

## The Mightiest Little Peasant Chapter 1562

A fire burned the sun Moon Mountain to ashes.

Tang Hao stood in front of the mountain Gate for a while, then turned around.

“Let’s go!”

His figure leaped and rushed into the sky.

Soon, the giant gate planet was in an uproar. As the most powerful force on the planet, the sun and moon Mountain had been completely destroyed. Even the sun and moon peaks had been destroyed.

Following that, even more shocking news spread. It was said that the leaders of the sunset sect, the green mist sect, and the other forces had all come to Mount Riyue to participate in the battle. At this moment, there was no trace of them, so they were probably all dead.

The news shocked the entire nine gates star field.

On the nine great stars, everyone was in a state of panic.

“Some old demon has come!”

Everyone speculated.

The entire high sun was in an uproar.

At this time, in the sky above the star City of Gaoyang Star City, two people arrived. The first person was a young man who looked to be in his twenties, followed by a bald man with a burly figure, like an iron tower, and a fierce look.

The two of them attracted the attention of many people as they landed.

“Come, come, come. We’re missing one more. One more, and we’ll leave immediately!”

“Is there anyone who wants to go to the spirit snake planet ...”

This was the city’s Northern square. It was packed with people and extremely lively. There were shouts for people everywhere.

Tang Hao turned around and sighed.

His first stop was this Gao yangxing. He had been in this public square for a period of time and had even tricked quite a few people. This experience was still vivid in his mind. Now that he recalled the scene, he couldn’t help but sigh.

Monk Huan hai looked around and frowned.

They were all severing Dao, and they were all one or two. They were really behind.

“Let’s go over there and sit down!”

Tang Hao left the square and went to a restaurant. He also went to the shop that he had rented before. It was selling medicinal herbs.

Tang Hao stopped in his tracks for a moment when he passed by the star temple.

In the star Hall, someone just happened to come out and meet him. That person was immediately stunned, and a hint of suspicion appeared in his eyes. Why did this young man in front of him look so familiar?

However, he couldn’t quite remember it at the moment.

“Strange!” He muttered.

He was stunned on the spot. After a moment, he let out an “ah”, but then he remembered, and his expression changed greatly.

Wasn’t this young man the demon surnamed Shi who had once shaken the nine gates star field more than a decade ago?

He’s back!

Then, he seemed to have thought of something. His body trembled and his expression became more and more horrified, even a little fearful.

The news had just come that the sun Moon Mountain had been destroyed, and all the heavenly Lords of the major sects had died. Now, this man had appeared. It was definitely not a coincidence!

At this moment, the young man smiled at him and called out, “Thank you, fellow Daoist!”

The old man surnamed Xie was immediately filled with fear and trepidation. He bowed and repeatedly said: “I can’t! I’m not worthy!”

His heart was filled with apprehension, and cold sweat broke out on his forehead.

He was already very certain that the destruction of Mount Riyue was done by this person. After all, this person had already killed two people more than ten years ago. Moreover, he had celestial grade talent. More than ten years had passed, and he must have become even more powerful.

The only thing he wasn’t sure about was how powerful this person had become after so many years.

He raised his head slightly and peeked at him, only to find that he couldn’t see through him at all. This person didn’t have any aura at all, just like a mortal, but it was precisely because of this that he was even more terrifying.

This person's cultivation must be world-shaking!

He thought to himself. The more he thought about it, the more shocked and respectful he became.

The young man smiled again and said gently, "How have you been?"

After he finished speaking, he smiled and nodded at him before turning around.

"My Lord! Who is this?" Said monk Mirage sea.

"An old friend!"

Tang Hao said indifferently.

With that, she left.

This elder Xie was the first group of people he met when he left Qiyuan. It was also with him that Tang Hao arrived on planet Gaoyang.

Watching the two figures disappear into the crowd, the old man surnamed Xie was still in a daze.

After a long time, a bitter smile appeared on his face.

The word 'old friend' made him sigh with regret.

Back then, he had a great chance to win this person over. However, he had misjudged him and missed such a shocking figure.

"Al!"

If they had recruited him back then, the firmament sword sect would have been in a completely different situation now, and it would not be a dream to dominate the nine gate star field.

He stood there for a long time, and finally, he sighed.

What was missed was missed, and there was no way to take it back. Who asked him to have bad eyes!

He shook his head, sighed, and left with a trace of loneliness.

He knew very well that from now on, he would never have any more interactions with this person. The two of them were not on the same level at all.

Tang Hao didn't leave immediately after leaving planet Gao Yang. Instead, he released his divine sense and began to search the area.

A moment later, his mind moved and his eyes swept towards a star in the distance. It was the spirit snake star.

“There’s still something that needs to be dealt with!”

He rushed over and quickly landed on the spirit snake planet. Then, he struck out a palm at a mountain peak below.

In an instant, a giant palm appeared and smashed the mountain.

A purple light shot out from the ruins.

“Who is it? Who the hell has the guts to provoke me?”

The purple light turned into a person and started cursing.

This man was none other than ancestor Purple Lotus.

“Old monster, have you forgotten me?”

Tang Hao shouted.

“You? Who the hell are you?” Great ancestor Purple Lotus was a little taken aback.

“I’ve said it before, I’m going to refine you into a pill!”

Ancestor Purple Lotus was stunned for a moment. Then, he became furious and screamed, “Alright! So it’s you!”

How could he not remember this bastard!

It was this bastard who threatened to refine him into a pill!

“You brat, you still dare to come back! You’re walking right into a trap, don’t you know that those heavenly Lords have been wanting to catch you for a long time!” Old ancestor Purple Lotus rolled his eyes and was about to run.

He knew very well that he was no match for this guy.

“How can a dead person catch me!”

Tang Hao chuckled. With a wave of his hand, the Golden cauldron appeared. It suddenly expanded and slammed down.

“A dead man ...”

Ancestor Purple Lotus was taken aback. He wanted to run away, but it was too late. The Golden cauldron covered him and took him in.

“It’s still three cuts, barely passable!”

Tang Hao mumbled as he kept the cauldron.

“Alright, let’s go!”

All grudges had been settled, and it was time to return to Qiyuan.

He had flown for a whole month when he came here, but it only took him two or three days to return.

When he saw the Blue Star in the starry sky in front of him, Tang Hao was overjoyed.

“Qiyuan! I’m back!”

He mumbled, unable to suppress the excitement in his heart.

It had been fifteen years since they last met, and he had finally returned.

“I wonder how Kun Lun is doing? Also, star pupil and the others ...”

Tang Hao lowered his body and brought monk fantasy ocean into planet Qi Yuan.

He looked around, found the ninth continent, and hurried over.
