

The Mightiest Little Peasant Chapter 1583

“Hahaha!”

A burst of hearty laughter came from the sea.

“I’ve avenged my great enmity! That’s great!”

The two elders laughed out loud.

Tang Hao also smiled happily. He had gained a lot from this trip. After subduing the spear, his combat power had increased by several times. In a one-on-one fight, the old monsters were basically no match for him.

He seemed to have thought of something, and with a wave of his hand, a soul came out of the sea. It was the split soul that had plundered the flood Dragon’s Nest.

“Fellow Daoist! I’m rich!”

The split soul was grinning from ear to ear, extremely excited.

Tang Hao took the bag and opened it. He was dazzled by the blinding light.

“Hurry up and leave!”

He kept the bag, called out to the two elders, and left in a hurry.

The two elders were stunned for a moment before quickly coming to a realization.

“You didn’t Rob that old flood Dragon’s Nest, did you, kid?” The headmaster said in disbelief.

“Cough, cough! I only took a little, really just a little. ” Tang Hao’s eyes flickered. He felt guilty.

At this time, the old flood Dragon’s angry roar came from far behind.

“Which bastard emptied my lair!”

“Don’t let me find you, or I’ll skin you alive!”

Tang Hao’s expression froze. He felt awkward.

“Hahaha!”

The two elders laughed and continued, “what are you waiting for? run!” That old flood Dragon is quite powerful and has lived for at least seven to eight thousand years. He’s one of the few old monsters of the untainted land. ”

The three of them increased their speed and disappeared in a flash.

After returning to the courtyard, Tang Hao took out some of the treasures and gave them to the people there. After all, the heaven-equal courtyard was facing a great threat right now, and he had to increase the strength of the elders and disciples.

The three of them were satisfied.

This time, not only did they get their revenge, but they also obtained so many treasures.

“After this, I think they will be more cautious. It will be very difficult for them to do it again!” Tang Hao said.

“I think so too!” Daoist Qingzhu nodded. “That Hunyuan old man is very cunning. They were too careless this time and did not expect us to attack.”

“That’s true!” The headmaster said. Next, let’s look for our own. During this time, I’ve also sorted out a lot of clues. Let’s look for them one by one.”

Two days later, the three of them set off.

They rushed to various places on planet Dong Ling, searching for dangerous places and excavating ruins. They found many things and gained a lot.

However, they were all ordinary treasures. None of them could compare to the celestial Spirit. The fighting heaven divine spear was not of much use to the three.

One day, the three of them went deep underground and came to an underground river.

This was a famous forbidden land in Donglin, the river of Hades.

It was said that this River stretched endlessly, from the surface all the way to the underground netherworld. No one had ever reached the end of it.

“This place is very dangerous. The deeper you go, the more dangerous it gets. Look, this water is not ordinary. It is the most poisonous water in the world. It is filled with all kinds of filth. It is also called netherworld water. It is extremely corrosive. Even if you are Dao pursuing or Dao severing, once you fall into it, your soul will be corroded.”

“We, who are at the celestial tribulation stage, are not afraid. But once you fall down, it’s also quite unbearable. Just the smell alone is enough to make you suffer!”

The sect master introduced them to Tang Hao.

The three of them took out a small boat, suspended on the river, and flew down.

It was pitch-black all around, and he could occasionally see a few specks of light, all coming from the underground vegetation.

“There are many evil spirits in this place. For example, there are Yin corpses of all realms. There are even Saint level corpses. They have been hiding here for tens of thousands of years and are extremely powerful.”

“However, it is precisely because of this special environment that many rare treasures are born here. There are still many people who are willing to take the risk and come here to search for treasures.”

“Many of them have died here, including some well-known experts. The man we’re looking for is called the pure yang immortal venerable. He’s been here for about 20000 years, and his cultivation base is around the 5th tribulation. He was a famous figure in the ancient times.”

“It’s said that this pure yang immortal venerable was surrounded by his enemies and was seriously injured. After breaking out of the encirclement, he fled here and has never appeared again.”

“After that, his enemies came here to find him, but they couldn’t find him. However, they concluded that the pure yang immortal venerable must have died in the netherworld River. Therefore, the death of the pure yang immortal venerable became a mystery.

“In the future, countless people came here to find the relics of this pure yang immortal venerable.”

Tang Hao nodded when he heard that.

As they went deeper and deeper, a white fog began to appear in the surroundings, which was extremely corrosive.

The three of them opened up a light barrier to block the mist.

Tang Hao noticed that many rare spirit herbs had started to appear on both sides of the river.

“That’s the netherworld ghost-faced flower ... It’s a very rare spiritual herb!”

“That’s the netherworld ghostly banner!”

Tang Hao exclaimed in surprise every now and then.

He stretched out his hand and used the moon scooping ability to easily pick these spirit herbs and put them into his bag.

As they flew, more and more spirit herbs appeared.

“Ordinary people can’t come here. Only we, the immortal tribulation stage, can come here. That’s why there are so many spiritual herbs here.” The headmaster said.

He also took action and helped to pick them.

In addition to spirit medicine, there were times when they would encounter precious medicine, which was considered a pleasant surprise, and they were all collected by the three.

There were also many Yin corpses, but none of them were Saint level. The three of them were not afraid and charged over.

The deeper they went, the stronger the yin corpse became.

At the back, a sacred level Yin corpse appeared. It was covered in purple hair and had a shocking murderous aura.

However, the yin corpse did not make a move. It merely stood on the shore and observed them from afar for a while before leaving.

“Hurry up! Hurry up!”

“I think he’s most likely going to call for help!”

The two elders were a little nervous.

The three of them immediately sped up and rushed down.

The fog was getting thicker and thicker. The three of them released their divine senses but couldn’t see too far away.

They had searched both banks and the river. After all, no one knew where the pure yang immortal venerable had died. If they missed him, they would have made a wasted trip.

It was so quiet that it was a little creepy.

The three of them were a little anxious. They looked around but did not find a single corpse.

Kachaa! Kachaa!

Deep down the river, a strange sound began to come. The three of them knew that it must be the yin corpses.

“Let’s keep looking. If we still can’t find him after 15 minutes, we’ll leave!”

The headmaster said.

“Alright!” Tang Hao and the old Daoist Qingzhu responded.

After a while, the cracking sounds grew closer and closer. Several figures appeared downstream, all of them covered in violet fur, and emanating a murderous aura.

“Seven! Motherf * cker! Did they all come?”

The three of them took a closer look, and their expressions changed.

There were a total of seven Saint-level Yin corpses!

Even the three of them had to be wary of such strength.

“What do we do? Are you leaving or not?”

Daoist Qingzhu shouted.

“Go! We’re facing a great enemy, and the old Daoist Hunyuan and the others are all eyeing us covetously. Who knows when they’ll attack the heaven-equal Department? it’s not good to hurt our vitality here. ” The headmaster said decisively.

“Wait! I have a way, let me go over and check it out!”

Tang Hao suddenly shouted.

He still had some ways to deal with things like Yin corpses.
