

The Mightiest Little Peasant Chapter 1565

“Sect master?”

When the group of people saw Tang Hao, they were shocked at first, then they exclaimed in disbelief.

“I’m not seeing things, right? That’s the president?”

Among this group of people, there were people like Zi Yue, Ku Zhu, and the Taoist priest.

Tang Hao smiled and nodded at them.

“It’s really the president!”

“It’s the sect master! The sect master is back!”

They shouted in excitement.

When the shouts spread, the entire Kun Lun was in an uproar.

Many young disciples rushed out and watched from afar. Many of them had never seen this person before, but they had heard many legends about him. For example, those teenagers had grown up listening to the legends of this person.

“You’re finally back!”

Taoist master Qian Ji rushed over and said excitedly.

Tang Hao glanced at him. “I haven’t severed my Dao yet!”

The elder of the thousand trickery sect blushed. “How can it be so fast? However, it’ll be soon. In a few years, it’ll be able to bear Dao fruits.”

Then, he looked at Purple Moon dried bamboo and the others. They were also at the great circle of Dao seeking and were stuck at the Dao severance stage.

This stage was an extreme test of comprehension, so he could not rush it.

After all, in Qiyuan, there were no Dao soul inheritances from the outside world, so he could only comprehend it by himself.

After some small talk, another group of people came out of the inner world. Shabby Taoist master and the people from Huashan were all here. It was very lively.

“Guild leader, I’ve missed you so much!”

They surrounded him with great enthusiasm, and their eyes were all shining.

Tang Hao knew what they were thinking.

He took out many rings and threw them over."Take them! Take it!"

"Thank you, President!"

"Many thanks, sect master!"

The group of people were overjoyed.

"Where are the rest?"

Tang Hao was surprised when he looked around.

"Senior Wang and the others have left! Among them, senior Wang succeeded in severing his Dao three years ago and left. Senior Liu and the others ... Should still be in Qiyuan now, wandering around!"

Taoist master Qian Ji said.

Tang Hao was slightly surprised.

"In the past few years, there have been quite a few who have flown away. Senior Wang is one of them, but I don't know who the others are!"

Then, Taoist master Qian Ji explained to Tang Hao the changes that had happened on planet Qi Yuan during this period of time.

As they spoke, the group of people entered the hall.

After hearing that, Tang Hao was a little emotional. Fifteen years had passed, and Qi Yuan planet had changed a lot.

"Where's the star pupil?"

Tang Hao looked around and asked,"

Now, even Daoist priest horizon had rushed over from earth, but star pupil was nowhere to be seen.

"This ..."

Everyone hesitated for a moment.

"Xing Tong left. It's been a few years. She's smart and has comprehended the Dao long ago. She has succeeded in severing her Dao. She said she was going to find you and left. She has been gone for about six years." Taoist master Qian Ji said.

Tang Hao was surprised.

“I’ll come and find you!”

He vaguely remembered what star pupil had said to him at that time.

Tang Hao’s heart skipped a beat. He felt sorry for her, but he was also worried.

Danger lurked everywhere outside. What if something happened to her when she was alone?

And the starry sky was so vast, it was too difficult to find a person.

“This girl is so stubborn!” Daoist priest horizon sighed, “but you don’t have to worry. That girl, Xing Tong, is very powerful and smart. She can take care of herself. Nothing will happen.”

“I hope so!” Tang Hao sighed, but he was still worried.

“Let that girl go on her own!” Daoist priest horizon said.

“That’s true!”

Tang Hao pondered for a long time, then nodded.

“If you’re really worried, you can go find her later. Now, quickly split the treasures. Where’s my share?” Daoist priest horizon spread his hands.

“Don’t worry, how could I forget about you! I’ve also prepared a special gift for you!”

Tang Hao handed him a ring. Inside the ring was a body made of immaculate soil.

Daoist priest horizon was excited when he saw the body.

“At least you still have some conscience. This gift is not bad!”

The Daoist priest of heaven entered his body and adapted to it for a while before going to the side.

Tang Hao split the treasures again, and the hall was bustling with activity.

Tang Hao also introduced them to Mirage sea. He would be returning to Westridge later, so Mirage sea would definitely stay here.

“The great circle of the immortal transformation stage?”

After hearing about the Mirage sea’s strength, everyone was speechless.

In their eyes, this was an incredible power.

“Hey! My strength is nothing, master has already become a Sage, an Almighty immortal tribulation!” Mirage sea waved his hand and said humbly.

“Hiss!”

“A mighty immortal tribulation?”

The hall immediately fell silent, followed by gasps of shock and cries of shock.

Everyone was dumbfounded.

The Almighty being of the immortal tribulation was a half-immortal, an existence that was far above the immortal realm!

They had only heard of this realm in legends!

“That’s great!”

Then, they were all excited!

The more powerful their sect leader was, the stronger their Kun Lun would be.

They were also somewhat proud. Kun Lun had produced a half-immortal, and if news of this spread, it would shake the entire Qi Yuan planet. Their position as the number one sect would also be even more stable.

In the future, their Kun Lun might even be able to charge out of Qi Yuan and go into the starry sky.

“All of you, train hard!”

Tang Hao smiled at them, then stood up and said, “Mirage sea, you can stay!” Then, he looked at horizon and the others, “I’ll go out and take a walk before going back. I’m prepared to stay for a year or two.”

“Alright!”

Daoist priest horizon and the others nodded.

Tang Hao’s body flickered, and he left Kun Lun.

His first stop was the closest alchemy division.

He met with Alchemist Yun Cang.

“You are ...”

Upon seeing him, Alchemist Yun Cang was a little stunned. He actually couldn’t recall who he was.

When he remembered, he was stunned for a long time.

In the blink of an eye, more than ten years had passed. This person had actually returned from the starry sky.

Looking at this person and then looking at himself, he couldn't help but feel a little melancholic. He had watched this person go from the foundation establishment stage to the nascent Soul Stage, then to the Dao severance stage. He had watched this person go from being unknown to being famous. But he was still the same.

For so many years, he was still cooped up in this small alchemy division. He couldn't compare to this person who could travel the four Seas and gallop through the starry sky.

However, he was also pleased. After all, he had watched this person grow up and was the pride of the southern region. The changes in the southern region and the ninth continent were all brought about by this person.

"How's the situation outside?"

"That's right, but not as good as Qiyuan, not as good as this place!" Tang Hao laughed. He sat down and drank with him.

"What's his cultivation?"

"Immortal tribulation!"

Apothecary Yun Cang was stunned. His hand trembled, and he almost dropped the wine cup.

He was in a daze for a long time before he recovered from the extreme shock.

"Immortal tribulation!" He laughed bitterly.

Wasn't the immortal tribulation the legendary Supreme Almighty who had the power to penetrate the heavens and earth?

How many years had it been since Qi Yuan had produced an immortal tribulation Almighty?

He had only heard of such a person in ancient books and legends. He had not expected to see one with his own eyes today, and to drink with him.

"I'm really old!"

After a long time, he sighed and was filled with emotions.
