

## The Mightiest Little Peasant Chapter 1579

“Returning origin sea, serene sky Mountain ...”

Tang Hao mumbled, his brows furrowed.

In these two places, the split soul sensed the traces of The Map of Heaven and earth. The old Taoist of Hunyuan and the others had appeared in these two places, as if they were looking for something.

Tang Hao had no idea what it was.

The clone had asked around, but there were no clues.

He told the news to the two elders, and the two elders' expressions changed, as if they thought of something.

“Guiyuan sea, Tianyou mountain, I've heard of these two places. In Donglin, these two places are quite famous because they are both related to one person. That person is very famous in Donglin's history!”

Daoist Qingzhu said as he stroked his beard.

“Oh? Who are they?”

Tang Hao wasn't from Donglin, so he wasn't as familiar with Donglin's situation as these two.

The headmaster said, “In the history of Donglin, there have been many venerable sovereigns. There are a total of seven. You must have heard of the Qing Emperor. He is quite an ancient figure. He is the oldest venerable sovereign.”

“10000 years ago, Donglin had another person who called himself heaven reverse. This person's talent was unparalleled and he was the top in Donglin. When he was young, he studied at the Tian you mountain ...”

“After that, he also went to the Guiyuan sea and left behind many legends.”

“Therefore, the Taoist of Hunyuan and the others must be looking for the treasures of the heaven reverse Emperor.”

Tang Hao was shocked when he heard that.

“It's a treasure of a venerable sovereign!”

Anyone who could be called an Emperor was a 7th or 8th tribulation ancient Almighty, and each of them was an unparalleled figure.

This man who called himself heaven reverse must be a peerless figure!

The headmaster said, "it is said that the Emperor of heaven reverse left a treasure in Donglin. It is his most famous weapon, the heaven reverse divine spear. This spear is an 8th tribulation weapon. It is extremely powerful. Even the sky blood spear from the war god mountain can not compare to it."

"They must be looking for this gun. It must be that old man from war god mountain's idea!"

"A gun?"

Tang Hao's eyes brightened. He had given the heaven's equal stick to his clone, and he was in need of a suitable weapon. Moreover, that big stick was at most a seventh tribulation weapon, which was not comparable to an eighth tribulation weapon.

"Then we have to hurry up and snatch the godly spear!" Tang Hao said.

"Good! I'll do some research and see if there's any possibility of that divine spear."

The headmaster nodded.

Three days later, the three of them set off to all corners of Donglin in search of the spear.

They went to several places in a row, but they all came up empty. There was nothing.

After missing for the fifth time, Tang Hao made a discovery.

The split soul in the Guiyuan sea sent him a message. The group of old men had appeared again and were searching the Guiyuan sea.

"Why are we back at the Guiyuan sea?" Tang Hao was confused.

Previously, the group of old men had searched the Guiyuan sea but had found nothing, so they had left. They hadn't expected to return a few days later and continue searching the Guiyuan sea.

"Could it be ... The divine spear is there?"

Tang Hao guessed.

"You don't say, that's really possible!" After the sect master heard this, she said excitedly, "actually, many people have searched for this gun in the past and listed many possible locations. The Guiyuan sea is the most likely location."

"The Guiyuan sea is the biggest ocean in Donglin. It's deep and vast. Countless ferocious beasts live in it. Even a Saint can't search the entire Guiyuan sea."

"Who knows how many treasures are hidden in the depths of the sea! They must've searched everywhere but couldn't find it, so they returned to the Guiyuan sea."

"So, if there really is a gun, it's most likely in the Guiyuan sea?" Tang Hao said after some thought.

“Right! We’ll go to the Guiyuan sea and wait for them. When they find something, we’ll take their treasures and take revenge for what happened last time!” The headmaster said excitedly.

“Good idea!”

Daoist Qingzhu was also excited.

They had been tricked the last time, and they still remembered this grudge.

The three of them hurried to the Guiyuan sea and landed on a deserted island.

“They’re over there ...”

Tang Hao pointed in a direction.

According to the senses of the split soul, the opponents were still the same four people. They were flying back and forth on the surface of the sea, releasing their divine sense to explore the bottom of the sea.

There were many ancient ferocious beasts living at the bottom of the sea. Some of them had even lived for tens of thousands of years. It was extremely dangerous, and even they did not dare to go deep into it.

Tang Hao and the others waited. The two elders took out all sorts of formations and treasures to conceal their auras to avoid being discovered.

The old Daoist of Hunyuan and the others had passed by this Island several times, but they had not found it.

They did not expect Tang Hao and the others to follow them and wait there.

He stayed there for two days.

Finally, the Taoist of Hunyuan and the others seemed to have made a discovery. They were pleasantly surprised. After they shouted a few times, the Taoist of Hunyuan took out the map of the universe and the four of them rushed in.

Then, The Map of Heaven and earth moved and disappeared into the sea.

“It seems like we’ve found it!”

Tang Hao opened his eyes when he received the message from the split soul.

There was a flash of light above his head, and his soul had already left his body.

“I’ll go down, I’ll leave this place to you two!”

Tang Hao turned around and headed toward the surface of the sea. He turned into a beam of light and dove into the sea.

At the same time, several other souls dived into the sea from all directions.

As a soul body, the hollow spirit was extremely fast. It was more convenient to move in the sea than in the body, which was why Tang Hao chose to use astral projection to escape into the sea.

He concealed his aura and went down.

The ocean was so deep that they couldn't see the bottom even after diving for more than ten minutes.

Tang Hao did not dare to speed up, for fear of attracting the attention of the old monsters.

After a while, they finally reached the bottom. Tang Hao looked around but did not find any trace of the old Daoist of origin and the others.

"Where did he go?"

Tang Hao was confused.

After taking a closer look, he found a Rift Valley that was so deep that he couldn't see the bottom.

"I'm afraid we'll have to go down!"

Tang Hao thought to himself. He brought the split soul into the rift Valley and continued down.

After diving for a while, there was a rumbling sound. The sea water was turbulent, as if a great battle had broken out below.

"Bastard! Surrender!"

"Old flood Dragon, don't blame us for being impolite. Today, I'll peel off your skin and refine your flesh, blood, and inner core into a pill!"

Indistinctly, a furious roar could be heard.

Tang Hao narrowed his eyes. His gaze pierced through the seawater and saw the situation at the bottom of the Rift Valley.

There was an unimaginably huge flood Dragon with a shocking aura. It was also a Saint level Dragon, and it was fighting fiercely with the four people.

"Hmph! You bunch of little kids, you dare to break into my nest, I think you are the ones who don't have eyes, see if I don't swallow you!"

The flood Dragon spoke in the human language, and its baleful aura was shocking.

His huge body shook, stirring up furious waves. At the same time, wisps of golden lightning flashed on his scales, giving him a terrifying aura.
