

The Mightiest Little Peasant Chapter 1577

Everyone was stunned.

“You? Hahaha! What can a kid like you bring out!” The Daluo Swordmaster mocked.

“You can forget about it!”

The primordial chaos Dao master and the others looked contemptuous.

This brat was quite freakish. He had quite a few good treasures, such as true fire and God spirit bone. Even they were extremely envious of them, but that was all. In terms of wealth, this brat was far from them.

Besides, they were competing for the divine medicine now. Only the three pure lands had such a Foundation.

How could this kid take out a treasure of this level?

Headmaster Qitian glanced at Tang Hao, then shook his head.

He didn't believe that Tang kid could take out something on the level of a divine medicine.

“What's wrong? You don't believe me!”

Tang Hao said coldly.

“Of course I don't believe it. This is a godly medicine. Although it's only a residue, it's not something that ordinary spiritual medicine can compare to.” The primordial chaos Dao master sneered.

“Kid, don't just talk. Take it out for me to see. If you can take out a better treasure, I'll call you Grandpa! What do you think?” The Daluo Swordmaster shouted.

“Is this true?”

Tang Hao looked at him and smiled.

“Of course, Who am I? How can the great sword venerable go back on his word?”

The Daluo Swordmaster patted his chest and said.

“Good! Then you're definitely going to call me Grandpa!”

Tang Hao teased.

“Woof! You brat, don't be too proud!” The Daluo Swordmaster raged.

“This kid's tone is not small!”

Dao master primordial chaos snorted again.

“I’d like to see what this kid can bring out!” The old man surnamed Ji sneered.

Everyone’s eyes fell on Tang Hao.

Tang Hao calmly raised his hand. A small Jade bottle appeared in his palm. It was not the one he had gotten from the nine elements mountain. It was just a small pill bottle.

“What is this?”

“Medicinal pill?”

Everyone was confused.

This was a bottle used to store pills. Could it be that this kid took out pills?

What a joke!

What kind of pill could attract this immortal spirit more than divine medicine? This was simply impossible.

“Hahaha! Kid, You must be joking!”

The Daluo Swordmaster burst out laughing.

The other old monsters also laughed in low voices. They looked at Tang Hao with mocking and disdainful eyes.

However, in the next moment, the laughter stopped abruptly.

Their expressions changed drastically in an instant.

“What ... What is this aura?”

“Heavens! What a dense immortal Qi ... What’s inside?”

They cried out in shock, their faces filled with disbelief.

As the Jade bottle’s lid burst open, an extremely rich immortal Qi rushed out. They had never seen such pure immortal Qi!

The leaves of the spiritual Zoysia and the residue of the spiritual medicine were nothing in the face of this immortal Qi.

“This ... How is this possible?”

The Daluo Swordmaster and the others were even more stunned.

They never would have thought that this kid could actually take out such an inconceivable divine item.

“Not good!”

Their expressions changed drastically, and they were about to attack.

However, it was too late. The immortal spirit rushed out and pounced on the Jade bottle in Tang Hao’s hand.

“Good grandson, how are you?”

Tang Hao extended his hand and activated the moon scooping abhijna. He grabbed the immortal spirit and kept it quickly. Then, he smiled at the Daluo Swordmaster proudly.

“You little brat, you’re looking for death!”

The Daluo Swordmaster was about to explode from anger and his face turned green.

This was a great humiliation!

If he didn’t skin this kid alive, he swore he wasn’t a human.

He let out a furious roar, and his hair and beard all stood up. He opened his mouth and spat out a golden sword, which exploded with a terrifying aura and attacked.

The surging energy caused the entire abyss to tremble.

“Kid, hand over the celestial Spirit!”

“Do it! We can’t let him escape!”

At this moment, the primordial chaos Dao master and the others finally regained their senses and shouted anxiously.

“Good grandson, I’m leaving!”

Tang Hao was one step ahead of them. He shot into the sky and disappeared in the blink of an eye.

“Hahaha! Well done, Tang kid!”

“Hunyuan old man, you guys can’t do it! You can’t even beat a kid!”

The sect master and the old Daoist Qingzhu laughed out loud in a carefree manner.

They were all old rivals. Seeing this group of old bastards suffer, and at the hands of a junior at that, they only felt unspeakable joy.

They raised their hands in unison and smacked the four men's faces, delaying their movements so that Tang brat could escape a little further. Then, they also soared into the sky.

"Hahaha!"

His carefree laughter reverberated in the abyss.

Soon, they were far away, leaving the primordial chaos Dao master and his group standing there with ashen faces and extremely gloomy expressions.

If they had fallen into the hands of old man Qi Tian or Daoist Qing Zhu, they could still bear it. After all, they were of the same generation. However, they could not bear to fall into the hands of a little brat.

"Motherf * cker! That stinky brat dared to humiliate me. One day, I'll chop him into pieces with my sword!"

The Daluo Swordmaster snorted.

"We miscalculated! I've underestimated that kid!" Dao master Hunyuan was vexed.

They had thought that this trip was a sure win, but they had not expected that they would still be defeated by that kid in the end.

This feeling of grievance made him extremely uncomfortable.

"I underestimated the enemy!" The old man surnamed Ji sighed, "this kid's luck is not ordinary. Back then at the cyan Emperor mountain, he was already bestowed with an unparalleled treasure, true fire, and God spirit bone. At such a young age, his wealth is already quite abundant, not much inferior to us old monsters."

"Hmph! The more treasures this kid has, the better. When we kill him, they will all be ours." The Daluo Swordmaster raged.

"That kid is indeed quite capable! However, they can't beat us in the end. Brother Yuchi has already contacted several fellow Daoists, and Beichen has several fellow Daoists who are also interested in working together. That kid is dead for sure!"

War god Mountain Master snorted coldly, his eyes flashing with killing intent.

"Let's go!"

After venting their anger for a while, they took the immortal vein below and left resentfully.

On the other side, after Tang Hao rushed out of the abyss, he tore open the void a few times and returned to the equal heaven courtyard as fast as he could.

Tang Hao heaved a sigh of relief when he landed on the main peak.

After entering the equal heaven courtyard, he was protected by a great formation, and those old monsters couldn't do anything to him.

"Well done, Tang kid!"

"Hahaha! Beautiful!"

In a short while, the sect master and Daoist Qingzhu returned.

The two of them laughed heartily and were extremely carefree.

They didn't ask Tang Hao what was in the Jade bottle. It was a private matter, after all.

"It's a pity that I didn't dig out the immortal Meridian!"

Tang Hao said regretfully.

"Hey! It's just an immortal vein, and there aren't any high-grade immortal jades in it, so it's not of much use to us. As long as we get the immortal spirit, we'll make a profit this time." The headmaster laughed.

"Come! Divide the celestial Spirit!"

Tang Hao took out the immortal soul and split it among the three of them.

Tang Hao consumed the pill after he returned to his cave abode. His cultivation base and strength increased by a large margin after he absorbed the pill.
