

The Mightiest Little Peasant Chapter 1522

“Old man Li, what’s wrong with you?”

The Li clan’s heaven monarchs were a little confused as they watched the Li clan’s heaven monarchs shine the light as if they had gone crazy.

What kind of result did old man Li see that caused him to become like this?

There was a buzz and a commotion.

Everyone realized that something was wrong. They had all heard of this time mirror before. It could not only identify people but also objects. It had never made a mistake before. How could it suddenly make a mistake today?

“Let me see!”

One of the heavenly Lords leaped and flashed to the side of the Li clan’s heavenly Lord. He looked at the mirror.

After he saw it clearly, his body trembled as if he was struck by lightning.

“This ... This ... How is this possible?”

He raised his head and stared at the figure in front of him with wide eyes.

His expression was one of extreme disbelief.

Seeing this, everyone’s expression changed.

“Could he really be a monster?” The Lord of Heaven of the blood spirit sect mumbled. However, he felt that something was wrong. What kind of monstrous talent had they not seen? why would they be shocked?

“Let me take a look!”

“Let’s go!” He shouted and moved forward to look at the mirror.

“I’ll F * ck off!”

When he saw it, he was so frightened that he almost jumped up. His expression was a little frightened.

“Even he’s so scared!” The remaining heaven monarchs’ expressions became more and more solemn.

“Let me see!”

“Let me do it!”

They all roared and rushed over. When they looked at the mirror, all of them were stunned.

“How ... How is this possible?!”

The elder from the sacred sect couldn't take it anymore. He came forward to take a look and was speechless.

The result in the mirror was too shocking, to the point that he even suspected if the mirror was really broken!

This guy isn't even thirty?

Such a cultivation speed was even faster than killing the most outstanding genius of the sacred sect!

When did such a monster appear on planet Beichen?

The group of heaven monarchs were stunned for a long time before they came back to their senses. They stood there in silence with embarrassed expressions.

They had never thought that this guy was also a monster. He was not even thirty years old, even younger than their batch of young disciples.

At this age, he was definitely a junior.

However, his cultivation level was that of a true immortal, which was very awkward. Was he a senior or a junior?

“Motherf*cker! I've really seen a ghost!”

“Which family is this young man from? he's too abnormal!”

They muttered angrily and felt a little depressed.

When the young people learned of the situation, they were even more shocked. At that moment, they did not dare to make a sound.

Although this was very inconceivable, it was impossible for that treasured mirror to be wrong. This was a genius that was even more monstrous than them. If they made another sound, wouldn't they be asking to be humiliated?

“This precious medicine ... There's no problem with me taking it, right?”

Tang Hao looked around coldly.

The group of heaven monarchs looked at each other in a daze.

This fellow could also be considered a junior. Furthermore, to have such a cultivation at such a young age, he must have some background. He couldn't be offended easily.

Moreover, it was just a precious medicine, so it wasn't worth it.

"Fellow Daoist! 'Nice to meet you!' 'Nice to meet you!' I am Li Nantian, an elder of the Li clan!"

The elder of the Li family quickly put away the mirror and went up to him with a smile.

"Fellow cultivator, I'm an elder of the blood spirit sect!"

"Hahaha! It's really rare for fellow Daoist to have such cultivation at such a young age! I'm an elder of the Qing clan. Since we're fated to meet today, why don't we get to know each other?"

The other heaven monarchs also came up to him with warm smiles on their faces.

"My surname is Shi!"

Tang Hao cupped his hands and said calmly.

Tang Hao prepared to leave after a brief conversation. He had already obtained the precious medicine, so there was no need for him to stay any longer.

At this moment, a sudden change occurred.

The sky suddenly darkened, turning from day to night in an instant. The clouds surged violently, and golden light poured down.

"What's going on?"

Everyone was shocked and looked up.

The next moment, the clouds split apart, and a giant Golden Palm reached down. It was like the palm of a God, pressing down from the nine Heavens, covering the sky and destroying the earth.

Upon a closer look, one could see that the giant palm was covered with mysterious patterns and it was shining with a bright golden light.

"It's the Xumi palm print!"

"It's the Cheng clan!"

The crowd cried out in surprise as they recognized the giant palm.

This giant palm was very easy to recognize. It was very famous on planet Northstar. It was called the Xumi giant palm. It was the ultimate technique of the ancient Cheng clan. The Cheng clan was one of the top ten ancient clans on planet Northstar.

The heaven monarchs' expressions changed.

Why would the Cheng clan be here?

The aura of this hand seal was so astonishing that it was obviously not something that could be produced by an early stage immortal realm Lord of heaven. It was at least a late stage immortal realm Lord of heaven!

A late-stage heaven monarch was here to fight for a precious medicine?

This was too exaggerated!

They were all a little bewildered.

When they saw the giant palm falling, they hurriedly retreated. Some people in the distance saw this and wanted to leave the mountain range. However, at this time, there were several rumbling sounds in all directions and pillars of light shot up into the sky.

In an instant, a huge spell formation took shape, enveloping the entire place.

Whoosh! Whoosh! Whoosh!

Around each pillar of light, there were silhouettes of people soaring into the sky. Each of them was emitting immortal radiance and had shocking auras. They were all heavenly Lords.

“What’s going on?”

“So many heavenly Lords ... They’re all from the Cheng clan! Why are there so many people?”

“Heavens! Look, they’re all in the middle and late stages. What are they trying to do?”

Everyone was shocked and even felt that it was a bit ridiculous. For a precious medicine, the Cheng clan had dispatched so many elders, and all of them were in the middle and late stages of immortal transformation. There was not a single early stage immortal. What an astonishing lineup.

“The Cheng clan?”

Tang Hao raised his head and looked at the enormous palm that was pressing down. He then looked around and saw the pillars of light and the figures. His expression darkened.

He immediately understood what was going on.

The news of the three heaven monarchs he had killed must have been leaked, which attracted the Cheng clan here to kill him and snatch the true flame!

Otherwise, why would the Cheng clan spend so much money?

And this precious medicine was most likely the work of the Cheng clan.

“Shi brat, you killed a member of my Cheng clan. Today, I will take you and use your blood to pay tribute to the souls of my clan members in heaven!”

In the sky, a bell-like sound reverberated and reverberated through the world.

This voice contained endless majesty, shaking people’s hearts and minds. Many people with weak cultivation revealed pained expressions and covered their ears.

“It’s Cheng zu!”

The heaven monarchs of the large sects exclaimed in shock.

In the North Star, anyone who could be called an ancestor was an incredible figure. Their cultivation base was at least great circle, and they had Supreme divine abilities and impressive battle records. Only then were they called ancestors.

This Cheng zu was an even more notorious figure. He had been famous for 500 to 600 years and had long been a perfected stage expert. However, he had not transcended into a mortal for a long time. This was also why he had accumulated many divine powers and abilities, and his strength was unfathomable.
