

The Mightiest Little Peasant Chapter 1540

“This alchemy saint’s name is Gu Xu. He was a figure from 10000 years ago and is very famous in the alchemy world!”

“Now, the world of alchemy is in an uproar. Countless alchemists have come to find the alchemy Scripture left by the alchemy Saint.”

Tang Hao heard a lot about the alchemy Saint on the way.

An alchemy Saint was the peak of alchemy.

Whether it was the Dong Lin astral or the North Star astral, the most powerful Alchemist was the nine Cauldrons Alchemist. Only those who surpassed the nine Cauldrons and had godlike alchemy Dao could be called an alchemy Saint! It was a Supreme existence in the pill realm!

He was quite accomplished in alchemy, but he was at most at the level of Nine Cauldrons, a leading figure. He was still a long way from the alchemy Saint realm.

Therefore, he was very interested in this alchemy saint’s cave.

Soon, he arrived at the location of the cave.

This was originally a barren mountain with few people, but now, it was filled with a sea of people. It was impossible to count how many people there were, and there were even more people pouring in and landing in the mountain range.

In the middle of the mountain range, there was a strange mountain range. More than a dozen mountain peaks formed a circle, and inside it was a large basin that looked like a huge bowl.

“This place is called heaven Basin Mountain. It got its name because of its shape. Not many people visited this place in the past, but a few days ago, someone was fighting here and accidentally discovered the mystery of heaven Basin Mountain.”

“After a careful investigation, they discovered traces left behind by alchemy Saint Gu Xu. When the news spreads, it will be a sensation!”

Someone in the crowd introduced them loudly as Tang Hao passed by.

“What a coincidence!”

“Exactly! If it wasn’t for the coincidences, who knew how long it would take for this place to be discovered! In fact, there are quite a few ancient cave abodes that have been discovered by coincidence!”

The people were discussing fervently.

Tang Hao squeezed his way forward and looked into the basin. There were countless figures wandering inside, clearly looking for the entrance to the pill saint's cave.

After observing for a while, he retreated and found a mountain top. He landed and began to wait.

This wait lasted for more than half a day. During this time, large ships and huge birds brought people from the various large sects over, many of whom were familiar faces.

Tang Hao only glanced at them for a moment before looking away.

In the evening, they suddenly heard a burst of cheers from the basin. Then, there was an uproar.

"I found it! I've found it!"

The entire mountain range was in an uproar.

The crowd had been waiting impatiently for a long time, and at this moment, they swarmed up and rushed over.

Tang Hao was in the middle of the crowd. He passed through the tunnel and entered the cave.

This pill saint's cave was a small world. It was extremely vast and filled with spiritual Qi. The mist was ethereal, like a Fairyland.

"Heavens! Look, there are so many spiritual herbs!"

After everyone entered, they looked around and were stunned.

There were herb gardens everywhere, and they were filled with spirit herbs that were blooming with all kinds of colors. It was simply dazzling to their eyes.

"My ... My God! Could that be The Fire Divine Grass ..."

"That's the astral flower! It's already extinct outside!"

Upon closer inspection, they were about to go crazy!

These were all rare and precious, and many of them were even extinct in the outside world. If one were to take one outside, it would be worth a city!

"This is unbelievable!"

The alchemists in the crowd were so excited that they were trembling.

They rushed down madly and began to fight for it. All of their eyes were red from killing.

"Guys, look ... What's that?"

There were also people who saw streaks of light flying through the spiritual mountains. When they took a closer look, their eyes widened, revealing extreme disbelief.

The brilliance was actually all precious medicine!

All of them were chubby, golden, and frighteningly old.

“Precious medicine! They’re all precious medicine!”

The crowd went into a frenzy again.

Even an ordinary precious medicine was a rare treasure, let alone this kind of extremely old high-grade precious medicine. Each of the large sects sent out a group of people and rushed towards the group of precious medicine.

Tang Hao’s body moved, and he also flew over.

“Get lost! Get lost! This precious herb is in the eyes of the slaughter Saint sect. Who dares to touch it?”

A group of people rushed over. They had their eyes on the same precious medicine as Tang Hao.

There were many people who had their eyes on this precious medicine, including the heavenly Lord of immortal transformation. However, when they heard the shout, they all hesitated. Then, they looked at the lineup of slaughter Saint sect and retreated in fear.

Even if they managed to snatch the precious medicine, they would probably not be able to enjoy it.

Seeing this, the heavenly Lords of slaughter Saint sect snorted coldly and showed their pride.

They were already used to such things. As one of the four major extraordinary forces, who would dare to provoke them and kill the sacred sect!

But then, they were stunned, because someone had suddenly surpassed them and pounced towards the precious medicine.

They were stunned for a moment and then became angry. Someone actually dared to snatch something from the hands of their sacred killing sect!

“You’re looking for death!”

They shouted in anger and increased their speed to catch up.

However, the figure was very fast and caught up to the precious medicine in an instant. He reached out and easily grabbed the precious medicine.

“You’re really bold. How dare you snatch the thing that I used to kill the sacred sect!”

“Hand over the precious medicine! I’ll spare your life!”

They were getting more and more annoyed as they rebuked him.

“Spare my life?”

That person mumbled. He turned around with the precious medicine in his hand. His face was a little blurry, and his appearance could not be seen clearly. However, his eyes were ice-cold, and they contained a bone-chilling chill.

“Yo! You’re quite arrogant!”

The heavenly Lords of the Holy slaughter sect sneered, their expressions unfriendly.

He knew that they were from a sacred sect, yet he still wanted to Rob them. It was obvious that he was provoking them on purpose. They would never be polite to such people. Against so many of them, no matter how capable this guy was, he would still die.

“You’ve really eaten a bear’s heart and a leopard’s gall. How dare you provoke us on planet Beichen? hurry up and tell us your name. We don’t kill nameless people from our sacred sect ...”

One of the heavenly Lords of the Holy slaughter sect shouted.

“You’re too noisy!”

That person shouted and coldly glared at him.

With just one look, the heavenly Lord of kill Saint sect trembled as if he had been struck by lightning. It was as if he had been struck by a giant hammer. The protective light screen exploded, and his chest caved in.

With a wuwa sound, he madly spat out blood and flew backward.

His eyes were wide open, and his face was blank. He had no idea what had happened.

Bang Bang!

He crashed into a few mountains before stopping.

The heaven monarchs from killer sacred sect and the people around them were all dumbfounded. They couldn’t believe what they were seeing.

That guy didn’t do anything. He only glanced at one of the heaven monarchs, but he was able to send a middle-stage heaven monarch flying while vomiting blood. What a terrifying cultivation!

Could this person be a perfected heavenly Lord?

The group of heaven monarchs from the slaughter Saint sect had a change in expression, but they didn't panic. They were from the slaughter Saint sect, an extraordinary force, and they weren't afraid of a perfected heaven monarch.

"Who ... Who are you? Report your name!"

The leading heaven monarch shouted sternly.

As soon as he finished speaking, his face changed dramatically, revealing a look of horror. At this moment, his opponent suddenly disappeared from the spot and appeared in front of him like a ghost. His palm reached out and crushed his protective light curtain, then grabbed his neck and lifted him up.

"I'm surnamed Shi ..."

The man pursed his lips and spat out three words that almost made him faint.
