He then sprinkled a spray of blood to make his injuries look very real.

Then, he stumbled and flew away, looking as if he had just escaped death and was on the verge of death.

“Ai! I’m really a movie King!”

Tang Hao mumbled as he flew. He was almost convinced by his own acting skills.
